Machine Learning in Biomedical and Health Informatics Sudip Kumar Sahana, Rajendrani Mukherjee, Panchali Datta Choudhury, Prasenjit Chatterjee, 2025-09-23

Machine learning is playing an indispensable role in framing clinical decisions and enhancing accuracy. This new book offers a comprehensive take on the field of biomedical and health informatics, discussing topics that include predictive health analytics, pandemic management, AI ethics, application and integration of Internet of Things, and machine learning for effective healthcare and more. The book covers a range of bioinformatics tools and methods and their relation to drug designing and drug screening using ML. Several chapters cover clustering techniques and other methods for analyzing human heart-related disorders. The authors also explore the use of ML in creating adaptive therapies for using chemotherapy and androgen deprivation therapy for prostate cancer and for tracking diseases such as Parkinson's, Speech, Covid-19, and others. Case studies are included that demonstrate the practical use of ML in healthcare informatics.

,1861 *The Return of the Russian Leviathan* Sergei Medvedev,2019-12-18 Winner of the 2020 Pushkin House Book Prize Russia s relationship with its neighbours and with the West has worsened dramatically in recent years Under Vladimir Putin s leadership the country has annexed Crimea begun a war in Eastern Ukraine used chemical weapons on the streets of the UK and created an army of Internet trolls to meddle in the US presidential elections How should we understand this apparent relapse into aggressive imperialism and militarism In this book Sergei Medvedev argues that this new wave of Russian nationalism is the result of mentalities that have long been embedded within the Russian psyche Whereas in the West the turbulent social changes of the 1960s and a rising awareness of the legacy of colonialism have modernized attitudes Russia has been stymied by an enduring sense of superiority over its neighbours alongside a painful nostalgia for empire It is this infantilized and irrational worldview that Putin and others have exploited as seen most clearly in Russia s recent foreign policy decisions including the annexation of Crimea This sharp and insightful book full of irony and humour shows how the archaic forces of imperial revanchism have been brought back to life shaking Russian society and threatening the outside world It will be of great interest to anyone trying to understand the forces shaping Russian politics and society today Also available as an audiobook *THE RETURN OF THE ROYAL STUARTS 2024: THE NEW BEGINNING* Maria Davis, The author makes a case for her claim as the rightful Queen of England as a Royal Stuart and declares that a DNA test will prove this out She states that she also has a claim on the United States through the land claim made by King Henry VII through his

proxy John Cabot wherein he claimed the American mainland for himself and his heirs The author also details how her foster father turned out to be the Grimes sisters killer **Manual for Use of the Legislature of the State of New York** New York (State).
