America Matters Robert Sudha Hamilton, 2024-10-07 America matters to the world This democratic republic has held a pre eminence globally for more than a century Its economic and military might have established an order within the world This world order is now under threat from both without and within The spotlight is on the United States of America Many of us around the planet are looking to see what kind of response this will engender There are forces of what could be called good and bad wrestling for the soul of America What and who will triumph is of paramount interest to people far and wide As an historian I am interested in the how and why questions in relation to where America finds itself today Many historians of American history and knowledgeable pundits describe the republic as the American experiment This gives the whole thing a much more acceptably volatile reading However when you combine that with the superpower status of the USA it makes for an uncomfortable realization of where America and the world might be heading As an observer of the place it calls for deeper digging into who and what America actually is 350 pages Subject Guide to Books in Print , 1991 Samsung Galaxy , 2014
