

Name _____

Reading Comprehension

Read the short passage and answer the questions.

Picking Apples

Jonas is going apple picking with his sister, Maria. They are going to the apple orchard near their house. They need to pick twelve apples. Their mom is going to use the apples to make a big apple pie. At the orchard, Jonas picked nine apples and Maria picked three. They had a great day together. Now they can't wait to enjoy their pie!

1. Where is Jonas going?

- ☐ a on a vacation
- ☐ b on a fishing trip
- ☐ c to school
- ☐ d to the apple orchard

2. Who is he going with?

- ☐ a mom
- ☐ b Maria
- ☐ c Joey
- ☐ d dad

3. How many apples do they need?

- ☐ a five
- ☐ b nine
- ☐ c twelve
- ☐ d ten

4. What will their mom do with the apples?

- ☐ a eat them
- ☐ b give them away
- ☐ c make a pie
- ☐ d make apple juice

Miriam Myers

Reading Comprehension How To Open Now:

Standards-Based Comprehension Strategies and Skills Guide Miriam Myers, 2006-07-26 This series ensures that students learn necessary reading skills by offering a variety of texts combined with targeted lessons to practice and reinforce comprehension and fluency The fiction and nonfiction passages prepare students for the type of reading found on most standardized tests

Reading Comprehension Camille Blachowicz, Donna Ogle, 2017-02-13 This practical resource and widely used text presents a wealth of research based approaches to comprehension instruction The authors offer specific classroom practices that help K 9 students compare and evaluate print and online sources develop vocabulary build study and test taking skills and become motivated readers

Theoretical Models and Processes of Literacy Donna E. Alvermann, Norman J. Unrau, Misty Sailors, Robert B. Ruddell, 2018-10-03 The Seventh Edition of this foundational text represents the most comprehensive source available for connecting multiple and diverse theories to literacy research broadly defined and features both cutting edge and classic contributions from top scholars Two decades into the 21st century the Seventh Edition finds itself at a crossroads and differs from its predecessors in three major ways the more encompassing term literacy replaces reading in the title to reflect sweeping changes in how readers and writers communicate in a digital era the focus is on conceptual essays rather than a mix of essays and research reports in earlier volumes and most notably contemporary literacy models and processes enhance and extend earlier theories of reading and writing Providing a tapestry of models and theories that have informed literacy research and instruction over the years this volume s strong historical grounding serves as a springboard from which new perspectives are presented The chapters in this volume have been selected to inspire the interrogation of literacy theory and to foster its further evolution This edition is a landmark volume in which dynamic dialogic and generative relations of power speak directly to the present generation of literacy theorists and researchers without losing the historical contexts that preceded them Some additional archival essays from previous editions are available on the book s eResource New to the Seventh Edition Features chapters on emerging and contemporary theories that connect directly to issues of power and contrasts new models against more established counterparts New chapters reflect sweeping changes in how readers and writers communicate in a digital era Slimmer volume is complemented by some chapters from previous editions available online

Developing Reading Comprehension Paula J. Clarke, Emma Truelove, Charles Hulme, Margaret J. Snowling, 2013-12-04 Developing Reading Comprehension In recent years the debate about teaching young children to read has tended to focus upon equipping them with the crucially important knowledge and skills they need to read words accurately in and out of context that is to say teaching them how the alphabet works for reading and spelling While such knowledge and skills are essential more is required for children to become literate fluent readers who understand what they read In short the goal of reading is comprehension This book scrupulously examines the obstacles to reading comprehension and exemplifies what can be done to help children overcome them It is an important and

timely contribution to securing high quality teaching of the range of attributes children need to become fully fledged readers Sir Jim Rose CBE The studies by Professors Charles Hulme and Maggie Snowling and their team over two decades based around the Reading Intervention Programme are the most sustained comprehensive and rigorous research series on reading yet conducted in the UK Their increasing focus on children who experience the most difficulty in reading is exactly where attention should be directed This volume summarises the team s achievements to date and is most eagerly awaited Greg Brooks Emeritus Professor of Education University of Sheffield Member of European High Level Group of Experts on Literacy Developing Reading Comprehension presents a landmark study from the top research team in the UK on how to improve reading comprehension It s an exemplary masters level textbook written with undergraduate level lucidity and approachability Colin Harrison Emeritus Professor of Literacy Studies in Education University of Nottingham A significant minority of children aged 7 11 despite being able to read fluently and accurately have difficulty extracting meaning from text This detailed guide offers three evidence based intervention programmes drawn from the cutting edge of educational psychology for improving the reading skills of children in this group It includes a definitive introduction to the characteristics of the poor comprehender profile and explains how to monitor and assess students experiences and learning outcomes With invaluable strategies for teachers psychologists and special educational needs coordinators the book will help professionals to support learners in their efforts to explore the full richness of language and to read with real understanding

Reading Comprehension, Grade 3, 2012-09-01 These nationally acclaimed titles ensure students academic success with teachers and parents The key to the Master Skills series is reinforcing skills through practice using a contemporary approach to learning fundamentals through real life applications The workbooks in this series are excellent tools to prepare young learners for proficiency testing and school success Answer keys included

vital that children understand what they are reading More importantly it is fundamental that they enjoy what they are reading so that they grow up to become lifelong readers The passages in the Brilliant Activities for Reading Comprehension series are designed to do just that They provide children with a variety of engaging enjoyable texts that will grab their attention and indeed their teacher s attention as well The types of comprehension passages range from newspaper articles and dialogues to plays stories and poems They gradually increase in difficulty as you progress through the book and through the series encouraging children to develop their ability to read for meaning and use a range of strategies to engage with the text Tasks range from simple factual recall and vocabulary work to more open ended questions enabling the reader to provide a more personal response The cross curricular activities provide a wealth of ideas for extending the passages further and are ideal for fast finishers

Comprehension First Claudia Cornett,2017-06-30 This book is about designing instruction that makes comprehension the priority in reading and in content area study The comprehension model described responds to calls from literacy experts and professional organizations for inquiry based instruction that prepares readers to be active meaning makers who are adept at both critical and creative thinking Comprehension First introduces a before during after Comprehension Problem Solving CPS process that helps readers ask key questions so they arrive at a substantial comprehension product big ideas based on themes and conclusions drawn from literary works and expository texts The book further describes how to orchestrate research based best practices to build lessons and units around big ideas and important questions In this age of multiple literacies all of us must learn to be more nimble users of Literacy 2 0 communication tools Mastering problem solving is at the core of this challenge Comprehension First embraces this challenge by inviting present and future teachers to examine WHY and HOW these tools can be used more purposefully to achieve the pre eminent literacy goal of deep comprehension

Any Child Can Read Better Harvey S. Wiener,1996-05-16 Reading however fundamental the task may seem to everyday life is a complex process that takes years to master Yet learning to read in the early stages is not an overwhelming problem for most children especially when their classroom learning is coupled with a nurturing home environment in which reading is cherished and pencil and paper are always available and fun to use In fact studies have shown that children score higher in reading if their parents support and encourage them at home Unfortunately though many parents want to involve themselves actively in their children s education very few know just what to do Now Dr Harvey S Wiener author of the classic Any Child Can Write provides an indispensable guide for parents who want to help their children enter the magic realm of words In Any Child Can Read Better Second Edition Dr Wiener offers practical advice on how to help children make their way through the maze of assignments and exercises related to classroom reading In this essential book parents learn how to be reading helpers without replacing or superseding the teacher by supporting a child s reading habits and sharing the pleasures of fiction poetry and prose Home learning parents also will find a wealth of information here Through comfortable conversation and enjoyable exercises that tap children s native abilities parents can help their child

practice the critical thinking and reading skills that guarantee success in the classroom and beyond For example Dr Wiener explains how exercises such as prereading warm ups like creating word maps a visual scheme that represents words and ideas as shapes and connects them will allow youngsters to create a visual format and context before they begin reading He shows how pictures from a birthday party can be used to create patterns of meaning by arranging them chronologically to allow the party s story to emerge or how they might be arranged by order of importance a picture of Beth standing at the door waiting for her friends to arrive could be displayed first Beth blowing out the birthday cake placed toward the middle of the arrangement and the pictures of Beth opening her gifts especially the skates she s been begging for all year would surely go toward the end of the sequence Dr Wiener shows how these activities and many others such as writing games categorizing toys or clothes or favorite foods and reading journals will help children draw meaning out of written material This second edition includes a new chapter describing the benefits of encouraging children to keep a journal of their personal reactions to books the value of writing in the books they own underlining writing in the margins and making a personal index and a variety of reading activities to help children interact with writers and their books Dr Wiener has also expanded and updated his fascinating discussion of recommended books for children of all ages complete with plot summaries Written in simple accessible prose Any Child Can Read Better offers sensible advice for busy parents concerned with their children s education

Reading Comprehension Camille L. Z. Blachowicz, Donna Ogle, 2008-05-05 This practical resource and widely used text presents a wealth of research based approaches to comprehension instruction The authors offer specific classroom practices that help K 9 students compare and evaluate print and online sources develop vocabulary build study and test taking skills and become motivated readers
