and buried so too were women's rites of passage into our wild intuitive femininity and maturity With Maiden to Mother Sarah Durham Wilson excavates these ancient rites guiding us through a sacred and crucial initiation from the immature Maiden into the archetypal Mother the powerful safe compassionate full bloom feminine life force that exists within all of us Becoming the Mother is every woman's birthright regardless of whether or not she raises children The Mother is who we needed as a child who we were meant to be in this life and who the world needs us to be now Wilson teaches that while pre patriarchal cultures honored women's natural cycles today's society infantilizes women idolizing youthful traits such as pretty pleasing and polite in order to keep us distracted and dependent While a healthy version of the Maiden will always remain part of us there comes a time when we must no longer let her wounds and immaturity guide our lives We must step into our mature feminine fullness In this journey you will travel with Inanna the ancient Sumerian goddess who ventured through the Underworld to meet her severed dark sister and emerged fully integrated and empowered giving us an archetypal map to inner strength and wholeness Through personal stories rituals teachings and practices Wilson helps women heal the Mother Wound and dismantle our internalized patriarchy with its false constricting standards for the feminine so we may live with authenticity and feast on the richness of life Midlife is not as our culture proposes where a woman's power ends writes Wilson but where it really begins
