Small Group and Team Communication Thomas E. Harris, John C. Sherblom, 2018-05-10 Much of contemporary communication occurs between and among small groups whether in person in a work setting or on the Internet via email Facebook or instant messages How we engage in our small group communication in each medium matters To be effective we have to consider our group roles norms cohesion process and phases of development as well as our personal verbal and nonverbal communication and listening

styles To succeed as a member of a team we need to consider the limits of our personal experience and perspective recognize the creative strength of diverse perspectives in decision making and problem solving develop our conflict management skills and strengthen our leadership skills To be successful necessitates an understanding of group process participation style ethical group behavior and the influences of the medium Small Group and Team Communication explores all these different interconnections and the communication strategies we use in our work and social groups The authors use the systems perspective as their core approach throughout the text treating small groups as complex open systems reliant upon communication to achieve success Many chapters highlight the importance of considering ethics and diversity in relation to a variety of topics Harris and Sherblom address the growing influence of computer mediated communication to this discipline Real world applied examples show students that what they re learning aren t simply abstract concepts but knowledge that will serve them outside the classroom

Cultural Adaptation Albert Moran, Michael Keane, 2013-09-13 Cultural borrowing is exploding across the world Creative ideas are transferred and modified in ever increasing number and complexity making new products ranging from TV shows to architectural style in new cities But what do we really know about the spread of creative ideas This intriguing engrossing and comprehensive collection looks at the cultural and commercial dimensions of creative borrowing world wide with an international cast of contributors and case studies from India to Ireland Canada to China Cultural Adaptation explores how creative ideas are packaged and nationalised to meet local taste maps the cultural economy of adaptation in entertainment media ranging from motion pictures to mobile phones and even probes the role of cultural recipes and formats in mutating participatory experiences of theme parks and sporting spectacles Written in a lively and accessible manner the book also provides insight into remaking in lifestyle and consumption cultures including fashion food drink and gambling Essential for communication cultural media leisure and consumption studies scholars and students alike this book opens up important new perspectives on how we understand global creativity This book was published as a special issue of Continuum Journal of Media and Cultural Studies
