Childfree Across the Disciplines Davinia Thornley,2022-04-15 Childfree across the Disciplines Academic and Activist Perspectives on Not Choosing Children focuses on the relationship between childfreedom social ideologies and community activism The authors ask and frequently answer the question how do childfree people negotiate their subjectivity in a changing demographic economic media saturated cultural landscape Affect and Emotion in Multi-Religious Secular Societies Christian von Scheve,Anna Berg,Meike Haken,Nur Ural,2019-09-16 Emotions have moved center stage in many contemporary debates over religious diversity and multicultural recognition As in other contested fields emotions are often one sidedly discussed as quintessentially subjective and individual phenomena neglecting their social and cultural constitution Moreover emotionality in these debates is frequently attributed to the religious subject alone disregarding the affective anatomy of the secular This volume addresses these shortcomings bringing into conversation a variety of disciplinary perspectives on religious and secular affect and emotion The volume emphasizes two analytical perspectives on the one hand chapters take an immanent perspective focusing on subjective feelings and emotions in relation to the religious and the secular On the other hand chapters take a relational perspective looking at the role of affect and emotion in how the religious and the secular constitute one another These perspectives cut across the three main parts of the volume the first one addressing historical intertwinements of religion and emotion the second part emphasizing affects emotions and religiosity and the third part looking at specific sensibilities of the secular The thirteen chapters provide a well balanced composition of theoretical methodological and empirical approaches to these areas of inquiry discussing both historical and contemporary cases The Restored Masculinity Conrad Riker, Say No to Modern Society s War on Men Are

you tired of being emasculated and undervalued in today's society Do you want to regain your masculine identity and protect the traditional values that have made our world stronger 1 Uncover the differences between men and women that make them complementary 2 Discover the consequences of adopting unnatural behaviors through societal rewiring 3 Evaluate the impact of feminist ideologies on the traditional family structure 4 Explore the historical significance and the demonization of chivalry 5 Examine the consequences of emasculating boys and men 6 Understand the rise of the beta male and the gynocentric society's consequences 7 Rediscover the importance of traditional masculine virtues 8 Learn how to reclaim your masculine identity and protect the values that have been lost If you want to understand the intricacies of masculinity and how to reclaim your identity in today's challenging world then buy *The Restored Masculinity* today [A History of Fake Things on the Internet](#) Walter Scheirer, 2023-12-05 A Next Big Idea Club Must Read for December 2023 As all aspects of our social and informational lives increasingly migrate online the line between what is real and what is digitally fabricated grows ever thinner and that fake content has undeniable real world consequences *A History of Fake Things on the Internet* takes the long view of how advances in technology brought us to the point where faked texts images and video content are nearly indistinguishable from what is authentic or true Computer scientist Walter J Scheirer takes a deep dive into the origins of fake news conspiracy theories reports of the paranormal and other deviations from reality that have become part of mainstream culture from image manipulation in the nineteenth century darkroom to the literary stylings of large language models like ChatGPT Scheirer investigates the origins of Internet fakes from early hoaxes that traversed the globe via Bulletin Board Systems BBSs USENET and a new messaging technology called email to today's hyperrealistic AI generated Deepfakes An expert in machine learning and recognition Scheirer breaks down the technical advances that made new developments in digital deception possible and shares behind the screens details of early Internet era pranks that have become touchstones of hacker lore His story introduces us to the visionaries and mischief makers who first deployed digital fakery and continue to influence how digital manipulation works and doesn't today computer hackers digital artists media forensics specialists and AI researchers Ultimately Scheirer argues that problems associated with fake content are not intrinsic properties of the content itself but rather stem from human behavior demonstrating our capacity for both creativity and destruction **The Twin Film Phenomenon** Lauren Rosewarne, 2025-11-18 This book examines the recurring phenomenon in film and television where two strikingly similar productions are released in close succession Examples include *Armageddon* 1998 and *Deep Impact* 1998 *A Bug's Life* 1998 and *Antz* 1998 and more recently the 2019 *Fyre Festival* documentaries and the 2024 *Prince Andrew* docudramas Drawing from hundreds of cases this book explores why these twin productions emerge the industrial and creative forces that drive them and how they reflect broader trends in media history Situating this pattern within the fields of remake adaptation and media multiplicities studies this book provides a comprehensive analysis of this largely understudied yet pervasive phenomenon Each chapter examines different motivations

behind the creation of twin films and TV shows from economic imperatives and competitive market dynamics to shared cultural anxieties and trends in audience demand This book presents a meticulous catalogue of examples demonstrating how genres and themes gain traction simultaneously across different studios and networks In addition to offering historical insights this book engages with contemporary debates on media repetition nostalgia and Hollywood's fixation on reproducing familiar narratives Written by an author with extensive expertise in media studies this book combines exhaustive research with a clear accessible style making it an essential resource for understanding the mechanisms behind content duplication in the entertainment industry Academically this book contributes to scholarship in film television and media studies by applying an interdisciplinary approach that integrates political science feminist theory and cultural analysis It draws on close readings of films industry reports and a dataset of critical reviews to provide fresh perspectives on media production and consumption As a valuable resource for students and scholars alike it enriches discussions on screen media industrial production and the cultural forces shaping contemporary entertainment

Ideological and Political Bias in Psychology Craig L. Frisby, Richard E. Redding, William T. O'Donohue, Scott O. Lilienfeld, 2023-09-13 This book examines the traditional assumptions made by academics and professionals alike that have embedded sociopolitical biases that impede practice and undermine efforts to achieve an objective scientific status If allowed to go unchallenged the credibility of psychology as a discipline is compromised This contributed volume thoroughly and comprehensively examines this concern in a conceptually and empirically rigorous manner and offers constructive solutions for minimizing undue political influences within the field of psychology Societies in the 21st century desperately need reliable psychological science but we don't have it This important volume explains one of the main reasons why we are making little progress on any issue that gets contaminated by the left right culture war because the field of psychology is an enthusiastic member of one of the two teams so it rejects findings and researchers who question its ideological commitments The authors of this engaging volume also show us the way out They diagnose the social dynamics of bias and point to reforms that would give us the psychology that we need to address 21st century problems Jonathan Haidt Thomas Cooley Professor of Ethical Leadership NYU Stern School of Business and author of *The Righteous Mind* The boundaries of free speech censorship moral cultures social justice and ideological biases are among the many incendiary topics discussed in this book If you are looking for a deep dive into real world contemporary controversies *Ideological and Political Bias in Psychology* fits the bill The chapters are thoughtful and thought provoking Most readers will find something to agree with and something to rage at in almost every chapter It just may change how you think about some of these topics Diane F Halpern Professor of Psychology Emerita Claremont McKenna College and Past President American Psychological Association Unless the political left is always correct about everything in which case we wouldn't need to do research we could just ask a leftist the growing political monoculture of social science is a major barrier to our search for the truth This volume shows how ideological bias should be treated as a source of research error up there

with classic methodological flaws like non random assignment and non blind measurement Steven Pinker Johnstone Professor of Psychology Harvard University and the author of Rationality An important read for academics curious about how their politics fashions beliefs that too often are uncritically taken for granted and for non academics wondering why we can't shake off the politics that so influences scientific work Vernon Smith Nobel Laureate in Economic Sciences and George L. Argyros Chair in Finance and Economics Chapman University Advances and deepens empirically rigorous scholarship into biased political influences affecting academic and professional psychology Offers constructive solutions for minimizing undue political influences within psychology and moving the field forward Serves as a resource for psychological academicians researchers practitioners and consultants seeking to restore the principles of accurate science and effective practice to their respective areas of research
