Black Friday Compare Tutorial:

Video Games and American Culture Aaron A. Toscano, 2019-12-12 Digital media are immersive technologies reflecting behaviors attitudes and values The engrossing entertaining virtual worlds video games provide are important sites for 21st century research This book moves beyond assertions that video games cause violence by analyzing the culture that produces such material While some popular media reinforce the idea that video games lead to violence this book uses a cultural studies lens to reveal a more complex situation Video games do not lead to violence sexism and chauvinism Rather Toscano argues a violent sexist chauvinistic culture reproduces texts that reflect these values Although video games have a worldwide audience this book focuses on American culture and how this multi billion dollar industry entertains us in our leisure time and sometimes at work bringing us into virtual environments where we have fun learning fighting discovering and acquiring bragging rights When politicians and moral crusaders push agendas that claim video games cause a range of social ills from obesity to mass shooting these perspectives fail to recognize that video games reproduce hegemonic American values This book in contrast focuses on what these highly entertaining cultural products tell us about who we are *Video Data Analysis* Anne Nassauer, Nicolas M. Legewie, 2022-03-17 Nominated for the Ludwik Fleck Prize awarded annually to an exemplary book in Science and Technology Studies that contributes to the global STS community Nominated for the Robert K Merton Book Award this is awarded annually in recognition of an outstanding book on science knowledge and or technology Video data is transforming the possibilities of social science research Whether through mobile phone footage body worn cameras or public video surveillance we have access to an ever expanding pool of data on real life situations and interactions This book provides a flexible framework for working with video data and understanding what it says about social life With examples from a range of real video research projects the book showcases step by step how to analyse any kind of data including both found and generated videos It also includes a non technical discussion of computer vision and its opportunities for social science research With this book you will be able to Complete each step of the research process fully and efficiently from data collection to management analysis and interpretation Use video data in an ethical and effective way to maximise its impact Utilise contemporary technology and accessible platforms such as YouTube Twitter Tik Tok and Facebook This book is an ideal toolkit for researchers or postgraduate students across the social sciences working with video data as a part of their research projects Accessible and practical is written for qualitative and quantitative researchers newcomers and experienced scholars Features include interactive activities for different skill levels and what to read next sections to help you engage further with the research mentioned in the book [The Business of Media Distribution](#) Jeff Ulin, 2012-12-06 This book focuses on market opportunity and segmentation intellectual property assets enabling financing production theatrical distribution the home video business television distribution internet distribution ancillary revenues marketing and making money net profits Hollywood accounting and the relative simplicity of online revenue sharing **A Mental Health**

Provider's Guide to Telehealth Jonathan G. Perle,2021-03-31 This book works as a guide to videoconferencing practice for psychological providers through a broad simplified and practical overview of pertinent factors It is a consolidation of research literature and professional experiences of practicing teaching and studying videoconferencing It begins by defining key concepts such as telehealth telepsychology and other related terminology and examining the role of telehealth in addressing ongoing mental health disparities An overview of existing videoconferencing practices guidebooks and general recommendations as well as specifics of ethical and legal factors are discussed The book then details numerous essential factors of videoconferencing practice that are directly applicable to psychological care including considerations of computer system video camera display screen microphone videoconferencing platform bandwidth and latency and room setup along with self care practices The appendices provide readers with links to resources checklists and other documents to guide their practice Psychologists counselors and other mental health providers will find this user friendly research informed guide indispensable when implementing online treatment and teletherapy

Match Mentality Ben Stoeger,2024-06-04 Match Mentality isn't just about shooting it's about the preparation and the complicated feelings emotions and physiological changes that will occur during a competition Technical training and talent go a long way in shooting sports but mental fortitude visualization and a competitive mindset are the key factors that will enable you to carry through and actually win The simple fact is that practical shooting matches are more than a test of your technical shooting ability They assess the professionalism of your preparation Ben Stoeger the United States Practical Shooting Association National Champion and International Practical Shooting Confederation World Champion demonstrates how to develop a stage plan memorize it execute it and on a deeper level how to deal with pressure Honing these skills the mental game of shooting is what Match Mentality is all about
