Literature and the Rise of the Interview Rebecca Roach, 2018-11-21 Today interviews proliferate everywhere in newspapers on television and in anthologies as a method they are a major tool of medicine the law the social sciences oral history projects and journalism and in the book trade interviews with authors are a major promotional device We live in an interview society How did this happen What is it about the interview form that we find so appealing and horrifying Are we all just gossips or is there something more to it What are the implications of our reliance on this bizarre dynamic for publicity subjectivity and democracy Literature and the Rise of the Interview addresses these questions from the perspective of literary culture The book traces the ways in which the interview form has been conceived and deployed by writers and interviewing has been understood as a literary critical practice It excavates what we might call a poetics of the interview form and practice In so doing it covers 150 years and four continents It includes a diverse rostrum of well known writers such as Henry James T S Eliot Ezra Pound Djuna Barnes William Burroughs Philip Roth J M Coetzee and Toni Morrison while reintroducing some individuals that history has forgotten such as Betty Ross Queen of Interviewers and Julian Hawthorne Nathaniel s profligate son Together these stories expose the interview s position in the literary imagination and consider what this might tell us about conceptions of literature authorship and reading communities in modernity

The Classical Review ,1889 The Jewish Quarterly Review ,1899 **Gentleman's Magazine and Historical Review** ,1882 WORLD: The Great Wall Of Publishing An Entrepreneurial Analogy SHEILA SHAW ,2025-03-26 The Great Wall of Publishing An Entrepreneurial Analogy Just as the Great Wall of China stands as a testament to human ingenuity and perseverance the journey of an independent author entrepreneur in the publishing industry is a monumental undertaking that requires vision strategy and unwavering determination⁵ Imagine your publishing venture as a vast interconnected structure akin to the Great Wall You the author entrepreneur are the emperor overseeing the construction and maintenance of this grand edifice Your parent company is the imperial court the central authority from which all decisions and resources flow⁷ Each watchtower along your publishing wall represents a subsidiary or role you must manage The Author s Tower This is where creativity flourishes and your literary works are crafted The Editor s Fortress A stronghold of quality control ensuring your content is polished and refined The Designer s Pavilion Where your book s visual identity takes shape from cover art to interior layout The Marketer s Beacon A signal fire that attracts readers from far and wide The Distributor s Gateway The point where your book embarks on its journey to reach readers Each of these towers functions as its own business unit much like how Victoria s Secret and Bath

Body Works operated under the L Brands umbrella³⁷ They are distinct entities with specialized functions yet all contribute to the overall success of your publishing empire As the emperor of this literary kingdom you must wear many hats switching roles as you move from tower to tower One moment you're the visionary author the next a meticulous editor then a savvy marketer This multifaceted approach mirrors the entrepreneurial spirit that drives successful self-published authors⁶⁸ Your subsidiaries can be viewed as contracted freelancers or specialized departments within your empire The editor might be an independent contractor while your design team could be a small agency you collaborate with regularly Your distribution arm might leverage platforms like Amazon KDP acting as a vital partnership in your business model¹⁴ Remember like the Great Wall your publishing venture is not built in a day It requires continuous effort adaptation and expansion Each book you publish is a new section of the wall extending your reach and influence in the literary landscape As you stand atop your Great Wall of Publishing surveying the vast territory of the book market take pride in the empire you've built Your ability to seamlessly transition between roles manage diverse subsidiaries and maintain a cohesive vision is what sets you apart in the world of independent publishing⁹ In this ever-evolving industry your adaptability and entrepreneurial spirit are your greatest assets Like the Great Wall which has withstood the test of time your publishing venture can become an enduring legacy a testament to the power of independent authorship and entrepreneurial determination *Kindergarten Review*, 1903

this volume uses the same survey data to make unique statements about gender intersectionality popular fiction and popular culture By using a common data set but approaching it from different perspectives this unique volume is able to apply multiple methodologies to the same subject *Steampunk Film* Robbie McAllister,2019-03-07 *Steampunk Film A Critical Introduction* is a concise and accessible overview of steampunk s indelible impact within film and acts as a case study for examining the ways with which genres hybridize and coalesce into new forms Since the beginning of the 21st century a series of high profile and big budget films have adopted steampunk identities to re imagine periods of industrial development into fantastical histories where future meets past By calling this growing mass cultural fetishism for anachronistic machines into question this book examines how a retro futuristic romanticism for technology powered by cogs pistons and steam engines has taken center stage in blockbuster cinema As the first monograph to consider cinema s unique relationship with steampunk it places this burgeoning genre in the context of ongoing debates within film theory each of which reflecting the movement s remarkable interest in reengineering historical technologies Rather than acting as a niche subculture Robbie McAllister argues that steampunk s proliferation in mainstream filmmaking reflects a desire to reassess contemporary relationships with technology and navigate the intense changes that the medium itself is experiencing in the 21st century
