The Meaning of Video Games Steven E. Jones,2008-04-11 The Meaning of Video Games takes a textual studies approach to an increasingly important form of expression in today s culture It begins by assuming that video games are meaningful not just as sociological or economic or cultural evidence but in their own right as cultural expressions worthy of scholarly attention In this way this book makes a contribution to the study of video games but it also aims to enrich textual studies Early video game studies scholars were quick to point out that a game should never be reduced to merely its story or narrative content and they rightly insist on the importance of studying games as games But here Steven E Jones demonstrates that textual studies which grows historically out of ancient questions of textual recension multiple versions production reproduction and reception can fruitfully be applied to the study of video games Citing specific examples such as Myst and Lost Katamari Damacy Halo Fa ade Nintendo s Wii and Will Wright s Spore the book explores the ways in which textual studies concepts authorial intention textual variability and performance the paratext publishing history and the social text can shed light on video games as more than formal systems It treats video games as cultural forms of expression that are received as they are played out in the world where their meanings get made

The Redshirt Corey Sobel,2020-10-13 Finalist for the Center for Fiction s First Novel Prize IPPY Gold Medal for LGBT Fiction Selected for NPR s Books We Love LitHub s Best Books of 2020 You Might Have Missed Foreword Reviews Editor s Pick and Book of the Day Roundup 10 Things to Tell You s Best Book of the Year Corey Sobel challenges tenacious stereotypes in this compelling debut novel shedding new light on the hypermasculine world of American football The Redshirt introduces Miles Furling a young man who is convinced he was placed on earth to play

football Deep in the closet he sees the sport as a means of gaining a permanent foothold in a culture that would otherwise reject him Still Miles s body lags behind his ambitions and recruiters tell him he is not big enough to compete at the top level His dreams come true when a letter arrives from King College The elite southern school boasts one of the best educations in America and one of the worst Division One football programs King football is filled with obscure ignored players like Miles which is why he and the sports world in general are shocked when the country s top recruit Reshawn McCoy also chooses to attend the college As brilliant a student as he is a player the intensely private Reshawn refuses to explain why he chose King over other programs Miles is as baffled as everyone else and less than thrilled when he winds up rooming with the taciturn Reshawn Initially at odds with each other the pair become confidants as the win at all costs program makes brutal demands on their time and bodies When their true selves and the identities that have been imposed on them by the game collide both young men are forced to make life changing choices Commerce Business Daily ,1998-11 **Computer Gaming World**

,2002 *A Hacker, I Am* Craig Ford,2019-09-07 This book is not your normal cybersecurity book it s not meant to be read from front to back chapter by chapter you open it up and pick which chapter piques your interest the most and read that one first Then choose your next one and read that and continue the process until you have finally read all of them You may have enjoyed them enough to go back and read your favourites again or you may prefer the last two fantasy chapters at the end of the book These were created to introduce you to the future hacker fantasy series that is currently being written and give you my readers a bit of a fun finish to A Hacker I Am By all means though if you want to stick to the old fashioned method of reading a book knock yourself out and read it from the front to the back hey you bought the book you should be able to read it however you want too This book is a collation of previous work rewritten and adapted for this book I have then written a lot of new content just for the book including those fantasy book teasers which I hope you all enjoy The book as you would have probably guessed it by now is all about Cyber Security but it s not written to be overly technical it s written so that it can be understood by anyone who wants to learn more about how to better protect themselves It covers many topics in cybersecurity including IoT autonomous cars hackers and many more that I have an opinion on This book will be great at helping introduce individuals to the area and help them get a better understanding of what to look out for what problems we are all going to face in the future but also have a bit of fun while we are at it Or if you are already in the industry then it will be still an entertaining read that can help give you a different perspective on a few things The Olympic Games Effect John A.
