Decision and Decision-maker in an Industrial Environment Lamia Berrah, Vincent Clivillé, 2023-07-26 Decision and Decision maker in an Industrial Environment developed around the observation that two different decision makers faced with the same problem may not make the same decision The book proposes explanations for this ranging from the wholly rational to the irrational and analyzes different factors in decision making such as the intention of the decision maker the environment in which their decision is made or the process leading to decision making While the common belief is that everything in an industrial environment stems from reasoned decisions analysis of common practice shows that this is not always the case This book offers an original perspective by presenting the decision making mechanism from the point of view of the decision maker and their handling of a specific decision making problem To learn more about the decision maker's motivations when faced with these situations the authors provide a review of the history of decisionmaking and the major trends in decision making theory The concepts and methods are presented with illustrations based on the use of an MES an industrial management software package

The Newbie Author's Survival Guide A.K. Taylor, 2016-11 After crash landing into self publishing with nothing but the clothes she had on author AK Taylor fought for survival with trying to market her books on a small budget After two years of trial and error reworking refining and reaching out she has created the first survival guide for book marketing compiled of great tools and resources that can be used by any author during the rough times Comparing the book marketing wilderness with the real wilderness is how Taylor viewed the publishing world around her Growing up in the woods and learning survival skills has given her this unique viewpoint for a different kind of world When she started her search for information a book marketing survival guide didn't exist until now Short Have you ever been lost in the wilderness Being lost in the wilderness is more dangerous and scarier than being lost anywhere else and more things can happen Book marketing is just like being lost in the real wilderness with pitfalls

dangerous plants and animals and knowing what is needed to survive during the rough times Using outdoor survival skills and applying them to book marketing AK Taylor has created the first survival guide for book marketing on a small budget
