Motivating Language Learners Modern Language In Practice:

Motivating Language Learners Gary N. Chambers, 1999-01-01 This book is informed by pupils' perceptions of the foreign language learning experience, attitudes brought from primary school, from home visits abroad, the classroom. What are the implications of these for teachers? The author provides practical strategies to enhance the enjoyment of the in-class experience and the status of modern languages on the curriculum.

The Palgrave Handbook of Motivation for Language Learning Martin Lamb, Kata Csizér, Alastair Henry, Stephen Ryan, 2020-01-11 This handbook offers an authoritative one-stop reference work for the dynamic and expanding field of language learning motivation. The 32 chapters have been specially commissioned from the field's most influential researchers and writers. Together they present a compelling picture of the motivations people have for learning languages, the diverse ways we can research motivation and the implications for promoting and sustaining learners' motivation. The first section outlines the main theoretical approaches to language learning motivation; the next section presents ways in which motivation theory has been applied in practice; the third section showcases examples of motivation research in particular contexts and with particular types of language learners; and the final section describes the exciting directions that contemporary research is taking, promising important new insights for academics and practitioners alike.

How to Teach Modern Languages-- and Survive! Jan Pleuger, 2001 This book sets out some of the practical techniques Jan Pleuger has used with children of all ages and abilities, and most of the ideas can also be applied to adult learners. These practical strategies are aimed at reducing both pupil and teacher anxiety and provides a deep understanding of the psychological dynamics of the modern language classroom. The result is an enjoyable book, entertainingly written and bursting with tips for busy Modern Language teachers.

New Perspectives on Teaching and Learning Modern Languages Simon Green, 2000-01-01 This exciting new publication featuring chapters from some of the foremost practitioners in the field of modern languages today, closely examines research-based analysis, structural contexts and classroom practice in teaching and learning. After analysing the current situation, each author proposes radical solutions to current problems, and the whole book provides much needed fresh thinking on methodology and pedagogy.

Foreign Language and Culture Learning from a Dialogic Perspective Carol Morgan, Albane Cain, 2000 This book analyses an intercultural project undertaken by French and English 14-year-olds based on an exchange of materials created by the pupils and focused on the topic of law and order. The project was based on a view of learning as a dialogic process interacting with others. A first language and home culture is acquired through such interaction. This project sought to realise this dialogic process in a more meaningful way than is often the case in foreign language classrooms.

Teaching and Researching Motivation Zoltán Dörnyei, Ema Ushioda, 2021-04-21 Cultivating motivation is crucial to a language learner's success and therefore crucial for the language teacher and researcher to understand. The third edition of *Teaching and Researching Motivation* reflects the dramatic changes in the field of motivation research. With an increased emphasis on dynamic

perspectives on motivation and its relations with other individual social and contextual factors this book offers ways in which advances in the field can be put to practical use in the classroom and in research Key new features and material exploration of the motivation to learn languages other than English LOTE principles for designing L2 motivational studies discussion of emerging areas of research including unconscious motivation and language learning mindsets Providing a clear and comprehensive theory driven account of motivation Teaching and Researching Motivation examines how theoretical insights can be used in everyday teaching practice The final section provides a range of useful resources including relevant websites key reference works and an online repository of tools and instruments for researching language learning motivation Fully revised by pre eminent researchers in this field Zolt n D rnyei and Ema Ushioda this is an invaluable resource for teachers and researchers alike

Teaching and Researching: Autonomy in Language Learning Phil Benson, 2013-11-04 Autonomy has become a keyword of language policy in education systems around the world as the importance of independent learning and new technologies has grown Now in a fully revised and updated second edition Teaching and Researching Autonomy provides an accessible and comprehensive critical account of the theory and practice of autonomy Examining the history of the concept it addresses important questions of how we can identify autonomy in language learning behaviours and how we can evaluate the wide variety of educational practices that have been designed to foster autonomy in learning Topics new to this edition include Autonomy and new technologies Teacher autonomy The sociocultural implications of autonomy With over three hundred new references and five new case studies of research on autonomy providing practical advice on research methods and topics in the field Teaching and Researching Autonomy will be an essential introduction for teachers and students to a subject at the cutting edge of language teaching and research

Language Learning Motivation in a Multilingual Chinese Context Mairin Hennebry-Leung, Xuesong (Andy) Gao, 2022-07-13 Drawing on quantitative and qualitative data from teachers and students in Hong Kong s secondary schools this book examines critical questions in relation to language learning motivation and instructional contexts Readers are provided with a critical overview of developments in theory and research on language learning motivation and the potential to further extend these developments Grounded in the Douglas Fir Group conceptualization of language learning the book explores the complex interplay of diverse factors that shape learners motivation It offers a unique window into the situated nature of language learning motivation in the macro meso and micro contexts of a Chinese heritage society In so doing it brings the Chinese voice into the theorization of this important language learning construct Potential future research avenues are suggested and implications for policy and practice are discussed This book will be a useful resource for academics and postgraduates interested in the fields of English as a second language ESL English language teaching language teaching and learning

Young Language Learners' Motivation and Attitudes Sybille Heinzmann, 2013-06-20 Taking three different perspectives this book looks at primary school children s language learning motivation and language attitudes In adopting a longitudinal perspective the book fills a

research gap and provides a macro level analysis of motivational development over time It reveals a surprising amount of stability in primary school children s motivational and attitudinal development The comparative perspective looks at the learners affective dispositions with regard to English theorized as a global language and French theorized as a national language The comparisons between global language and national language are relevant across the world especially in situations where instruction in languages other than English struggles to get attention The results reveal sizeable differences between the two languages with children being substantially more motivated to learn English than to learn French Finally the explanatory section identifies key antecedents of the learners motivational and attitudinal dispositions and thereby opens up paths for intervention relevant for those working in the field of language instruction

The Psychology of the Language Learner Revisited Zoltan Dornyei, Stephen Ryan, 2015-04-24 Over the past decade the focus of inquiry into the psychology of SLA has shifted from the analysis of various characteristics within individuals towards a greater consideration of individuals dynamic interactions with diverse contexts This revisit of the bestselling *The Psychology of the Language Learner* reflects on these developments by challenging some of the assumptions upon which the original text was based maintaining the familiar structure of the original while situating the discussion within a very different theoretical framework Written in a lively accessible style the book considers how the field has evolved and maintains a keen eye on the future suggesting exciting new directions for the psychology of SLA *The Psychology of the Language Learner Revisited* will appeal to students and researchers in a wide range of disciplines including applied linguistics second language acquisition modern languages and psychology
