Original Wisdom Stories Of An Ancient Way Of Knowing:

Original Wisdom Robert Wolff, 2001-08-01 Explores the lifestyle of indigenous peoples of the world who exist in complete harmony with the natural world and with each other Reveals a model of a society built on trust patience and joy rather than anxiety hurry and acquisition Shows how we can reconnect with the ancient intuitive awareness of the world's original people Deep in the mountainous jungle of Malaysia the aboriginal Sng oi exist on the edge of extinction though their way of living may ultimately be the kind of existence that will allow us all to survive The Sng oi pre industrial pre agricultural semi nomadic live without cars or cell phones without clocks or schedules in a lush green place where worry and hurry competition and suspicion are not known Yet these indigenous people as do many other aboriginal groups possess an acute and uncanny sense of the energies emotions and intentions of their place and the living beings who populate it and trustingly follow this intuition using it to make decisions about their actions each day Psychologist Robert Wolff lived with the Sng oi learned their language shared their food slept in their huts and came to love and admire these people who respect silence trust time to reveal and heal and live entirely in the present with a sense of joy Even more he came to recognize the depth of our alienation from these basic qualities of life Much more than a document of a disappearing people Original Wisdom Stories of an Ancient Way of Knowing holds a mirror to our own existence allowing us to see how far we have wandered from the ways of the intuitive and trusting Sng oi and challenges us in our fragmented world to rediscover this humanity within ourselves

Das Lächeln der Senoi Robert Wolff, 2019-04-25 Das alte Volk der Senoi lebt ein beraus einfaches und stilles Leben im Bergdschungel von Malaysia Keine Uhren keine Telefone keine Fahrzeuge Sie beginnen den Tag damit dass sie sich gegenseitig Tr ume erz hlen Geschichten aus der wirklichen Welt Sie nennen sich Menschen Senoi und verstehen sich als Teil aller Dinge verbunden mit der Erde und allem was existiert Die Geschichten von Robert Wolff sind viel mehr als der Bericht ber ein verschwundenes Volk Sie sind ein Spiegel f r uns und unsere Lebensweise und sie fordern uns heraus in der fragmentierten Welt von heute unser Menschsein und die Verbundenheit mit der ganzen Sch pfung wieder zu entdecken

Großmutter sein Angela Fischer, 2025-01-20 Wie k nnen wir auch in unserer westlichen Kultur wieder das Bewusstsein f r eine Verantwortung unter den Generationen entwickeln Eine Antwort finden wir bei den Gro m ttern Die Beziehung zwischen Gro m ttern und Enkelkindern ist einzigartig und bietet die M glichkeit in Zeiten von berm chtig erscheinenden Krisen eine hoffnungsvolle Saat f r die Zukunft zu legen Was zeichnet Gro m tter aus Weibliche Qualit ten gepaart mit der Freiheit dem Humor und der Weisheit des lterseins Sie sind Quellen der Kraft die weit ber die eigene Lebenszeit hinaus wirken k nnen Angela Fischer zeigt auf wie Gro m tter allt glich aus dem Herzen heraus und im Bewusstsein f r das Licht der Seele einen lebendigen Beitrag f r die Welt geben In Gespr chen mit Gro m ttern hat sie Sch tze entdeckt die nicht nur f r die Enkelkinder und deren Zukunft sondern auch f r die Heilung unserer Erde von Bedeutung sind Dabei werden die Schatten Schwierigkeiten und Sorgen nicht ausgespart doch es findet sich ein feiner Faden der zur ck zur Essenz f hrt ins Herz

Harding, 2013-02-11 Education for Tomorrow A Biocentric Student Focused Approach to Education Reform Michael Risku University of the Incarnate Word USA and Letitia Harding University of the Incarnate Word USA There are many books on the market which discuss indigenous ways of knowing and bemoan western society s seeming lack of interest in anything other than scientific fact based knowledge Equally plentiful are the writings of critical theorists who consider today s public education system to be divisive and manipulated by those in power to ensure that their children have the educational advantages needed to maintain the elite hierarchical status quo Education for Tomorrow is unique in that it brings both of these approaches together first by examining the ways that indigenous people and women of all cultures acquire and pass on knowledge and the deleterious effects that enforced Eurocentric systems have had on that process The authors then turn to public schools to explore the influences both good and bad that today s programs have on the distribution of opportunities afforded to all children in the United States Finally they offer suggestions for a revolutionary education system which highlights the need for all students to have the encouragement and freedom to look critically and rationally at their lives and at their relationship with the natural world This can be achieved by looking back to the pedagogical methods of our indigenous ancestors and forward to a time when all children regardless of ethnic or socio economic heritage are taught in such a way that every aspect of their lives is addressed nurtured valued and enhanced *Theory of Knowledge Third Edition*

Nicholas Alchin, Carolyn P. Henly, 2014-05-30 A unique narrative through the latest TOK guide from two of the IB s most respected experts Guides students by helping them examine the nature of knowledge and ways of knowing Develops diverse and balanced arguments by raising questions in a variety of contexts Provides complete support assessment Includes all the new ways of knowing and areas of knowledge Also available This Student s Book is supported by Dynamic Learning which offers Teaching and Learning Resources that include a guide to teaching the course and classroom activities plus a unique lesson builder tool to help teachers collate and organise a range of resources into lessons The Dynamic Learning package also includes a Whiteboard eTextbook version of the book for front of class teaching and lesson planning Also from later in the year please look out for assignable and downloadable Student eTextbooks *Prosperity in place* Food and Agriculture Organization of the United Nations , International Institute for Economic Development, 2020-04-01 Future generations are shaped by the opportunities afforded now to youth Yet youth defined here as those between 15 24 years of age make up close to half the world s unemployed Rural rates of unemployment are particularly high This is especially so for young women United Nations figures class 75 percent of youth as underutilised By this they mean unemployed in irregular informal jobs or

outside of formal education and training Underutilised youth are a missed opportunity This report is written for the leaders of Forest and Farm Producer Organisations FFPOs In rural areas FFPOs are often the major or sometimes only employers Set up to pursue the values of their members FFPOs contribute to rural prosperity namely a negotiated vision of that which people value and have reason to value in line with the common good All people have their own vision of what prosperity looks like and that is why a negotiation of a collective vision is important so that the perceptions of different groups of people such as youth are taken into account

The Osaro Theory Efosa Osaro,2019-07-11 The Osaro Theory suggests that there is a variation between those who evolved in tropical conditions and those who evolved in a colder climate It is the author s belief that these environmental differences have altered not only the physiology but are also responsible for the biological and the behavioral differences between blacks whites and Asians The Emotional Reservoir is a phrase he coined based on the study of the enormous effect of the sun on the earth and how it affects human biology physiology and behavior According to his theory these environmental differences have numerous effects on human beings also on how the environment can dictate human intelligence This theory also suggests that the people who evolved out of sub Saharan Africa tend to possess more Emotional Reservoir than the Europeans and Asians who evolved in a colder environment and who tend to have a lesser Emotional Reservoir Furthermore this higher Emotional Reservoir is also responsible for certain behaviors that are detrimental to the growth and the stability of these groups which in turn cause behavioral pathologies and poor decision making

Siberian Shamanism Virlana Tkacz,2015-09-17 An intimate account of an ancient shamanic ritual of Siberia Illustrated with vivid full color photographs throughout Details the many preparations and ritual objects as well as the struggles of the shamans to complete the ceremony successfully Near the radiant blue waters of Lake Baikal in the lands where Mongolia Siberia and China meet live the Buryats an indigenous people little known to the Western world After seventy years of religious persecution by the Soviet government they can now pursue their traditional spiritual practices a unique blend of Tibetan Buddhism and shamanism There are two distinct shamanic paths in the Buryat tradition Black shamanism which draws power from the earth and White shamanism which draws power from the sky In the Buryat Aga region Black and White shamans conduct rituals together for the Buryats believe that they are the children of the Swan Mother descendants of heaven who can unite both sides in harmony Providing an intimate account of one of the Buryats most important shamanic rituals this book documents a complete Shanar the ceremony in which a new shaman first contacts his ancestral spirits and receives his power Through dozens of full color photographs the authors detail the preparations of the sacred grounds ritual objects and colorful costumes including the orgay or shaman s horns and vividly illustrate the dynamic motions of the shamans as the spirits enter them Readers experience the intensity of ancient ritual as the initiate struggles through the rites encountering unexpected resistance from the spirit world and the elder shamans uncover ancient grievances that must be addressed before the Shanar can be completed successfully Interwoven with beautiful translations of

Buryat ceremonial songs and chants this unprecedented view of one of the world's oldest shamanic traditions allows readers to witness extraordinary forces at work in a ritual that culminates in a cleansing blessing from the heavens themselves

Radical Wholeness Philip Shepherd, 2017-12-05 There are qualities we all yearn to experience in our lives peace simplicity grace connection clarity Yet these qualities evade us because each of them arises from an experience of wholeness and we live in a culture that enforces divisions within each of us In *Radical Wholeness* Philip Shepherd shows the countless ways in which we are persuaded to separate from the body and live in the head Disconnected from the body's intelligence we also disconnect from the wholeness of the present This schism within us is the primary source of stress not just in our personal lives but for the systems of the planet Drawing from neuroscience anthropology physics the arts myth personal stories and his experiences helping people around the world to experience wholeness Philip Shepherd illuminates what true wholeness means and offers practices designed to help readers soften into the intelligence of the body *Radical Wholeness* is a call to action to recover wholeness and experience a new way of being

René Girard and Creative Mimesis Vern Neufeld Redekop, Thomas Ryba, 2013-11-21 For half a century René Girard's theories of mimetic desire and scapegoating have captivated the imagination of thinkers and doers in many fields as an incisive look into the human condition particularly the roots of violence In a 1993 interview with Rebecca Adams he highlighted the positive dimensions of mimetic phenomena without expanding on what they might be Now two decades later this groundbreaking book systematically explores the positive side of mimetic theory in the context of the multi-faceted world of creativity Several authors build on Adams' insight that loving mimesis can be understood as desiring the subjectivity of the other particularly when the other may be young or wounded With highly nuanced arguments authors show how mimetic theory can be used to address child and adult development including the growth of consciousness and a capacity to handle complexity Mimetic theory is brought to bear on big questions about creativity in nature evolutionary development originality and religious intrusion into politics

The Naturalist's Companion Dave Hall, 2022-08-17 The Naturalist's Companion is an essential read for anyone who wants to enhance their wildlife observation skills Seattle Book Review Practical guidance on how to achieve a deeper level of nature observation From the co-founder of Primitive Pursuits renowned nature awareness program Provides concrete tools for improving the depth and quality of outdoor experiences The Naturalist's Companion fills an important void in outdoor education by teaching readers how to become more learned and patient observers and ultimately more proficient naturalists Through exhaustive time in the field author Dave Hall has developed a comprehensive understanding of nature awareness and refined his skills to enhance any time spent outdoors and to foster closer more respectful encounters with wildlife Through personal anecdotes and detailed explanations Hall teaches the principles and ethics of stealth walking calling tracking interpreting basic animal behavior and much more Each chapter concludes with a

list of exercises prompting readers to study and put these skills into use while introductory sections discuss gear safety ethics and thoughtful engagement The Naturalist's Companion will deepen readers connection with the outdoors and help them to establish and maintain consistent intimate and informed wildlife observations **The Bloomsbury Reader in the Study of Myth** Jonathan Miles-Watson, Vivian Asimos, 2019-08-22

What is myth Why do myths exist What do myths do Where are myths going This reader is organized into 4 parts which explore these questions Drawing on over 10 years of experience teaching myth in religious studies and anthropology departments in the UK USA and Continental Europe the editors have brought together key works in the theory of myth Key features include a general introduction to the reader that outlines a comparative and interpretative framework an introduction contextualizing each part and sub section an introduction to each reading by the editors a companion website that provides discussion questions and further reading suggestions including primary sources From functionalism to feminism nationalism to globalization and psychoanalysis to spatial analysis this reader covers the classic and contemporary theories and approaches needed to understand what myth is why myths exist what they do and what the future holds for them **Deathworlds to Lifeworlds** Valerie Malhotra Bentz, James

Marlatt, 2021-08-02 Deathworlds are places on planet earth that can no longer sustain life These are increasing rapidly We experience remnants of Deathworlds within our Lifeworlds for example traumatic echoes of war genocide oppression Many practices and policies directly or indirectly are Deathworld Making They undermine Lifeworlds contributing to community decline illnesses climate change and species extinction This book highlights the ways in which writing about and sharing meaningful experiences may lead to social and environmental justice practices decreasing Deathworld Making Phenomenology is a method which reveals the connection between personal suffering and the suffering of the planet earth and all its creatures Sharing can lead to collaborative relationships among strangers for social and environmental justice across barriers of culture politics and language Deathworlds into Lifeworlds wakes people up to how current economic and social forces are destroying life and communities on our planet as I have mapped in my work The chapters by scholars around the world in this powerful book testify to the pervasive consequences of the proliferation of Deathworld making and ways that collaboration across cultures can help move us forward Saskia Sassen is the Robert S Lynd Professor of Sociology at Columbia University and a Member of its Committee on Global Thought Recognizing the inseparability of experience consciousness environment and problematics in rebalancing life systems this book offers solutions from around the world Four Arrows aka Don Trent Jacobs author of Sitting Bull's Words for A World in Crises et al This unique book brings together 78 participants from 11 countries to reveal the ways in which phenomenology the study of consciousness and phenomena can lead to profound personal and social transformation Such transformation is especially powerful when Deathworlds physical or cultural places that no longer sustain life are transformed into lifeworlds through collaborative sharing even when or perhaps especially when the sharing is among strangers across different cultures The contributors share a truly wide range

of human experiences from the death of a child to ecological destruction in offering ways to affirm life in the face of what may seem to be hopeless death affirming challenges Richard P Appelbaum Ph D is Distinguished Research Professor Emeritus and former MacArthur Foundation Chair in Global and International Studies and Sociology at the University of California Santa Barbara He is also a founding Professor at Fielding Graduate University where he heads the doctoral concentration in Sustainability Leadership *Deathworlds* is a love letter for the planet our home By documenting places that no longer sustain life the authors collectively pull back the curtain on these places rendering them meaningful by connecting what ails us with what ails the world Katrina S Rogers Ph D conservation activist and author *Deathworlds to Lifeworlds* represents collaboration among Fielding Graduate University the University of od Poland and the University of the Virgin Islands Students and faculty from these universities participated in seminars on transformative phenomenology and developed rich phenomenologically based narratives of their experiences or others These phenomenological protocol narratives creatively modify and integrate with everyday experience the conceptual frameworks of Husserl Schutz Heidegger Habermas and others The diverse protocol authors demonstrate how phenomenological reflection is transformative first by revealing how *Deathworlds* which lead to physical mental social or ecological decline imperil invaluable lifeworlds *Deathworlds* appear on lifeworld fringes such as extra urban trash landfills where unnoticed impoverished workers labor to the destruction of their own health Poignant protocol narratives highlight the plight and noble struggle of homeless people the mother of a dying 19 year old son persons inclined to suicide overwhelmed first responders alcoholics who through inspiration achieve sobriety unravelled *We Relationships* those suffering from and overcoming addiction or misogynist stereotypes or excessive pressures veterans distraught after combat a military mother those in liminal situations and oppressed indigenous peoples who still make available their liberating spirituality Transformative phenomenology exemplifies that generous responsiveness to the ethical summons to solidarity to which Levinas s Other invites us Michael Barber Ph D Professor of Philosophy St Louis University He has authored seven books and more than 80 articles in the general area of phenomenology and the social world He is editor of *Sch tzian Research* an annual interdisciplinary journal This book helps us notice the *Deathworlds* that surround us and advocates for their de naturalization Its central claim is that the ten virtues of the transformative phenomenologist allow us to do so by changing ourselves and the worlds we live in In this light the book is an outstanding presentation of the international movement known as transformative phenomenology It makes groundbreaking contributions to a tradition in which some of the authors are considered the main referents Also it offers an innovative understanding of Alfred Schutz s philosophy of the Lifeworld and a fruitful application of Van Manen s method of written protocols Carlos Belvedere Ph D Professor Faculty of Social Sciences University of Buenos Aires Moving beyond the social phenomenology carved out by Alfred Sch tz this impressive volume of action based experiential research displays the efficacy of applying phenomenological protocols to explore *Deathworlds* the tacit side of the foundational

Vakoch, Fernando

Castrillón, 2014-02-17 This book seeks to confront an apparent contradiction that while we are constantly attending to environmental issues we seem to be woefully out of touch with nature The goal of Ecopsychology Phenomenology and the Environment is to foster an enhanced awareness of nature that can lead us to new ways of relating to the environment ultimately yielding more sustainable patterns of living This volume is different from other books in the rapidly growing field of ecopsychology in its emphasis on phenomenological approaches building on the work of phenomenological psychologists such as Maurice Merleau Ponty This focus on phenomenological methodologies for articulating our direct experience of nature serves as a critical complement to the usual methodologies of environmental and conservation psychologists who have emphasized quantitative research Moreover Ecopsychology Phenomenology and the Environment is distinctive insofar as chapters by phenomenologically sophisticated ecopsychologists are complemented by chapters written by phenomenological

researchers of environmental issues with backgrounds in philosophy and geology providing a breadth and depth of perspective not found in other works written exclusively by psychologists

Legends and Prophecies of the Quero Apache Maria Yracébûrû, 2002-06 Ancient Native American tales passed down from generations reveal how sacred universal laws govern our relationship to the natural world our interaction with nature and our respect for each other

Professional Practice Discourse Marginalia Joy Higgs, Franziska Trede, 2016-07-23 This is a book for practitioners university educators workplace learning educators researchers and the professions It draws together two key elements of the lives of these people professional practice what people do and practice discourse what they write and say about what they do And it focuses these discussions around two spaces the core and the margins of practice and discourse Writing in the margins of texts has a very long history People have always left part of themselves their ideas personality and reflections in the margins of texts In this book we have taken up the idea of such written marginalia and we have expanded it into writing into the texts of practice discourse as well as speaking and acting in the margins of professional practice Such deliberate practice changes in marginal practice spaces and in written practice discourse provides ways of shaping and critically appraising current and future professional practice This book provides a dialogue between two fascinating phenomena professional practice and discourse In the 21st century these two are facing challenges as they negotiate their contested spaces in a rapidly changing global society They draw on strong established traditions and expectations but they cannot be complacent in these illusory stabilities Rather they must be awake to the imperatives of their own re invention and re claimed relevance to today s society and today s professional class in the workforce Across the chapters we explore the core spaces of professional practice discourse from the vantage point of the margins of this space and the margin spaces as they interact with the core Marginalia serves as an architect of destabilisation challenge revolution reflection or sometimes affirmation of the central discourse space There are five sections in the book Section One Professional practice discourse Section Two Leading the practice discourse Section Three Writing from inside practice Section Four Writing onto and into practice and Section Five Marking trails and stimulating insights Readers are invited to contribute to our exploration of the phenomenon and practice of professional practice discourse marginalia

Nei Kung Kosta Danaos, 2002-02-01 Explains the science behind the practice of nei kung the elemental nature of yin and yang energy the two components of ch i and how learning to control the yang energy in our ch i can result in the release of dynamic energy Establishes the existence and understanding of nei kung in the practices of many of the world s ancient cultures Includes a step by step guide to the meditation that forms the basis of the practice of nei kung By Kosta Danaos author of The Magus of Java and apprentice to an immortal of the Mo Pai tradition In 1994 Kosta Danaos was accepted as a student by John Chang a Chinese Javanese Taoist in the Mo Pai tradition and a master of nei kung the practice of harnessing and controlling our body s bioenergy or ch i Nei Kung The Secret Teachings of the Warrior Sages describes the practice of nei kung and how learning to control our ch i can result in

the release of dynamic energy that can be used for healing pyrogenesis telekinesis levitation telepathy and more Danaos suggests that both components of ch i yin and yang energy are fundamental to the earth and to life and were recognized and used in many of the world s ancient cultures Though we have forgotten how to access them these components are in fact elemental parts of us The author explains that we first must open our minds to the fact that the power of ch i is real Next in learning to control our ch i as a whole we must learn to channel our yang energy in productive ways a potential we all possess To help readers understand their capacity to connect with this inner elemental power the author offers a fascinating blend of teachings that include sound scientific theories explaining much of the magic of nei kung He also offers historical linguistic artistic and literary proof of the presence and understanding of nei kung throughout the ages and a step by step introduction to several types of simple meditation fundamental to directing one s ch i With his engaging storytelling and disarming humor his physics based explanations for seemingly mystical phenomena and his reassurances that he s really no different from the rest of us Kosta Danaos shows us that once we remember our capacity to harness our yang energy we can change ourselves and our world
