Women as Unseen Characters Pascale Bonnemère, 2013-03-26 Rituals have always been a focus of ethnographies of Melanesia providing a ground for important theorizing in anthropology This is especially true of the male initiation rituals that until recently were held in Papua New Guinea For the most part these rituals have been understood as all male institutions intended to maintain and legitimate male domination Women's exclusion from the forest space where men conducted most such rites has been taken as a sign of their exclusion from the entire ritual process Women as Unseen Characters is the first book to examine the role of females in Papua New Guinea male rituals and the first systematic treatment of this issue for any part of the world In this volume leading Melanesian scholars build on recent ethnographies that show how female kin had roles in male rituals that had previously gone unseen Female seclusion and the enforcement of taboos were crucial elements of the ritual process forms of presence in their own right Contributors here provide detailed accounts of the different kinds of female presence in various Papua New Guinea male rituals When these are restored to the picture the rituals can no longer be interpreted merely as an institution for reproducing male domination but must also be understood as a moment when the whole system of relations binding a male person to his kin is reorganized By dealing with the participation of women a totally neglected dimension of male rituals is added to our understanding

Mothers Jacqueline Rose, 2018-05-01 A daring and provocative book length essay on why we both romanticize and vilify mothers A sort of Rosetta Stone for the moment that examines the particular mix of fascination and dread that mothers

engender Rose is a calm and stylish writer whose rangy essays have become indispensable reading during the current reckoning around power and sexuality The New York Times A simple argument guides this book motherhood is the place in our culture where we lodge or rather bury the reality of our own conflicts By making mothers the objects of both licensed idealization and cruelty we blind ourselves to the world's iniquities and shut down the portals of the heart Mothers are the ultimate scapegoat for our personal and political failings for everything that is wrong with the world which becomes their task unrealizable of course to repair Moving commandingly between pop cultural references such as Roald Dahl's Matilda to insights on motherhood in the ancient world and the contemporary stigmatization of single mothers Jacqueline Rose delivers a groundbreaking report into something so prevalent we hardly notice Mothers is an incisive rousing call to action from one of our most important contemporary thinkers Mothers is a passionate polemic Rose's intellectual range is dazzling The Economist Rose's book distills a lifetime of psychoanalytic literary and political engagement into a fierce generous study of human complexity one which pushes us to reckon with the urgent question of how we might stop tearing mothers and the world to pieces Maggie Nelson author of The Argonauts
