Independence in 21st-Century Popular Music Shannon

Garland,Pedro Belchior Nunes,Pedro Roxo,2025-01-23 Can music be made independently in the 21st century More than a generation of musicians music workers and music companies have now been operating in the context of the profound shifts in music production and dissemination in the digital era Scholarly focus on musical independence has often been centered on genres like punk and indie rooted in the US and UK This volume focused outside the Euro American context shows the variety of ways musicians music workers and businesses manage the economic media and cultural shifts propelled by digitalization asking what it means now to say one is independent It brings together scholars from around the globe who are researching forms of music production circulation consumption and finance that blur the boundaries between the dominant corporate players and independent cultural production With chapters detailing popular music in Argentina Brazil Chile Cuba Indonesia Portugal Spain and Taiwan independence is shown to be a concept and practice simultaneously nebulous contradictory and practical

Music and Digital Media Georgina Born,2022-09-12

Anthropology has neglected the study of music and this needs to be redressed This book sets out to show how and why It does so by bringing music to the subfield of digital anthropology arguing that digital anthropology has much to gain by expanding its horizons to music becoming more interdisciplinary by reference to digital media studies music and sound studies Music and Digital Media is the first comparative ethnographic study of the impact of digital media on music worldwide It offers a radical and lucid new theoretical framework for understanding digital media through music showing that music is today where the promises and problems of the digital assume clamouring audibility while acting as a testing ground for innovations in the digital cultural

industries The book contains ten chapters eight of which present comprehensive original ethnographies The chapters between them addresses popular folk and art musics in the global South and North including Kenya Argentina India Canada and the UK Europe with each chapter providing a different regional or digital focus The book is unique in bringing ethnographic research on popular folk and art musics from the global North and South into a comparative framework on a large scale and creates an innovative new paradigm for comparative anthropology Praise for Music and Digital Media This exciting volume forges new ground in the study of local conditions institutions and sounds of digital music in the Global South and North The book's planetary scope and its commitment to the messiness of ethnographic sites and concepts amplifies emergent configurations and meanings of music the digital and the aesthetic Marina Peterson University of Texas Austin The global drama of music's digitisation elicits extreme responses from catastrophe to piratical opportunism but between them lie more nuanced perspectives This timely absolutely necessary collection applies anthropological understanding to a deliriously immersive field bringing welcome clarity to complex processes whose impact is felt far beyond what we call music David Toop London College of Communication Spanning continents and academic disciplines the rich ethnographies contained in Music and Digital Media makes it obligatory reading for anyone wishing to understand the complex contradictory and momentous effects that digitization is having on musical cultures Eric Drott University of Texas Austin This superb collection with an authoritative overview as its introduction represents the state of the art in studies of the digitalisation of music It is also a testament to what anthropology at its reflexive best can offer the rest of the social sciences and humanities David Hesmondhalgh University of Leeds Music and Digital Media is a groundbreaking update to our understandings of sound media digitization and music Truly transdisciplinary and transnational in scope it innovates methodologically through new models for collaboration multi sited ethnography and comparative work It also offers an important defense of and advancement of theories of mediation Jonathan Sterne McGill University Music and Digital Media is a nuanced exploration of the burgeoning digital music scene across both the global North and the global South Ethnographically rich and theoretically sophisticated this collection will become the new standard for this field Anna Tsing co editor of Feral Atlas The More than Human Anthropocene
