Cohan, 2017-02-06 Accelerate your company s growth in a disciplined fashion This book provides leaders of large and small companies a proven comprehensive framework to think systematically about growth options and to yield practical strategies that produce faster growth Drawing insights from case studies of successful and unsuccessful companies strategy teacher and venture capitalist Peter Cohan models his systematic approach to brainstorming evaluating and implementing growth strategies across five dimensions Customers Geography Products Capabilities Culture He examines each of these five growth dimensions in turn selecting and organizing his cases to compare the growth strategies deployed successfully and unsuccessfully by large and small companies along the given dimension In each of his five dimensional chapters the author derives from his case analyses the key principles and processes for creating and achieving faster growth Professor Cohan draws on a network of hundreds of founders CEOs and investors developed through his decades of consulting authorship of 11 books and over five years as a Forbes columnist He shows through many compelling stories how leaders craft effective growth strategies Business leaders will learn the following lessons from this book Achieving rapid but sustainable growth is a

business leader s most important responsibility and leaders must approach this challenge with a mixture of vision intellectual humility and a willingness to experiment and learn from failure The growth challenges facing companies that are currently growing quickly differ from the ones that stagnating or shrinking companies must overcome Companies can achieve growth along one or more of the dimensions simultaneously and they often expand geographically to customers in the same segments Useful insights can emerge from comparing case studies of successful and unsuccessful companies pursuing similar growth strategies Companies should select a growth strategy based on three factors the attractiveness of the growth opportunity the company s capabilities to provide superior value to customers in the selected market and the expected return on investment in the growth vector Companies should select a growth strategy that best fits their capabilities and culture and they must enhance both to adapt to new growth opportunities Who This Book Is For The people in companies who are responsible for growth chief executive officers chief marketing officers chief product officers heads of business development product managers sales people and human resources managers

The Deals that Made the World Jacques

Peretti, 2018-03-27 Excellent Impressive Financial Times An award winning investigative journalist takes us inside the ten business deals that have transformed the modern world We tend to think of our world as controlled by forces we basically understand primarily the politicians we elect But in The Deals That Made the World Jacques Peretti makes a provocative and quite different argument much of the world around us from the food we eat to the products we buy to the medications we take is shaped by private negotiations and business deals few of us know about The Deals That Made the World takes us inside the sphere of these powerful players examining ten groundbreaking business deals that have transformed our modern economy Peretti reveals how corporate executives engineered an entire diet industry built on failure how PayPal conquered online payments and the specific behavioral science that underpins its success and how pharmaceutical executives concocted a plan to successfully market medications to healthy people For twenty years Peretti has interviewed the people behind the decisions that have altered our world from the CEOs of multinational corporations to politicians economists and scientists Drawing on his vast knowledge Peretti reveals a host of fascinating and startling connections from how Wall Street s actions on food commodities helped spark the Arab Spring to the link between the AIDS epidemic in 1980s San Francisco and the subprime mortgage crisis of 2008 Touching upon tech finance artificial intelligence and the other levers of power in a postglobalization environment Peretti offers a compelling way to understand the last hundred years and a suggestion of what the next hundred might hold An essential book for anyone seeking to understand the hidden forces that shape our modern economy The Deals That Made the World is illuminating and surprising and an immensely fun read
