Navigating the New Retail Landscape Alan Treadgold, Jonathan Reynolds, 2016-06-24 The retail industry globally is in the early stages of an era of profound perhaps unprecedented change This book is intended to serve as a robust and practical guide to leaders of enterprises tasked with both understanding and delivering success in the new landscape of retailing The book firstly describes the major directions and drivers of change that define the new global landscape of retailing Part 1 Accelerating technology change the rise to prominence globally of internet enabled shoppers and the rapid emergence of entirely new retail enterprises and business models are combining to re shape the very fundamentals of the retail industry No longer are shops needed to be in the business of retailing No longer is choice for the shopper limited to the neighbourhood town or even country in which they live No longer is the act of retailing solely the preserve of traditional retail enterprises as internet enabled businesses technology logistics suppliers and financial services enterprises all seek direct relationships with the shopper The new landscape of retailing is an unforgiving one Success can be achieved more quickly than has ever been possible before but failure is equally rapid The opportunities in the new landscape of retailing are profound but so too are the challenges Part 2 of this book discusses the structures skills and capabilities retail enterprises will need if they are to be successful in this new landscape and the skills and perspectives that will be required of the leaders of retail enterprises Case studies of innovative and successful enterprises are presented throughout the book to illustrate the themes discussed Frameworks are presented to provide practical guidance for enterprise leaders to understand and contextualise the nature of change that is re shaping retail landscapes globally Clear guidance is given of the capabilities skills and perspectives that will be needed at both an enterprise and a personal leadership level to deliver success in the new

landscape of retailing *What Went Wrong* George R. Tyler, 2013-07-16 Something has gone seriously wrong with the American economy The American economy has experienced considerable growth in the last 30 years But virtually none of this growth has trickled down to the average American Incomes have been flat since 1985 Inequality has grown and social mobility has dropped dramatically Equally troubling these policies have been devastating to both American productivity and our long term competitiveness Many reasons for these failures have been proposed Globalization Union greed Outsourcing But none of these explanations can address the harsh truth that many countries around the world are dramatically outperforming the U S in delivering broad middle class prosperity And this is despite the fact that these countries are more exposed than America to outsourcing and globalization and have much higher levels of union membership In *What Went Wrong* George R Tyler a veteran of the World Bank and the Treasury Department takes the reader through an objective and data rich examination of the American experience over the last 30 years He provides a fascinating comparison between the America and the experience of the family capitalism countries Australia Austria Belgium Denmark France Germany the Netherlands and Sweden Over the last 30 years they have outperformed the U S economy by the only metric that really matters delivering better lives for their citizens The policies adopted by the family capitalist countries aren't socialist or foreign They are the same policies that made the U S economy of the 1950s and 1960s the strongest in the world *What Went Wrong* describes exactly what went wrong with the American economy how countries around the world have avoided these problems and what we need to do to get back on the right track
