If you're a manager, an executive, or an entrepreneur, you understand that your business is unique with its own challenges and rewards. But thanks to the new science of the Business Genome process, you'll be surprised to see how many businesses share a similar genetic structure. And by understanding what works and what doesn't for your business's genomic type, you can play to your strengths, adapt to your weaknesses, and change the course of your company's future.

Business Genome project creator Andrea Kates calls it Find Your Next, a field-tested, customized blueprint for mapping out your business DNA in four powerful steps:

This high-impact, transformative guide walks you through every step of the process, combining intuition and experience with statistical data and fascinating case studies.
