Pinterest Idea Ads vs. Instagram Stories, 2023-06-26 Social Media Marketing hat sich über die letzten Jahre zu einem festen und wichtigen Bestandteil der Werbemaßnahmen von Unternehmen und Werbetreibenden entwickelt. Im Zuge dessen gewinnt auch das Konzept der bezahlten Partnerschaften mit sogenannten Content Creators zunehmend an Bedeutung. In dieser Forschung wurde die Werbewirkung des in diesem Kontext als lukrativ geltenden Werbeformats Instagram Stories mit der Werbewirkung des neuen Werbeformats Pinterest Idea Ads verglichen. Innerhalb einer experimentellen Studie wurden entsprechend zwei Versuchsgruppen gebildet und die Werbewirkungseffekte der beiden Formate auf kognitiver, affektiver und konativer Ebene untersucht. Die vorliegende Untersuchung konnte auf den zu untersuchenden Werbewirkungsebenen in Summe keine signifikanten Unterschiede zwischen den beiden Versuchsgruppen nachweisen. Bemerkenswert war jedoch, dass die etwas schlechter abgeschnittene Pinterest Gruppe dennoch eine höhere Kaufneigung aufgewiesen hat. Außerdem zeigten sich signifikante Unterschiede hinsichtlich der Nutzungszwecke und Erwartungen der beiden Versuchsgruppen.

Earth & Fire Kylie Johnson, Tiffany Johnson, 2023-04-25 This ebook has a fixed layout and is best viewed on a widescreen full colour tablet. Earth and fire represent the two elements that produce a ceramic object. Without the other they are simply components; together they create both practical objects and pieces of art. Working as both primer and inspiration, *Earth and Fire* explores the techniques, practices and tools of over forty-five working ceramicists. Creating everything from woodfired and fine porcelain wares, sculptured vases, everyday cups, bowls and plates to jewellery and wall pieces, these artists work in a wide range of styles and mediums to create their ceramics. Although the methods vary, the overall sentiment is that the earth and fire that the artists use to make their objects are the ultimate masters. Just when they think they know one thing, the clay, glaze and heat will teach them another. There will always be more to learn. Working with clay is quite simply humbling. Written and compiled by Kylie Johnson and Tiffany Johnson. *Earth* it gets under your skin. One of the main reasons for this transformation is the increase in the popularity of social networking platforms. These days an increasing number of brands are using visual media for communicating their brand's message. Social media has certainly revolutionized our lives.

Instagram has stood the test of time and is now one of the most popular social networking platforms today. So if your brand isn't already on Instagram, then there is no time like the present to get started. Instagram has been around for a while, but not a lot of people know how to make the most of its features. The creators of this platform keep introducing new features along with changes to the algorithm. So it is quintessential that you stay on top of all the updates. In this book, you will learn about the things you need to increase your following on Instagram so you can maximize your profits. You will be given information about the different benefits you can reap by using Instagram. You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand's Instagram profile. Apart from this, you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience. Marketing on Instagram and how you can increase your following are also discussed in detail in this book. A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer. You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world. Instagram is great for sharing videos and photos, so make sure that when you connect the business with your followers, make sure that it stays consistent with your brand rather than straying away or showing things that just don't go together. Use your brand or company name in hashtags; the hashtags that you pick don't have to be complicated. If you already have a pretty good following on Instagram or your brand name is well known, go ahead and use this as one of your hashtags. This will make it easier for your followers to find you because they can just search the name and find some of your posts. Make a follower famous; it is not just about your followers checking out your posts; it is about how you interact with your followers. Take the time to look over the pages of your followers and then like and share some of their posts. This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page. Be careful with this one though, because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not. So if you are ready to learn more, then let us get started immediately.

Eating More Asian America Robert Ji-Song Ku, Martin F. Manalansan, Anita Mannur, 2025-04-08. The diversity of Asian American food culture. Asian American inspired foods are everywhere or so it seems. A decade ago, chop suey, sushi, curry, adobo, and kimchi were emblematic of Asian American culinary influence. Today, boba, ube, bibingka, pho, matcha, gochujang, and ml have joined the roster of foods strongly associated with Asian Americans. These foods were once considered exotic but now are embraced by mainstream culture. Food studies continues to be an appetizing area of Asian American studies. *Eating More Asian America* is a follow-up to the influential *Eating Asian America* and it provides a rich illustration of the intersection of Asian America and its various foodways. The book posits that food is never simply sustenance; the comestible material that provides fuel for our bodies. Rather, food is a way of knowing, a way of being, and a way of understanding. The essays in *Eating More Asian America* convey the intellectual richness of various foodways as they intersect with and inform the racial and

political construct known as Asian America The twenty one essays in this volume reflect the diversity of Asian America itself as well as the subfield of food studies The volume not only offers coverage in terms of topics and types of ethnic food it also provides a rich and impressive array of methodological approaches A veritable feast for the senses Eating More Asian America explores the myriad ways critical eating studies has developed over the past decade *Bodies on the Front Lines* Brenda Werth, Katherine Zien, 2024-04-24 Revolutionary feminisms and queer and trans activist movements are traversing Latin America and the Caribbean Bodies on the Front Lines situates recent performances and protest actions within legacies of homegrown gender and sexual rights activism from the South Performances enacted in public spaces and intimate venues across national borders and through circulating hashtags and digital media play crucial roles in the elaboration auto theorization translation and reception of feminist queer and trans activism Movements such as Argentina's NiUnaMenos Not One Less have brought together hundreds of thousands of protesters and activists on the streets of major cities in Latin America and beyond to denounce gender violence and demand gender sexual and reproductive rights The volume's contributors draw from rich legacies of theater performance and activism in the region as well as decolonial and intersectional theorizing to demonstrate the ways that performance practices enable activists to sustain their movements The chapters engage diverse perspectives from Argentina Brazil Bolivia Chile Colombia Cuba the Dominican Republic transnational Central America Peru Puerto Rico and Mexico Rather than taking an approach that simplifies complexities among states Bodies on the Front Lines takes seriously the geopolitical stakes of examining Latin America and the Caribbean as a heterogeneous site of nations and networks In chapters covering this wide geographical area leading scholars in the fields of theater and performance studies showcase the aesthetic social and political work of performance in generating and fortifying gender and sexual activism in the Americas

Der Band bietet als erste umfangreiche Bestandsaufnahme einen Einblick in diese Vielfalt von Geschichte auf Instagram und TikTok.
