Asian Refugees in America Eleanor Herz Swent, 2011-09-29 When Eleanor Swent began teaching English as a Second Language in 1967 at a school for adults in Oakland California she soon learned that many of the Asian immigrants in her classes had remarkable tales to tell of struggles in their homelands and their efforts to make new lives in America This oral history based on interviews Swent conducted with her students over thirty years documents the Asian immigrant experience as never before Here are the stories of desperate individuals who swam to escape from China to Macao and Hong Kong of Chinese daughters considered worthless by their families of political refugees from Vietnam of ethnic Chinese who fled by boat from Vietnam of refugees from the genocide in Cambodia As these remarkable new Americans learn different words and customs they also enlarge our national vision enriching our culture while assuring us that human dignity can rise above terrible circumstances

Higher Education in the United States James J. F. Forest, Kevin Kinser, 2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis
