New Technologies and Emerging Spaces of Care Miquel Domènech, 2016-05-06 *New Technologies and Emerging Spaces of Care* provides the latest practice oriented qualitative research and innovative conceptual discussions of how health and health care systems are currently dealing with complex transformations and varied reforms Exploring and analysing the social and cultural impact of new technologies this book

examines the societal relevance of new technologies of care and the manner in which technological innovations configure and reconfigure institutionalized spaces of care. It addresses issues of social control, accountability, surveillance, and disciplining, diverging patterns of inclusion and exclusion, new relations and subjectivities of patients and care, the relation between private and public forms of care, and the practices and concerns generated by new technologies at the individual as well as the societal level. Presenting sophisticated theoretical discussions and detailed empirical case studies, *New Technologies and Emerging Spaces of Care* analyses, compares, and evaluates on a transnational level the role and impact of assistive technologies for elderly and disabled people on the concepts and practices of spaces of care. A critical understanding of contemporary practices of care that cuts through the growing conceptual barriers between social and medical models of care, this book will be of interest to those interested in new technologies, health care, and social space of care. Specifically, it will appeal to scholars of science and technology studies, medical sociology, and the sociology of the body, social inequality, and exclusion, health and care studies, gerontology, and disability studies. **Google Assistant** Vijay Kumar Yadav, 2023-04-14

When Google launched Google Assistant, Google envisioned a world in which you could control lights and thermostats with your voice, naturally communicate with your devices in multiple languages, and simplify your daily tasks with voice controls and proactive reminders. Fast forward to today, and every month more than 700 million people in over 95 countries and across 29 languages get things done reliably with their Assistant. As voice has become a primary way Google engages with technology, Assistant makes it easy to get things done across different devices, whether you're at home or on the go. Google Assistant is an easy way to use your phone and apps hands-free. Call, search, navigate, and more, all with your Google Assistant. Save time and get more done with a little help from Google. Set reminders and alarms, manage your schedule, look up answers, navigate, and control smart home devices, and much more, hands-free. In this book, you see 3 Parts: Start the Google Assistant, What you can ask, and Settings. You find in this book: Google Assistant on your phone, laptop, or tablet; Google Assistant at home; Google Assistant on your wearable watch and headphone; Google Assistant in your car, etc. Google Assistant is very easy. eBook for Android, iPhone, iPod. You can understand easily. This eBook is for everyone. [The New Urban Aesthetic](#)

Mónica Montserrat Degen, Gillian Rose, 2022-01-27. Shortlisted for the Jane Jacobs Urban Communication Book Award 2023. *The New Urban Aesthetic* explores how cities worldwide are being transformed and reconfigured by the twin forces of digital technologies and urban branding in the name of global capitalism. Both of these shifts entrain new sensory bodily experiences, and this digitally mediated reconfiguration of what cities feel like is what this book terms the new urban aesthetic. Focussing on major case studies of urban change from London to Doha, the book explores how different kinds of digital mediation play a central role in urban transformation, from smart city phone apps to social media interactions to computer-generated visualisations. The book reveals how different versions of the new urban aesthetic organize different sensory experiences of temporality and spatiality, leading to a new understanding of the way we experience cities today. *The New Urban Aesthetic* is

essential reading for researchers and students in urban studies architecture digital studies sociology and human geography
