Laura Lorhan, 2025-08-01 *Puzzling Modernism in Twentieth Century Literature* identifies a sustained interest in puzzles such as the jigsaw and Fifteen Puzzle dating back to the 1880s in the United States and argues that puzzles appealed to modernist authors because they offer a framework for acknowledging the grim realities of modern life without sacrificing the possibility for reconnection and regaining a sense of wholeness However puzzles also

participate in exclusionary discourses and advance regressive agendas particularly when administered as intelligence tests Far more than aesthetic models then puzzles serve modernist writers as tools for revealing and frequently subverting the rhetorical ends to which these seemingly innocent and trivial pastimes have been put This volume examines how Ezra Pound T S Eliot Dorothy Parker Djuna Barnes Jean Toomer and Carson McCullers intervened in cultural debates about race gender sexuality and belonging via their selection of specific puzzles as aesthetic influences and touchstones for interrogating received ideas Geared toward specialists in twentieth century Anglo American literature this book is nonetheless accessible to undergraduates and other educated readerships Blending close reading with cultural history *Puzzling Modernism in Twentieth Century Literature* offers a nuanced view of American literary history from a time not unlike our own in which nativism intolerance and fear were endemic

The Human Relationship to Nature Matthew R. Foster, 2016-11-02
Growing alarm over the harm done by humans to the natural world and even to the viability of our own industrial civilization compels us to ask the deeper moral question What should be the human relationship to nature Matthew R Foster starts by assessing three contrasting patterns of moral reasoning the Progress Ethic that created the world we live in the biblically inspired Stewardship Ethic and the Connection Ethic based on scientific understanding of the interdependence of all natural entities Critical analysis reveals that none of these ethics is able to sustain the values it advocates due to two unsupportable presumptions that the norms of human morality are commensurate with the natural world and that the value of an entity is

an intrinsic property Foster argues that in order for a future environmental ethic to be both logically coherent and environmentally constructive it must start from unconventional notions First because nature will never be commensurate with human moral reasoning non rational resources must be employed despite the risks involved Second value resides in the relationship of one entity to another and does not belong intrinsically to either in short value is foremost a verb rather than a noun Foster proposes a new paradigm attentive to the realm of value relations among all natural entities one which offers mediating opportunities between nature and morality In this new ethic there are no shoulds Rather moral responsibilities to the natural entities around us are elective placing us in an unfamiliar yet potentially liberating network of relationships This book will be of interest to scholars both instructors and students of environmental ethics philosophy religion and intellectual history and all who are concerned about the environmental challenges of our time *Wild Hunt Books 10-12* Yasmine Galenorn, 2025-06-18 Follow the lives of Ember and Herne and Raven and Kipa through the epic adventure of the Wild Hunt a divine agency set up to keep the peace between the warring Fae Courts From tackling monsters to hate groups to angry goddesses the crew of the Wild Hunt create bonds that will last a lifetime and beyond Collection 4 includes The Eternal Return Sun Broken Witching Moon The Eternal Return With the Tuathan Brotherhood taken care of Ember and the Wild Hunt gear up for the coming darkness that threatens to plunge their lives into chaos But first they take on the ancient liche who stole Talia's powers Sun Broken Typhon the Father of Dragons is rising and in his wake so are throngs of the departed Amid the fallout a serial killer who has been possessed by Typhon emerges targeting necromancers psychics and anyone who can control or deal with the dead Witching Moon Still shaken from her run in with the serial killer Raven turns to a new and unlikely friend But the Ante Fae Trinity has dark secrets in his background and he threatens to destabilize Raven and Kipa's relationship When Trinity introduces Raven to a secret garden it quickly becomes the place of nightmares Will Raven's recklessness endanger her friends as well as herself KEYWORDS TROPES Fae Gods and Goddesses Demigods witches vampires romance urban fantasy fantasy magic shapeshifters faerie Fae fairy weres coyote shifter stag shifter ghosts dragons psychic elemental magic wolf shifters strong women kickass heroine steamy gargoyle cats mystery demigod romance fae romance steamy dwarves amazons elementals mythic fantasy surprising allies other realms changes in life challenging foes fantastic friendships Pacific North West spells magical creatures Celtic Norse Finnish mythology **Transcript of the Enrollment Books** New York (N.Y.).
