One Team on All Levels Tim Turner, 2011-09-07 Written by actual Toyota team members *One Team on All Levels* Stories from Toyota Team Members Second Edition is not another technical explanation of the Toyota Production System TPS Rather it illustrates the culture it creates The stories told by employees from various levels of the organization illustrate how Toyota's presence in Kentucky has transformed the professional and personal lives of those who worked for the company Demonstrates the culture created by the Toyota Production System Examines how the TPS principles and precepts serve as models for servant leadership Presents valuable insights from a wide range of Toyota team members from hourly to management level Shows how Toyota partnered with the city of Georgetown and its community Supplying a first hand look at the principles that have transformed Toyota into one of the leading manufacturers in the world the book includes chapters that address how this manufacturing giant was able to survive and improve in the midst of a down economy and recent recalls The real life stories supply an unprecedented look at how the Toyota precepts and the fourteen Toyota Way principles can help you improve morale avoid layoffs and create a culture of continuous improvement within your organization

Dominant Divisions of Labor: Models of Production That Have Transformed the World of Work T. Janoski, D. Lepadatu, 2013-11-27 The past century of labor was definitively captured by theories like Fordism and Taylorism or scientific management but how do we make sense of global production today This short book takes a panoramic view of the candidates for the most succinct theory of the 21st century division of labor including post Fordism flexible accumulation McDonaldization Waltonism Nikeification Gatesism and Siliconism shareholder value and lean production and Toyotism Authors Thomas Janoski and Darina Lepadatu argue that lean production in a somewhat expanded version presents three variations Toyotism the strongest form Nikeification a moderate form with off shored plants lacking teamwork and Waltonism the merchandising form that presses for off shoring While all three share strong elements of just in time JIT production and supply chain management they differ in how teamwork and long term philosophies are valued This critical review of dominant established theories serves to inform subsequent research on the contemporary international division of labor
