book will provide valuable insight into the marketing do's and don'ts of the industry. While there are many companies and verticals for advertising, the best options are chosen by first understanding the industry, the marketing climate, the competition, and what effective marketing actually entails. This book is filled with resources for outfitters, guides, and hunting ranches that are struggling to make sales and on a budget. You will learn tips and tricks of marketing experts to help you develop a cost-effective and results-oriented marketing strategy for your outdoor industry business. Knowledge is power in the field of marketing, and if you do not possess this knowledge, you could waste thousands of dollars in ineffective marketing. As the old saying goes, "If you give a hungry man a fish, he will be able to fill his belly; if you teach him to fish, he will be able to survive."

Digital Entrepreneurship Mariusz Soltanifar, Mathew Hughes, Lutz Göcke, 2020-11-13. This open access book explores the global challenges and experiences related to digital entrepreneurial activities using carefully selected examples from leading companies and economies that shape world business today and tomorrow. Digital entrepreneurship and the companies steering it have an enormous global impact; they promise to transform the business world and change the way we communicate with each other. These companies use digitalization and artificial intelligence to enhance the quality of decisions and augment their business and customer operations. This book demonstrates how cloud services are continuing to evolve, how cryptocurrencies are traded in the banking industry, how platforms are created to commercialize business, and how taken together, these developments provide new opportunities in the digitalized era. Further, it discusses a wide range of digital factors changing the way businesses operate, including artificial intelligence, chatbots, voice search, augmented and virtual reality, as well as cyber threats and data privacy management. Digitalization mirrors the Industrial Revolution's impact. This book provides a complement of perspectives on the opportunities emanating from such a deep-seated change in our economy. It is a comprehensive collection of thought leadership mapped into a very useful framework. Scholars, digital entrepreneurs, and practitioners will benefit from this timely work.

Gina O'Connor, Professor of Innovation Management at Babson College, USA. This book defines and delineates the requirements for companies to enable their businesses to succeed in a post-COVID19 world. This book deftly examines how to accomplish and achieve digital entrepreneurship by leveraging cloud computing, AI, IoT, and other critical technologies. This is truly a unique must-read book because it goes beyond theory and provides practical examples.

Charlie Isaacs, CTO of Customer Connection at Salesforce.com, USA. This book provides digital entrepreneurs useful guidance identifying, validating, and building their venture. The international authors developed new perspectives on digital entrepreneurship that can support to create impact ventures.
