The ultimate reference guide on the subject of Danelectro Instruments by noted collector and authority Doug Tulloch.

Tracing the company's humble beginnings in 1946 through their much deserved rise to success through the 1960's up to their too early demise in 1969 this book closely examines one of the most successful and innovative instrument companies in the world. Includes a revealing look at company founder Nathan I. Daniel, studio musician and company designer Vincent Bell, company history including patents and innovations, detailed instrument specifications, dating and ID, rare prototype instruments, famous Dano' players, many never before seen photographs, exclusive interviews, huge vintage print advertising section, hard to find amplifier schematics, and the most accurate and complete vintage Danelectro price guide ever compiled. Nathan I. Daniel and the Danelectro company provided innovative affordable musical instruments to the masses. Today they are sought out by both player's and collector's alike. The most comprehensive book ever written on the subject of Danelectro instruments.
