Especially in tough economic times running offers an affordable and positive way to relieve stress and gain a sense of accomplishment. Marathons and more than ever half marathons are the ultimate achievement for runners and have experienced an unprecedented boom in the last several years. New hunger for reliable information on marathon and half marathon training as well as new technologies that have revolutionized ordinary people's ability to train intelligently means the time is right for a new edition of longtime Runner's World contributor Hal Higdon's classic guide to taking the guesswork out of preparing for a marathon whether it's a reader's first or fiftieth. At the core of the book is Higdon's clear and essential information on training injury prevention and nutrition. With more than 25 percent new material this fourth edition of a running classic is a must own for both longtime runners and those new to the sport.
