Educational Oases in the Desert Jonathan Sciarcon, 2017-01-01 A history of the French schools that pioneered female education in Ottoman Iraq s Jewish communities During the late nineteenth and early twentieth centuries the Alliance Isra lite Universelle AIU a Paris based Jewish organization founded dozens of primary schools throughout the Middle East Many were the first formal educational institutions for local Jewish children In addition to providing secular education the schools attempted to change local customs and regenerate or uplift communities Educational Oases in the Desert explores the largely forgotten history of the AIU s schools for girls in Ottoman Iraq Drawing on extensive archival research Jonathan Sciarcon argues that teachers viewed female education through a gendered lens linked to their understanding of an ideal modern society As the primary educators of children women were seen as society s key agents of socialization The AIU thus concluded that its boys schools would never succeed in creating polished westernized men so long as women remained uneducated leading to the creation of schools for girls Sciarcon shows how headmistresses acted not just as educators but also as models of modernity trying to impart new moral and aesthetic norms onto students

The Routledge Handbook of the History of the Middle East Mandates Cyrus Schayegh, Andrew Arsan, 2015-06-05 The Routledge Handbook of the History of the Middle East Mandates provides an overview of the social political economic and cultural histories of the Middle East in the decades between the end of the First World War and the late 1940s when Britain and France abandoned their Mandates It also situates the history of the Mandates in their wider imperial international and global contexts incorporating them into broader narratives of the interwar decades In 27 thematically organised chapters the volume looks at various aspects of the Mandates such as The impact of the First World War and the development of a new state system The impact of the League of Nations and international governance Differing historical perspectives on the impact of the Mandates system Techniques and practices of government The political social economic and cultural experiences of the people living in and connected to the Mandates This book provides the reader with a guide to both the history of the Middle East Mandates and their complex relation with the broader structures of imperial and international life It will be a valuable resource for all scholars of this period of Middle Eastern and

world history **Remapping the Ottoman Middle East** Cem Emrence, 2015-12-18 As a result of the formation of the modern Turkish state nationalist narratives of the Ottoman Empire's collapse are commonplace Remapping the Ottoman Middle East on the other hand examines alternative and disparate routes to modernity during the nineteenth century Pursuing a comparison of different regions of the empire this book demonstrates that the Ottoman imperial universe was shaped by three distinct and simultaneous narratives market relations in its coastal areas imperial bureaucracy in the cities of central Anatolia Syria and Palestine and Islamic trust networks in the frontier regions of the Arabian Peninsula In weaving together these localized developments Cem Emrence departs from narratives of state centralism and suggests that a comprehensive way of understanding the late Ottoman world and its legacy should start from exploring regionally constituted and network based historical trajectories Introducing a persuasive new model for understanding the late Ottoman world this book will be essential reading for historians of the Ottoman Empire **Sunni City** Tine Gade, 2022-11-24 Tripoli Lebanon s Sunni City is often presented as an Islamist or even Jihadi city However this misleading label conceals a much deeper history of resistance and collaboration with the state and the wider region Based on more than a decade of fieldwork and using a broad array of primary sources Tine Gade analyses the modern history of Tripoli exploring the city's contentious politics its fluid political identity and the relations between Islamist and sectarian groups Offering an alternative explanation for Tripoli's decades of political troubles rather than emphasizing Islamic radicalism as the principal explanation she argues that it is Lebanese clientelism and the decay of the state that produced the rise of violent Islamist movements in Tripoli By providing a corrective to previous assumptions this book not only expands our understanding of Lebanese politics but of the wider religious and political dynamics in the Middle East *A Documentary History of Modern Iraq* Stacy E. Holden, 2012-07-08 Previously published histories and primary source collections on the Iraqi experience tend to be topically focused or dedicated to presenting a top down approach By contrast Stacy Holden's *A Documentary History of Modern Iraq* gives voice to ordinary Iraqis clarifying the experience of the Shiites Sunnis Kurds Jews and women over the past century Through varied documents ranging from short stories to treaties political speeches to memoirs and newspaper articles to book excerpts the work synthesizes previously marginalized perspectives of minorities and women with the voices of the political elite to provide an integrated picture of political change from the Ottoman Empire in 1903 to the end of the second Bush administration in 2008 Covering a broad range of topics this bottom up approach allows readers to fully immerse themselves in the lives of everyday Iraqis as they navigate regime shifts from the British to the Hashemite monarchy the political upheaval of the Persian Gulf wars and beyond Brief introductions to each excerpt provide context and suggest questions for classroom discussion This collection offers raw history untainted and unfiltered by modern political framework and thought representing a refreshing new approach to the study of Iraq *Between The Rivers: Combat Action In Iraq, 2003-2005 [Illustrated Edition]* John J. McGrath, 2014-08-15 Includes nine maps and one photo illustration Following World War II the

War Department Historical Division in 1946 published *Small Unit Actions* the study of some discrete battles drawn from three different theaters of war Nearly 20 years later toward the end of American combat in Vietnam the Office of the Chief of Military History again essayed to address small unit actions with the publication of *Seven Firefights in Vietnam* The present volume lies directly within the tradition of these predecessor works on small unit actions Since the fall of 2001 the U S Army along with the other American armed services has been engaged in military actions in Iraq and Afghanistan Because the current conflict has so many different fronts and facets no handful of small unit case studies could do justice to such a complex tapestry of events This book thus represents a volume that showcases the American soldier in combat operations within the context of the Global War on Terrorism The Long War This series of five case studies is drawn from events in Iraq Four of the studies discuss combat operations within a counterinsurgency framework at the company and battalion levels The final case study presents a deployment dilemma facing a brigade level task force commander when he was asked to replace a whole division in the same geographical space In each case the story is derived from oral interviews and key documents and is fully annotated The primary purpose for presenting these vignettes is to provide a vicarious education in what future participants will face as the War on Terrorism continues and beyond

Quicksilver War William Harris,2018-03-01

Quicksilver War is a panoramic political history of the wars that coursed through Syria and Iraq in the wake of the Arab Spring and eventually merged to become a regional catastrophe a kaleidoscopic and constantly shifting conflict involving many different parties and phases William Harris distils the highly complex dynamics behind the conflict starting with the brutalizing Baathist regimes in Damascus and Baghdad He charts the malignant consequences of incompetent US occupation of Iraq and Bashar al Assad s self righteous mismanagement of Syria through the implosion of Syria and the emergence of eastern and western theatres of war focused respectively on future control of Syria and the challenge of ISIS Beyond the immediate arena of conflict geopolitical riptides have also been set in motion including Turkey s embroilment in the war and the shifting circumstances of the Kurds This sweeping history addresses urgent questions for our time Will the world rubber stamp and bankroll the Russian led solution in Syria backed by Turkey and Iran Is the *Quicksilver War* about to reach an explosive finale Or will ongoing political maneuvering mutate into years of further violence

City of Black Gold Arbella

Bet-Shlomon,2023-05-25 This fine social history of the city of Kirkuk in northern Iraq traces a century of political upheaval John Waterbury Foreign Affairs Kirkuk is Iraq s most multilingual city for millennia home to a diverse population It was also where in 1927 a foreign company first struck oil in Iraq Over the following decades Kirkuk became the heart of Iraq s booming petroleum industry *City of Black Gold* tells a story of oil urbanization and colonialism in Kirkuk and how these factors shaped the identities of Kirkuk s citizens forming the foundation of an ethnic conflict Arbella Bet Shlomon reconstructs the twentieth century history of Kirkuk to question the assumptions about the past underpinning today s ethnic divisions In the early 1920s when the Iraqi state was formed under British administration group identities in Kirkuk were

fluid But as the oil industry fostered colonial power and Baghdad's influence over Kirkuk intercommunal violence and competing claims to the city's history took hold The ethnicities of Kurds Turkmens and Arabs in Kirkuk were formed throughout a century of urban development interactions between communities and political mobilization Ultimately this book shows how contentious politics in disputed areas are not primordial traits of those regions but are a modern phenomenon tightly bound to the society and economics of urban life Praise for *City of Black Gold* Blending smooth storytelling and sharp analysis Arbella Bet Shlimon challenges readers to rethink much of what passes as conventional wisdom about Iraq and about power oil and ethnicity in the twentieth century A wonderful book richly documented accessible and creative Toby C Jones Rutgers University *City of Black Gold* is essential for anyone interested in the modern history of Iraq and the roots of the standoff between the government in Baghdad and the Kurdistan regional government Written with care and sensitivity Arbella Bet Shlimon's history of Kirkuk is a delight to read Joost Hiltermann Middle East and North Africa Program Director International Crisis Group This remarkable study of Kirkuk uncovers the ways in which the city became and did not become part of the Iraqi state Arbella Bet Shlimon bravely covers silenced histories as she encourages us to look at Iraqi history through its northern urban peripheries A fascinating urban history Orit Bashkin University of Chicago

The Commander Laila Parsons, 2025-09-23 Revered by some as the Arab Garibaldi maligned by others as an intriguer and opportunist Fawzi al Qawuqji manned the ramparts of Arab history for four decades As a young officer in the Ottoman Army he fought the British in the First World War and won an Iron Cross In the 1920s he mastered the arts of insurgency and helped lead a massive uprising against the French authorities in Syria A decade later he reappeared in Palestine where he helped direct the Arab revolt of 1936 When an effort to overthrow the British rulers of Iraq failed he moved to Germany where he spent much of the Second World War battling his fellow exile the Mufti of Jerusalem who had accused him of being a British spy In 1947 Qawuqji made a daring escape from Allied occupied Berlin and sought once again to shape his region's history In his most famous role he would command the Arab Liberation Army in the Arab Israeli war of 1948 In this well crafted definitive biography Laila Parsons tells Qawuqji's dramatic story and sets it in the full context of his turbulent times Following Israel's decisive victory Qawuqji was widely faulted as a poor commander with possibly dubious motives Parsons shows us that the truth was more complex Although he doubtless made some strategic mistakes he never gave up fighting for Arab independence and unity even as those ideals were undermined by powers inside and outside the Arab world

Empire and Education under the Ottomans Emine O. Evered, 2012-05-27 Once hailed as the eternal state the Ottoman Empire was in decline by the end of the nineteenth century finally collapsing under the pressures of World War I Yet its legacies are still apparent and few have had more impact than those of its schools and educational policies *Empire and Education under the Ottomans* analyses the Empire's educational politics from the mid nineteenth century amidst the Tanzimat reform period until The Young Turk Revolution in 1908 Through a focus on the regional impact of decrees from Istanbul Emine O Evered

unravels the complexities of the era demonstrating how educational changes devised to strengthen the Empire actually hastened its demise This book is the first history of education in the Ottoman Middle East to evaluate policies in the context of local responses and resistance and includes the first published English translation of the watershed 1869 Ottoman Education Law A stimulating and impressively researched study it represents an important new addition to the historiography of the Ottoman Empire and will be essential for those researching its lasting legacy **Reinterpreting**

Indian Ocean Worlds Stefan C. A. Halikowski Smith,2011-05-25 The Indian Ocean World was an idea borne out by researchers in economic history and trade in the 1980s in response to the compartmentalization of specific area studies within the wider rubric of Asian civilisations and culture Professor Kirti N Chaudhuri s books *Trading World of Asia* and the *English East India Company* 1978 and then *Trade and Civilization in the Indian Ocean* 1985 figured amongst the forefront of this new movement in historical thinking undertaking detailed historical analysis first of the English East India Company and then a comparative cultural history of Asian material life and civilisation Today historians continue to hold on to the idea of an Indian Ocean world although studies now follow a number of different threads from themes like linguistics and creolization to the seeds of national consciousness By presenting a number of studies here gathered into the themes of *Intermixing The World of Trade and Colonial Paths* it is hoped we can render tribute to one of the outstanding historians in this field and reflect the plenitude of current research in this subject area *Shadow Globalization, Ethnic Conflicts and*

New Wars Dietrich Jung,2002-12-26 Focusing on the political economy of so called new wars this book presents a series of studies that analyse the complexities of current warfare by moving from the global sphere to local spots of organised violence It thus raises questions about the very idea of intra state wars and shows that these wars are inseparably linked to the global economy *The Rowman & Littlefield Handbook of Christianity in the Middle East* Mitri Raheb,Mark A. Lamport,2020-12-15

This work represents the current and most relevant content on the studies of how Christianity has fared in the ancient home of its founder and birth Much has been written about Christianity and how it has survived since its migration out of its homeland but this comprehensive reference work reassesses the geographic and demographic impact of the dramatic changes in this perennially combustible world region The Rowman Littlefield Handbook of Christianity in the Middle East also spans the historical socio political and contemporary settings of the region and importantly describes the interactions that Christianity has had with other major minor religions in the region **Kadim 7** Arif Bilgin,2024-04-15 Osmanlı ara tırmalar na m nhas r alt ayda bir Nisan ve Ekim ne redilen a k eri imli ift k r hakem sistemli akademik dergi Double blind peer reviewed open access academic journal published semiannually April and October in the fields of Ottoman Studies

Christianophobia Rupert Shortt,2013-05-16 On October 29 2005 three Indonesian schoolgirls were beheaded as they walked to school targeted because they were Christian Like them many Christians around the world suffer violence or discrimination for their faith In fact more Christians than people of any other faith group now live under threat Why is this

religious persecution so widely ignored In *Christianophobia* Rupert Shortt investigates the shocking treatment of Christians on several continents and exposes the extent of official collusion Christian believers generally don't become radicalized but tend to resist nonviolently and keep a low profile which has enabled politicians and the media to play down a problem of huge dimensions The book is replete with relevant historical background to place events within their appropriate political and social context Shortt demonstrates how freedom of belief is the canary in the mine for freedom in general Published at a time when the fundamental importance of faith on the world stage is being recognized more than ever this book will be essential reading for anyone interested in people's right to religious freedom no matter where or among whom they live *Locusts of Power* Samuel Dolbee, 2023-05-25 In this highly original environmental history Samuel Dolbee sheds new light on borders and state formation by following locusts and revealing how they shaped both the environment and people's imaginations from the late Ottoman Empire to the Second World War Drawing on a wide range of archival research in multiple languages Dolbee details environmental political and spatial transformations in the region's history by tracing the movements of locusts and their intimate relationship to people in motion including Arab and Kurdish nomads Armenian deportees and Assyrian refugees as well as states of the region With locusts and moving people at center stage surprising continuities and ruptures appear in the Jazira the borderlands of today's Iraq Syria and Turkey Transcending approaches focused on the collapse of the Ottoman Empire or the creation of nation states Dolbee provides a new perspective on the modern Middle East grounded in environmental change state violence and popular resistance *Basra, the Failed Gulf State* Reidar Visser, 2005 Is Iraq artificial on the verge of disintegrating All too often the answers to this question ignore Iraq's own history In fact the literature on indigenous attempts at dismembering Iraq is surprisingly patchy especially with regard to the oil rich south This book presents for the first time an actual case of southern Iraqi separatism a daring bid to turn Basra into a pro British mercantile mini state The study uncovers the dynamics and limits of southern separatism casts new light on the victory of Iraqi nationalism in the south and discusses the challenges of post 2003 regionalism in a federal Iraq
