It's only a slight exaggeration to say Swisher has interviewed everyone. Steve Jobs, Jeff Bezos, Elon Musk, Bill Gates, Bob Iger, Larry Page, and Sergey Brin. Meg Whitman, Peter Thiel, and Mark Zuckerberg are just a few who Swisher made sweat figuratively and in one famous case literally. Despite the damage she chronicles, Swisher remains optimistic about tech's potential to help solve problems and not just create them. She calls upon the industry to make better, more thoughtful choices, even as a new set of powerful AI tools are poised to change the world yet again. At its heart, this book is a love story to, for, and about tech from someone who knows it better than anyone. *Burn Book* includes soaring tales of innovation and brilliant entrepreneurs as well as Silicon Valley's much more complex history of striving, success, and failure. The book details how the commercial internet came into being and how, for all it has given the world, it now sits at the center of global power, creating a clear and present danger to humanity. Unstoppable Brian Tracy, 2023-03-14. Master the Art of Motivation. The idea of being successful is an attractive dream that fills us with positive emotions. However, the actions required to be successful at work, in our relationships, in sports, competition are often difficult and lengthy. Therefore, even though we want to be successful, happy, and influential, very few of us take the specific actions that will actually move us directly toward those goals. So what do we need to bridge the gap between what we say we want and what we must do to achieve it? We need goal-oriented motivation. The specific kind of motivation that is the fuel which can take us across the long and often uncertain bridge to our desired destination in life. Brian Tracy can show you how to develop this kind of motivation on demand, sustain it through the difficult periods of life, and instill this motivation so intricately into your daily life that you make the very idea of motivation unnecessary. That's when you become UNSTOPPABLE. Add for Fun & Profit Bill Truran, 2007-02-01. Students: Do you love photography? Are you studying photography in school or have you been diagnosed as having ADD? This book is for you. Parents: Do you live with a child who has been diagnosed with ADD? Are you concerned for your child's future or are you looking for direction for your child? This book is for you. This book was written to inspire young people who have been diagnosed with ADD/ADHD. I feel that they are our artistic future. This book was written to inspire, prod, and nudge those current and near-future photographers to be some of the few who set out to create art each and every time they pick up a camera. We are not to be those who merely record the world around them; let someone else write a book to them. No, join me as one of those who want to create art, commercial art. This is something that I believe with my whole heart. Commercial art is real art.
