Science Experiments Update:

Headline News, Science Views National Research Council, National Academy of Sciences, Frank Press, 1991-02-01
Many Americans want information on how to eat a healthier diet clean up the environment or improve their children's education Yet all too often people lack the time or background to read scientific reports for answers to these questions Now scientists and nonscientists alike will enjoy Headline News Science Views a collection of easy to read short articles on many of today's most important issues These readable essays are written by some of the country's leading scientists engineers physicians and other experts The authors discuss intriguing issues in language that is understandable and compelling without jargon Celebrity Bill Cosby contributes an essay on Getting the Facts Straight About Science Television journalist Hugh Downs asks Who Owns Antarctica Readers learn the many ways in which science and technology affect their daily lives This volume makes groundbreaking scientific achievement accessible fascinating and fun Bridging the gap between the experts and the public it is a must read for anyone concerned about the future **British Science News**, 1947 **Forest Science Research and Scientific Communities in Alaska** Max G. Geier, 1998 **Social Science Research and Government** Martin Bulmer, 1987-02-26 This collection of twenty original essays considers the relationship between social science research and government during the last 30 years in Britain and the United States especially the economic and social policies of Reagan and Thatcher governments These essays will be useful to social science staff graduate students and to policy makers working inside government **Issues in Biological and Life Sciences Research: 2013 Edition**, 2013-05-01 Issues in Biological and Life Sciences Research 2013 Edition is a ScholarlyEditions book that delivers timely authoritative and comprehensive information about Additional Research The editors have built Issues in Biological and Life Sciences Research 2013 Edition on the vast information databases of ScholarlyNews You can expect the information about Additional Research in this book to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Issues in Biological and Life Sciences Research 2013 Edition has been produced by the world's leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com> **Science Research Writing: For Native And Non-native Speakers Of English (Second Edition)** Hilary Glasman-deal, 2020-11-27 This book enables STEM researchers to write effective papers for publication as well as other research related texts such as a doctoral thesis technical report or conference abstract Science Research Writing uses a reverse engineering approach to writing developed from extensive work with STEM researchers at Imperial College London This approach unpacks current models of STEM research writing and helps writers to generate the writing tools needed to operate those models effectively in their own field The reverse engineering approach also ensures

that writers develop future proof strategies that will evolve alongside the coming changes in research communication platforms The Second Edition has been extensively revised and updated to represent current practice and focuses on the writing needs of both early stage doctoral STEM researches and experienced professional researchers at the highest level whether or not they are native speakers of English The book retains the practical user friendly format of the First Edition and now contains seven units that deal separately with the components of written STEM research communication Introduction Methods Results Discussion Conclusion Abstract and Title as well as extensive FAQ responses and a new Checklist and Tips section Each unit analyses extracts from recent published STEM journal papers to enable researchers to discover not only what to write but crucially how to write it The global nature of science research requires fast accurate communication of highly complex information that can be understood by all participants Like the First Edition the Second Edition is intended as a fast do it yourself guide to make both the process and the product of STEM research writing more effective

Social Science Research Ethics in Africa Nico Nortjé, Retha Visagie, J. S. Wessels, 2019-05-23 This book gives a voice to debates surrounding social science research ethics in Africa and brings them together in a coherent form to assist readers in being at the forefront of the discussions The book gives an overview of the importance of research ethics in social sciences as well as articulating the African influence on the subject matter Subsequently it looks into specific frameworks and tools that researchers can apply in the process of doing research Last but not least it also takes an in depth look at traditional ethical issues pertaining to research in social sciences through the lens of the African continent This is the first book on social science research ethics in an African context and an indispensable resource for researchers students policy makers and research institutions in or interested in African research ethics
