Rawnsley, Yiben Ma, Gary D. Rawnsley, 2025-08-19 The new second edition of this successful Handbook explores the growing and evolving field of Chinese media, offering a window through which to observe multi-directional flows of information, culture, and communications within the contexts of globalisation and regionalisation. Bringing together the research of an international and interdisciplinary team, providing expert analysis of the media in China, Hong Kong, Taiwan, and Macau, as well as among other Chinese communities, this new edition highlights how new social, economic, and political forces have emerged to challenge the production and consumption of media outputs. Reveals how the growing prevalence of social media, such as WeChat and TikTok, continues to blur the boundary between online and offline, allowing state institutions to interfere in the lives of their users and civil societies to mobilise and articulate their interests and grievances. Outlines how the development of new communications technologies and their use by political and economic actors, journalists, civil societies, and diaspora communities contribute to the complex, multi-directional flow of information, culture, and communications in the twenty-first century. Contributing to the growing and evolving field of Chinese media studies, this Handbook is an essential and comprehensive reference work for students of all levels and scholars in the fields of Chinese Studies and Media Studies. **Flip Turns** Catherine Arguëlles, 2022-09-13 After 13-year-old Maddie tells Lucas she doesn't want to date him, a string of vandalism breaks out at her family's community pool.
