Morning Routine Compare Returns:

Return to Casablanca André Levy, 2015-11-04 Moroccan born Israeli anthropologist Andre Levy here presents a deeply nuanced and highly readable study of the relations between Moroccan Jews and Muslims past and present Levy's return to his birthplace in Casablanca proceeds through several interrelated settings There is the first encounter of return fraught with fear and uncertainty when as an Israeli arriving with papers granted by a third nation to come back to a country that has both repelled him and encouraged his permanent return he finds his worries multiplied by the events of the Gulf War As if he were behind enemy lines he approaches everything with understandable trepidation only to discover directly what he had long known intellectually that Morocco continues to relate to its Jewish population with all the features of its historic ambivalence and ambiguity on full display As he moves through the different contexts and domains of his return he addresses these factors in ways both personal and analytic As the book progresses the reader is introduced to a variety of other contexts of the Moroccan Jewish experience From the card players and beach etiquette to the shared use of public baths and the visits by Muslims to Jewish ritual events the reader catches the sense of old patterns now approached with great wariness by a population that is much diminished both in size and in the daily experience of the dominant Muslim population Moroccan Voyage is an exceptional read and should be ideal for use in a variety of courses in anthropology Jewish studies and Middle East studies

Returning Gods Toby Keen, 2015-03-19 The first clash between the Qran and Huknatans may have passed but the war is far over Both systems scurry to rebuild their fleets terrified that their new foes may seize upon any advantage All the while there are those that would work tirelessly to undermine those in control Ranaks strength waxes as he sets his sights upon the emperors throne while the king of Huknata willingly remains ignorant of the trials his people are suffering content in his immutable role Faegre the child of a noble family gets conscripted to find the world isn't as comfortable as he once believed as he finds himself immersed in the darker side of human nature As he finds his new place in the desolate worlds innocents are starving and the solutions to food shortages are becoming bleak All the while the greatest threat that either system has ever faced inexorably marches toward a culmination that will pass beyond the borders of reality
