Bible Controversies Resolved Roy D Perkins,2023-05-24 This book consists of sixty two chapters of Bible controversies resolved with total objectivity by the writer Subjective feelings were left out The writer speaks of the most taboo of subjects Pastors and theologians have argued these controversies for centuries In actuality these controversies are not controversies at all people just made arguments out of what they believe are questionable This book explains in plain language these issues that have become so argumentative The writer is on board with almost all of them he disagrees with about 2 percent of these issues but cannot argue with scriptural truths When discerning facts from fiction concerning these issues the writer successfully suppresses his subjective feelings and is willing to admit that his prior thinking might not have been correct he can admit when he is wrong Most people cannot do this because of pride stubbornness tradition the clergy and ignorance In this book the writer attempts to open the eyes ears and minds of the readers Just because churches have done it the same way for centuries it doesn t make the churches right Just because a bunch of PhDs and theological experts have put their stamps of approval on the issues it doesn t make them right PhD stands for piled higher and deeper Someone once said that the definition of an expert is one who learns more and more about less and less pretty soon he knows everything about nothing In the book the writer backs up what he says with scriptural references In the book the reader can explore one revelation after another about supposedly controversial subjects **The Oxford Handbook of Russian Religious**
