Judith Lauwers, Anna Swisher

Mothering Twins Mothering Twins:

Mothering Twins Linda Albi, Deborah Johnson, Debra Catlin, Donna Florien Deurloo, Sheryll Greatwood, 2010-06-15
Invaluable real life advice and emotional support for mothers of multiples Meeting the double challenge and reaping the double rewards of having twins can be both exhilarating and exhausting In this comprehensive guide to twin pregnancy birth and early childhood five mothers with six sets of twins among them share their experiences from the first thrill of seeing two heads on the ultrasound screen to coping with two toddlers determined to go in two directions at once They offer a variety of it worked for me solutions to the many situations unique to caring for twins whether it s dealing with the complications of a high risk pregnancy creating effective support systems or simply trying to find time for their husbands and themselves Emphasizing individuality and adaptability the authors of Mothering Twins encourage each mother to develop her own parenting approach based on what s best for her and her children

On Mothering Multiples: Complexities and Possibilities Kathy Mantas, 2016-01-01 Demeter Press took on the challenge of discussing multiples through On Mothering Multiples Complexities and Possibilities a book that promised to re explore re present and make meaning of the process of conception pregnancy childbirth and mothering experiences with multiples Under the editorship of Kathy Mantas and through diverse contributions of research artwork and narrative pieces this topic is explored with diverse voices that elicit nuance towards a subject that often suffers from cliché and overt charm Daring to taunt the reader who may be beguiled by the blessing of multiples with an unflinching look at subjects such as fetal demise disability post partum depression the beauty and the beast of the post twin maternal body and the society s obsession and derision with multiples conceived through assistive reproductive technology this book is a foundational text on the topic of the messiness of multiple births and mothering This collection manages to be both intensely personal while maintaining the scholarly distance necessary to offer an important contribution to the field of motherhood studies as well as intersecting with grief work and disability studies Published in 2016 this book remains provocative and stealth in how it unfurls its wisdom providing both clarity and further

The Twin in the Transference Vivienne Lewin, 2018-05-16 The universal fantasy of having a twin originates in our earliest relational experiences This book is about twins and twinning processes The existence of an actual twin alive or dead may be experienced as an embodiment of the fantasy of having a twin with developmental consequences Twinning processes in twins lead to the creation of an internal twin relationship that is enduring The twin relationship may be at the narcissistic end of the spectrum leading to an enmeshed twinship or it may be a more mature object relationship All twin relationships will be manifest in the transference relationship with the analyst The twin transference has been largely neglected in the psychoanalytic literature to the detriment of our understanding of dynamic processes in twin patients In this book case material is used to explore the nature of the twin transference relationship and the necessity of analysing the twin transference as well as maternal and paternal transference relationships

Twins 101 Khanh-Van Le-Bucklin, 2008-10-27 A

must read for expectant or multitasking mothers of multiples by an academic pediatrician and mother of twins **Twins 101** provides practical tips and wise words in a readable style that fits into the fast pace of these mothers lives Theodore Sectish MD associate professor of pediatrics Harvard Medical School program director Children s Hospital Boston Dr Le Bucklin s new parenting book is the first by a pediatrician who is also a mother of twins No other pregnancy and parenting book for multiples offers this unique and much needed perspective **Twins 101** features practical advice and well researched information in an easy to read format From maintaining a healthy twin pregnancy to meeting the daily challenge of caring for twins **Twin 101** guides families through each stage with insightful tips practical advice useful resources and inspirational stories

Having Twins and More Elizabeth Noble,Leo Sorger,2003 Considers the needs of prospective multiple birth parents

Exploring Twins E. Stewart,2016-01-19 **Exploring Twins** presents an analysis of twinship considered as a specifically social phenomenon Drawing upon a wide range of interdisciplinary historical and cross cultural data Dr Stewart argues that in both traditional and modern societies twinship represents a recurrent anomaly which calls into question the assumptions around which different types of society are organized Part One identifies and analyses the fascinating range of cultural and disciplinary approaches to the interpretation of twinship while Part Two considers the possibilities for a distinctively social analysis of twinship

Rhetorical Criticism Sonja K. Foss,2025-07-28 This transformative text has taught the lively art of rhetorical criticism to thousands of readers becoming a revered standard With an unparalleled talent for distilling sophisticated rhetorical concepts and processes Sonja Foss provides an engagingly written practical guide delineating ten methods of doing rhetorical criticism Clear instructions describe the process for systematic investigation of symbolic acts and artifacts and the necessary ingredients for well reasoned explanations and analysis Accessible sample essays illustrate each method and the same artifact is analyzed for nine of the methods to reveal the nuances and applicability of different approaches A deep understanding of rhetorical criticism equips readers to be engaged and active participants in shaping the nature of the world in which they live A chapter on feminist criticism features the disruption of conventional ideologies and practices The chapter on narrative criticism highlights storytelling in the digital world The emphasis on inquiry is invaluable for filtering meaning out of the communication encountered daily for example questions to ask processes to employ for interpretation assumptions to identify Understanding rhetoric helps readers judge the effectiveness accuracy and impact of symbols

Nursing Research Denise F. Polit,Cheryl Tatano Beck,2004 This graduate level nursing research textbook continues the expansion of coverage on qualitative research including important issues for specific qualitative traditions such as grounded theory phenomenology and ethnography Developing solid evidence for practice will be emphasized throughout the text and important evaluative concepts like reliability validity and trustworthiness will be introduced Other new features include stronger international content with an emphasis on Canadian and Australian research inclusion of tips in boxes located in appropriate places throughout the chapters and the use of

summary bullet points This edition will now offer a free Connection Website connection LWW com go polit *Essentials of Nursing Research* Denise F. Polit, Cheryl Tatano Beck, 2010 *Essentials of Nursing Research* is designed to teach students how to read understand analyze and evaluate research reports in nursing practice The Seventh Edition has been updated with stronger coverage of evidence based practice including content on how to read interpret and critique systematic reviews which are considered by many to be a cornerstone of evidence based practice Also included in the Seventh Edition a more balanced presentation of medical and social science methods and nomenclature enhanced coverage of qualitative research and more *Handbook of Social Development* Vincent B. Van Hasselt, Michel Hersen, 1992-08-31 Social development over one s lifetime is a complex area that has received considerable attention in the psychological social psychological and sociological literature over the years Surprisingly however since 1969 when Rand McNally published Goslin s *Handbook of Socialization* no comprehensive statement of the field has appeared in book form Given the impressive data in this area that have been adduced over the last two decades we trust that our handbook will serve to fill that gap In this volume we have followed a lifespan perspective starting with the social interactions that transpire in the earliest development stages and progressing through childhood adolescence adulthood and finally one s senior years In so doing we cover a variety of issues in depth The book contains 21 chapters and is divided into five parts I Theoretical Perspectives II Infants and Toddlers III Children and Adolescents IV Adults and V The Elderly Each of the parts begins with introductory material that reviews the overall issues to be considered Many individuals have contributed to the final production of this handbook Foremost are our eminent contributors who graciously agreed to share with us their expertise We also thank our administrative and technical staff for their assistance in carrying out the day to day tasks necessary to complete such a project Finally we thank Eliot Werner Executive Editor at Plenum for his willingness to publish and for his tolerance for the delays inevitable in the development of a large handbook *Not All Twins Are Alike* Barbara Klein, 2003-02-28 Even twins are unique Most people idealize twins fantasizing a close perpetually loving relationship Yet Klein herself an identical twin demonstrates that twins have complicated and intense relationships that range from over identification or excessive closeness to profound estrangement and conflict Most twins who are raised as individuals deal with the significant emotional pain of separation in adolescence or young adulthood yet as mature adults can come to love and respect each other as individuals As Klein makes clear the parenting that twins receive as infants and young children affects the relationships that they have with one another and with the world they choose to function in Because parenting is a critical determinant of psychological well being it should be treated as a serious but manageable challenge This book is a must read for twins their parents and scholars students and other researchers and professionals dealing with mental health and child development Twins ,2000 **Twins and Deviance** Carmen M. Cusack, 2016-08-17 This book draws on nearly one thousand cases and anecdotes about twins bending and breaking rules in order to fulfill or flout tenets of twinhood Society s unwillingness to contextualize mores and policies to

suit twins may perpetuate controversy and law breaking Twins and Deviance shows how twins allegedly sacred bond violates conventions beginning at conception Throughout their lives they may be victimized tortured and neglected specifically because of their bond Twins have lives that matter their bond is not static or unconditional it may be fluent and emotional The book paints a picture of twin individuals whose lives relate to contemporary readers and audiences lives because they are weird eccentric ritualized fetishized pornographized criminalized and chastised by society but what is especially interesting about twins is that society has institutionalized controversial practices and traditions sometimes implicitly or explicitly demanding that twinhood be realized or dishonored so that twins comply with social norms and expectations Offering a truculent unpretentious and straightforward representation of contemporary society Twins and Deviance does not defend or defy society s strange niche and shaded view of twins Rather it artfully and sensitively depicts twins as historically and presently seeming like gods heroes renegades saviors mutations terrorists gangs and betrayers and skillfully discusses twins bodies to elucidate their individuality decode their correspondence and explore analytical tributaries new to sociocultural research Using vivid examples Twins and Deviance postulates that twins intrigue and entrance singletons because they deviate from norms embody principles of duality fulfill self reflexive fantasies and symbolize eternal life and the afterlife The value of twins and twinhood to singletons is evident in psychoanalysis reflections religion and mythology words and politics and yet this is the only book to bring to light the immense depth of this captivating insight Twins and Deviance challenges and improves previous research by collecting new topics to retool twins and deviance discussions As such it is a must read for students professors and audiences engaging in gender justice sexuality legal and cultural studies and all researchers conducting twin studies

Polit & Beck's Nursing Research Jane Flanagan, Cheryl Tatano Beck, 2024-09-09 Approachable up to date and rich with practical tips and strategies Polit Beck s Nursing Research Generating and Assessing Evidence for Nursing Practice 12th Edition is the go to text for teaching students how to perform research and critically appraise research reports for use in practice Clear writing details the latest methodologic innovations in nursing medicine and social sciences accompanied by helpful learning features that reinforce effective research methods and help students develop the critical thinking capabilities to confidently critique research reports and apply evidence based findings in clinical practice

Twin and Triplet Psychology Audrey C. Sandbank, 1999 Provides professionals with clear concise information from a range of professional settings on the special needs of multiples

Mothering Multiples Karen Kerkhoff Gromada, 1985

Yoga Therapy for the Whole Mother Julia Irene Romano, 2024-07-18 One of the first of its kind this is an authoritative and professional yoga therapy text offering a comprehensive overview of postpartum conditions and guidance on how to manage them using yoga therapy as both a lens and a toolbox Rather than focussing on returning a woman s body to its pre birth condition this guide recentres emphasis on the mother s healing in body mind and spirit and guides practitioners in how to facilitate this transition This book is centred on the pancamaya model which views the individual as a

composite of five separate but interrelated layers including the physical the breath energetic the psycho emotional the capacity for discernment and awe Split into five sections based on these layers this guide will cover common postpartum issues alongside contemporary supporting research as well as the best yoga therapy tools to address each concern This evidence based resource is invaluable for practitioners who want to help facilitate the postpartum healing journey The Inner World of the Mother Dale Mendell,Patsy Turrini,2003 *Twin Mythconceptions* Nancy L. Segal,2017-02-08 *Twin Mythconceptions* False Beliefs Fables and Facts about Twins sheds new light on over 70 commonly held ideas and beliefs about the origins and development of identical and fraternal twins Using the latest scientific findings from psychology psychiatry biology and education the book separates fact from fiction Each idea about twins is described followed by both a short answer about the truth and then a longer more detailed explanation Coverage includes embryology of twins twin types intellectual growth personality traits sexual orientation of twins marital relationships epigenetic analyses and more Five appendices cover selected topics in greater depth such as the frequency of different twin types and the varieties of polar body twin pairs This book will inform and entertain behavioral and life science researchers health professionals twins parents of twins and anyone interested in the fascinating topic of twins Identifies common misunderstandings about twins Provides scientific answers to questions about twins Encompasses the biology psychology genetics and personality of twins Includes discussion of identical fraternal same sex and fraternal opposite sex twins Allows for quick answers to common questions and more detailed explanations **Counseling the Nursing Mother** Judith Lauwers,Anna Swisher,2005 *Counseling the Nursing Mother* thoroughly covers counseling techniques and how style and approach can enhance interactions with mothers and thus the effectiveness in helping them breastfeed By presenting topics within a counseling framework and including practical suggestions for working with mothers the reader will gain insights into applying knowledge and research into everyday practice as well as understand counseling challenges and how to meet them

Mothering Twins Mothering Twins Introduction

In today's digital age, the availability of Mothering Twins Mothering Twins books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Mothering Twins Mothering Twins books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Mothering Twins Mothering Twins books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Mothering Twins Mothering Twins versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Mothering Twins Mothering Twins books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Mothering Twins Mothering Twins books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Mothering Twins Mothering Twins books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Mothering Twins

Mothering Twins books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Mothering Twins Mothering Twins books and manuals for download and embark on your journey of knowledge?

FAQs About Mothering Twins Mothering Twins Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Mothering Twins Mothering Twins is one of the best book in our library for free trial.
