in the million strong army of modern India But who are the Gurkhas How much of the myth that surrounds them is true

and the British Empire Their special aptitude meant they were used as the first British Special Forces Bellamy looks at the
wars the Gurkhas have fought this century from the two world wars through the Falklands to Iraq and Afghanistan and
examines their remarkable status now when each year 11 000 hopefuls apply for just over 170 places in the British Army

date and explores their future [Australia - Culture Smart!](#) Barry Penney,Gina Teague,Culture Smart!,2016-02-01 Australia
is different a vast island continent with distances so great that the capital of Western Australia is closer to Singapore than it
is to Sydney The landscape embraces magnificent tropical rainforests and deserts the size of several European states
temperate areas that sustain a flourishing wine industry making Australia the world s fourth largest wine exporter a sixteen
thousand mile coastline of breathtaking beaches and its unique fauna is testament to the country s down underness

Indigenous Australians have inhabited the continent for more than fifty thousand years yet European settlement is just over two hundred years old. Since the end of the Second World War the country has opened its doors to a hugely diverse immigrant population and slowly shaken off the mantle of British influence transforming what was perhaps one of the dullest nations into one of the most stimulating. The Australians' old settler mentality regarding themselves as battlers and embarrassed by their lack of sophistication has given way to a new national confidence. The achievements of Australia's artists, sportspeople, entertainers, scientists and businesspeople put them on the global stage. Despite the diversity of ethnicities there is a pervasive homogeneity among Australians, a generosity of spirit and a forthrightness sometimes disarming for the visitor. A sense of fairness and equality is valued as is the ability not to take oneself too seriously. Culture Smart Australia introduces you to a young nation with one of the world's highest standards of living where people work to live in order to enjoy a lifestyle that many across the globe covet and in which Australians take great pride and don't mind telling you about.

Bhutan - Culture Smart! Karma Choden, Dorji Wangchuk, Culture Smart!, 2018-02-01. The tiny Kingdom of Bhutan at the eastern end of the Himalayas nestles between the giant nation states of China and India. Often called the Land of the Thunder Dragon, it remained secluded until recent times. The first ever tourist set foot in Bhutan in 1974 and was followed by the introduction of television and new technology at the turn of the 21st century. In 2008 Bhutan became the world's youngest democracy moving from an absolute to a constitutional monarchy in a historic change initiated by the revered and much loved Fourth King, Jigme Singye Wangchuck. A sovereign country throughout the ages, Bhutan is now establishing its place on the world stage and demonstrating leadership on climate and environmental issues. It is determined to maintain its Buddhist culture and way of life as it evolves and adapts to political change and economic challenges. Its unique development policy of Gross National Happiness, which measures progress not through material gain but on a happiness scale, is generating global interest.
