Sanctioned Savagery Michael Oriard, 2025-07-22 American football was a violent sport from its beginning as a college game in the 1870s and 1880s in part because learning how to deal with the pain and violence to take it made men out of college boys Michael Oriard former NFL linebacker and professor emeritus of English shows us that this fundamental belief persisted for more than a century until signs of chronic traumatic encephalopathy CTE were found in Pittsburgh Steelers center Mike Webster's brain Suddenly the cost of taking it could mean long term damage not just to the body but also to the brain Without anyone knowing it that risk had soared since the 1950s and 1960s when the hardshell plastic helmet became the primary weapon for blocking and tackling as taught by a new generation of college coaches led by the University of Alabama's Bear Bryant In this cultural history of football at nearly all levels high school college and pro Oriard traces the perennial tension between health and culture regarding football as reflected in what the public read in newspapers magazines and online Through examining how we once felt and how we now feel about the game Oriard challenges us to grapple with the possibility that football might be too violent in an intolerable way

Kingdom on Fire Scott Howard-Cooper, 2025-02-25 In the tradition of **Blood in the Garden** and **Three Ring Circus** comes a bold history of the iconic UCLA Bruins championship teams led by legendary coach

John Wooden set against the turmoil of American culture in the 1960s and 70s Few basketball dynasties have reigned supreme like the UCLA Bruins did over college basketball from 1965 1975 seven consecutive titles three perfect records an eighty eight game winning streak that remains unmatched At the center of this legendary franchise were the now iconic players Kareem Abdul Jabbar and Bill Walton naturally reserved personalities who became outspoken giants when it came to race and the Vietnam War These generational talents were led by John Wooden a conservative counterweight to his star players whose leadership skills would transcend the game after his retirement But before the three of them became history they would have to make it together Los Angeles native and longtime sportswriter for the Los Angeles Times Scott Howard Cooper draws on more than a hundred interviews and extensive access to many of the principal figures including Wooden s family to deliver a rich narrative that reveals the turmoil at the heart of this storied college basketball program Making the eye opening connections between UCLA and the Nixon administration Ronald Reagan Muhammad Ali and others Kingdom on Fire puts the UCLA basketball team s political involvement and influence in full relief for the first time Perceptive and exciting this is a slam dunk for college hoops fans Publishers Weekly
