

An illustration on a dark background showing several hands reaching towards books. At the top, a hand with dark skin reaches for a closed book. To the right, two hands with light skin reach out, with radiating lines around them. At the bottom right, a hand with dark skin reaches for an open book. Yellow starburst shapes are scattered around the hands.

**Erick Erickson, Bill Blankschaen**

## **Goodreads Choice Buy Online Tutorial:**

**Online Searching** Karen Markey, 2023-02-07 Online Searching prepares students in library and information science programs to assist information seekers at all levels from university faculty to elementary school students Included in the third edition are interviews with librarians and other information professionals whose words of wisdom broaden graduate students perspectives regarding online searching in a variety of work settings serving different kinds of information seekers The book's chapters are organized according to the steps in the search process 1 Conducting a reference interview to determine what the seeker wants 2 Identifying sources that are likely to produce relevant information for the seeker's query 3 Determining whether the user seeks a known item or information about a subject 4 Dividing the query into main ideas and combining them logically 5 Representing the query as input to the search system 6 Conducting the search and responding strategically 7 Displaying retrievals assessing them and responding tactically A new chapter on web search engines builds on students existing experience with keyword searching and relevance ranking by introducing them to more sophisticated techniques to use in the search box and on the results page A completely revised chapter on assessing research impact discusses the widespread use of author and article iMetrics a trend that has developed rapidly since the publication of the second edition More than 100 figures and tables provide readers with visualizations of concepts and examples of real searches and actual results Textboxes offer additional topical details and professional insights New videos supplement the text by delving more deeply into topics such as database types information organization specialized search techniques results filtering and the role of browsing in the information seeking process An updated glossary makes it easy to find definitions of terms used throughout the book With new and updated material this edition of Online Searching gives students knowledge and skills for success when intermediating between information seekers and the sources they need [Managing Your Professional Identity Online](#) Kathryn E. Linder, 2023-07-03 In higher education professional online identities have become increasingly important A rightly worded tweet can cause an academic blog post to go viral A wrongly worded tweet can get a professor fired Regular news items in The Chronicle of Higher Education and Inside Higher Ed provide evidence that reputations are both built and crushed via online platforms Ironically given the importance of digital identities to job searches the promotion and distribution of scholarly work pedagogical innovation and many other components of an academic life higher education professionals receive little to no training about how to best represent themselves in a digital space Managing Your Professional Identity Online A Guide for Higher Education fills this gap by offering higher education professionals the information and guidance they need to craft strong online biographical statements for a range of platforms prioritize where and how they want to represent themselves online in a professional capacity intentionally and purposefully create an effective brand for their professional identity online develop online profiles that are consistent professional accurate organized of good quality and representative of their academic lives regularly update and maintain an online presence post

appropriately in a range of online platforms and environments and successfully promote their professional accomplishments

**Managing Your Professional Identity Online** is practical and action oriented In addition to offering a range of case studies demonstrating concrete examples of effective practices the book is built around activities templates worksheets rubrics and bonus materials that walk readers through a step by step guide of how to design build and maintain professional online identities
