Motherless Mothers How Losing A Mother Shapes The Parent You Become:

Motherless Mothers Hope Edelman, 2024-06-11 Edelman illuminates the transformative power of understanding mother loss and offers essential wisdom Library Journal When Hope Edelman author of the New York Times bestseller *Motherless Daughters* became a parent she found herself revisiting the loss of her mother in ways she had never anticipated Now the mother of two young girls Edelman set out to learn how the loss of a mother to death or abandonment can affect the ways women raise their own children In *Motherless Mothers* Edelman uses her own story as a prism to reveal the unique anxieties and desires that these women experience as they raise their children without the help of a living maternal guide In an impeccably researched luminously written book enriched by the voices of the mothers themselves and filled with practical insight and advice from experienced professionals she examines their parenting choices their triumphs and their fears and offers motherless mothers the guidance and support they want and need

The Birth of the Modern Mum Heather Irvine, 2014-06-01 So much of modern motherhood is targeted at looking good even when you feel crap and making your baby look good even though he or she won't settle or feed or stop crying all in the shortest time frame possible The Miranda Kerr and Heidi Klums of the world make it look easy have a baby and get back on the runway 2 minutes later with a flat stomach silky hair and glowing skin What about the mothers who get acne from pregnancy or whose hair turns grey or can't lose their baby belly in 10 seconds flat This book is for them Heather Irvine Clinical Psychologist and head of the R E A D Clinic appropriately balances clinical expertise with common sense mother appeal for mothers struggling in their baby's first year The *Birth of the Modern Mum* looks at the serious issues such as Postnatal Depression PND relationship changes and physical changes that mothers face in their first year with a new baby while still providing light hearted quick fixes that any mother can implement in short period of time Heather taps into the realistic image of motherhood leaving behind the doldrums of medical professionally written books The *Birth of the Modern Mum* is a book that any mother can be proud of It can be placed on the coffee table right next to the Women's Day or Famous magazines without shame should guests drop by Because whilst the book tackles the factors that underlie PND and related cognitive and affective dysfunction no mother wants to have a heavy PND title book sitting around in her lounge room And let's face it once a book is put away on the bookshelf in the life of a busy mum it's unlikely to come out again

Encyclopedia of Motherhood Andrea O'Reilly, 2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The *Encyclopedia of Motherhood* is a collection of approximately 700 articles in a three volume A to Z set exploring major topics related to motherhood from geographical historical and cultural entries to anthropological and psychological contributions In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The *Encyclopedia* is

a comprehensive resource designed to provide an understanding of the complexities of motherhood for academic and public libraries and is written by academics and institutional experts in the social and behavioural sciences **Hello Baby!**
