Look for me in Rainbows

*Time for me to go now, I won't say goodbye
Look for me in rainbows, way up in the sky.
In the morning sunrise when all the world is new,
Just look for me and love me, as you know I loved you.*

*Time for me to leave you, I won't say goodbye
Look for me in rainbows, high up in the sky.*

*In the evening sunset, when all the world is through,
Just look for me and love me, and I'll be close to you.*

*It won't be forever, the day will come and then
My loving arms will hold you, when we meet again.*

*Time for us to part now, we won't say goodbye
Look for me in rainbows, shining in the sky.
Every waking moment, and all your whole life through
Just look for me and love me, as you know I loved you.*

Just wish me to be near you, and I'll be there with you.

Plagues and Epidemics D. Ann Herring, Alan C. Swedlund, 2020-06-15 Until recently plagues were thought to belong in the ancient past Now there are deep worries about global pandemics This book presents views from anthropology about this much publicized and complex problem The authors take us to places where epidemics are erupting waning or gone and to other places where they have not yet arrived but where a frightening story line is already in place They explore public health bureaucracies and political arenas where the power lies to make decisions about what is

and is not an epidemic They look back into global history to uncover disease trends and look ahead to a future of expanding plagues within the context of climate change The chapters are written from a range of perspectives from the science of modeling epidemics to the social science of understanding them Patterns emerge when people are engulfed by diseases labeled as epidemics but which have the hallmarks of plague There are cycles of shame and blame stigma isolation of the sick fear of contagion and end of the world scenarios Plague it would seem is still among us **Family Economics Review**,1988 **The Legal Environment of Business** Roger E.
