Instagram Moms are Full of Sh*t Lesley Prosko, 2024-06-06 Are you done with reels that show moms who make it look so easy when some mornings you don't even manage to get your hair brushed before taking your kids to school Have you ever been mom shamed for something you've done or haven't done for your children Or have you even unintentionally mom shamed someone else Are you tired of the unrealistic expectations of motherhood that is portrayed all over social media The truth is momming isn't about having it all figured out No mom has it all figured out Instagram Moms are Full of Sh*t To Hell With Mom Shaming shows the honest often chaotic realities of being a mom and knowing that in all the wonderful craziness they are doing a great job Writing from personal experience and input from other moms Lesley Prosko mother of two little ones takes an in depth look at some of the most common mom shaming themes considering cultural generational historical and parenting style differences including birth plans breastfeeding vs formula vaccinations child sleep habits working mom vs stay at home mom exercising while pregnant navigating screen time and more Told with insight humour and sporadic sarcasm this practical resource is designed to help real moms stop comparing themselves to other moms who want the world to think that every day is a great one because those moms are full of sh*t

The Mother's Manual Audrye S. Arbe, 2019-08-05 Who am I and where do I come to write this book I feel it necessary to address all aspects of motherhood so I decided to include both the sweetness and delight plus the shadow side of motherhood in this book Some challenging life situations occur that are vital for us to consider so I am including some disquieting statistics Because many women and men have refrained from checking within themselves or making an examination on emotional mental physical and spiritual planes about having children hardships have been created both personally and planetary

from a deeper sense of purpose and meaning The contributors though differing in their diagnoses and recommendations share the belief that this moment with its transformative possibility not be forfeit Equally they share the conviction that the chief ground of any such reorientation ineluctably involves our collective engagement with both ecology and theology

BACK COVER **Touch** Richard Kearney,2021-02-23 Our existence is increasingly lived at a distance As we move from flesh to image we are in danger of losing touch with each other and ourselves How can we combine the physical with the virtual our embodied experience with our global connectivity How can we come back to our senses Richard Kearney offers a timely call for the cultivation of the basic human need to touch and be touched He argues that touch is our most primordial

sense foundational to our individual and common selves Kearney explores the role of touch from ancient wisdom traditions to modern therapies He demonstrates that a fundamental aspect of touch is interdependence its inherently reciprocal nature which offers a crucial corrective to our fixation with control Making the case for the complementarity of touch and technology this book is a passionate plea to recover a tangible sense of community and the joys of life with others *Africa: Continent of Economic Opportunity* David Fick, 2007-04-01 Divided into geographic regions and representing every African nation this comprehensive collection of case studies explores how successful business enterprises of varying size along with community projects help to create jobs in Africa A valuable guide to conducting business anywhere on the continent this account also offers information on finding business opportunities and handling oft encountered problems **The Dirty Dozen** Bruce E. Johansen, 2003-06-30 Forty years after the publication of Rachel Carson's *Silent Spring* this important study examines the history industrial uses and harmful effects of the twelve most commonly used organochloride chemicals All have been fully or partially banned by the Stockholm Protocol an international treaty signed by about 120 countries in December 2000 Among the twelve are the dioxins the active ingredient in Agent Orange and polychlorinated biphenyls PCBs which are toxic in minute quantities Johansen pays special attention to the Inuit of the Arctic where these chemicals have been bio accumulating to dangerous levels moving up the food chain to a degree of toxicity that some Inuit mothers are no longer able to safely breast feed their infants The polar stratospheric ozone has been devastated by emissions of chlorofluorocarbons CFCs and new scientific findings connect global warming near the Earth's surface to significant cooling in the stratosphere This synergy aggravates ozone depletion because the chemical reactions that destroy the ozone become more energetic as temperatures drop Synthetic toxins have taken their toll on minority ethnic groups in the United States and persistent organic pollutants have inflicted physiological damage on humans and other animals Finally Johansen explores the estrogenic effects of such chemicals Sperm counts have declined as much as 50% in 50 years **Geographic Notes**, 1990
