This section invites us to discover and appreciate how God, through prophets and other leaders, gave help and guidance to the people of Judah. As we study these people, we will see God's hand at work in their lives, just as he is at work in our lives and all human affairs. Enduring Beliefs of the Christian Faith: Exodus, Psalms, The Gospels, Acts, Romans 1 and 2, Corinthians, Ephesians 2, Timothy 1, John, Revelation. This section encourages us to meditate on the fundamental beliefs of the Christian faith. This study will show us that God has revealed his grace and mercy. As a result, God's people are called to live by his standard, a standard that is often countercultural. Social Teachings of the Church: Genesis, Exodus, Deuteronomy, Nehemiah, Isaiah, Daniel, Jonah, Psalms, The Gospels, Acts, Romans 1, Corinthians, Galatians, Ephesians, Hebrews 1, Timothy 2, Thessalonians, James. This section contemplates a kingdom perspective regarding our responsibilities, relationships, and commitments. The Golden Ticket Irena Smith, 2025-07-30 What do we as parents really mean when we say we want the best for our children Irena Smith tackles this question from a unique vantage point as a former Stanford admissions officer a private Palo Alto college counselor and a mother of three children who struggle to find their place in the long shadow of Stanford University Written as a series of responses to actual college essay prompts this witty raw memoir takes the reader from the smoke filled lobby of the Hebrew Aid Society in Rome where Irena

and her parents await asylum with other Soviet refugees in 1977 to the overpriced house she and her husband buy in Palo Alto in 1999 to the hushed inner sanctum of the Stanford admissions office Irena grows a successful college counseling practice but struggles to reconcile the lofty aspirations of tightly wound competitive high school seniors and their anxious parents with her own attempts to keep her family from unraveling as one by one her children are diagnosed with autism learning differences depression and anxiety And although she doesn't initially understand her children or how to help them she will not stop stumbling and learning until she figures it out The Golden Ticket opens a much needed conversation about extreme parenting the weight of generational expectations and what happens when Gen X dreams meet unexpected realities It's a sharp eyed depiction of hard won triumphs and of the messy challenging parts of parenting you won't see on Facebook or Instagram Above all it's an invitation to embrace a broader more generous definition of success

Maya 1B42L8 1B42L8, 2025-08-30 In deep space dashboards promise certainty But illusion power and betrayal fracture the crew Maya asks when numbers fall silent will perception and beauty be enough to guide us Maya is a science fiction novel about reality and its distortions About the dashboards we build to measure the universe and how those same instruments shape our perception of it A mining crew a silent ship and the illusions of certainty On the edge of deep space Maya awakens into a mission where data smooths away anomalies and survival means deciding which numbers to believe Beneath the dashboards lie questions of fracture and betrayal and a chance to remember what perception asks of us when numbers fall silent The SciFi novel Maya explores the tension between technology perception and the human search for meaning It combines the precision of hard science fiction with a philosophical depth that asks readers to reconsider how they see reality itself At its core Maya belongs firmly to ScienceFiction drawing readers who appreciate the rigor of exploration and survival in deep space The novel engages with Philosophy weaving ideas of illusion perception and consciousness into the fabric of its story Set against the backdrop of

SpaceExploration a mining crew journeys across distant worlds confronting both planetary hazards and the illusions of certainty The presence of ArtificialIntelligence a captain that embodies corporate logic and unexpected insight anchors the narrative in questions of trust and control Themes of Illusion and Alienation run throughout dashboards smooth reality into numbers while the crew becomes estranged not from aliens but from themselves These distortions frame the larger questions of how we know what is real The novel turns toward Perception and Consciousness as its compass points reflecting traditions from analytic idealism to non dual philosophy the world is not what it seems but what attention reveals Human drama drives the conflict Power manifested through greed ego and survival instinct shapes the crew s decisions pulling them into fracture and betrayal Against this the theme of Beauty emerges as quiet counterweight not luxury but a moral compass guiding the possibility of remembering what lies beyond the dashboard Maya speaks both to lovers of speculative science and to readers drawn to reflection offering a novel that measures not only distance through space but the fragile depths of perception itself
