One Electorate Under God One Electorate Under God:

One Electorate under God? E. J. Dionne, Jean Bethke Elshtain, Kayla Meltzer Drogosz, 2004-06-14 The United States has been described as a nation with the soul of a church Religion is discussed more explicitly and more urgently in American politics than in the public debates of any other wealthy democracy It is certain to play an important role in the elections of 2004 Yet debates over religion and politics are often narrow and highly partisan although the questions at hand demand a broader and more civil discussion One Electorate under God widens the dialogue by bringing together in one volume some of the most influential voices in American intellectual and political life This book draws on a public debate between former New York governor Mario Cuomo and Indiana congressman Mark Souder who discuss how their respective faith convictions have been both shaped by and reflected in their careers as public servants This discussion in turn prompted commentary by a diverse group of scholars politicians journalists and religious leaders who are engaged simultaneously in the religious and policy realms Each contributor offers insights on how political leaders and religious convictions shape our politics One Electorate under God arises from the idea that public deliberation is more honest and more democratic when officials are open and reflective about the interactions between their religious convictions and their commitments in the secular realm This volume the first of its kind seeks to promote a greater understanding of American thinking about faith and public office in a pluralistic society Contributors include Joanna Adams Azizah Al Hibri Doug Bandow Michael Barone Gary Bauer Robert Bellah David Brooks Harvey Cox Michael Cromartie John DiIulio Jr Terry Eastland Robert Edgar Jean Bethke Elshtain Richard Wightman Fox William Galston Robert George Andrew Greeley John Green Anna Greenberg Susannah Heschel Representative Amo Houghton R New York Michael Kazin Martha Minow Stephen Monsma Mark Noll Rabbi David Novack *Was ist Fundamentalismus?* Thomas Meyer, 2011-07-15 Fundamentalismus ist eine der größten Herausforderungen der modernen Welt und zugleich einer der am häufigsten missbrauchten Begriffe Ein schillerndes Phänomen aber keine Schimäre Höchst real im Geist rücksichtsloser Kollektive die im Namen ihrer selbsterkorenen Gewissheiten unterwerfen und herrschen wollen nicht selten aber auch ein nach Belieben gehandhabtes Instrument zur vernichtenden Etikettierung missliebiger Ideen Das vorliegende Buch leistet grundlegende Beiträge zur Klärung der Sache und des Begriffs Thumpin' It Jacques Berlinerblau,

Die Verkäufer des "perfect life" Richard Ziegert, 2015 Hundert Jahre US Kulturmission haben das europäische Christentum und damit auch das Verständnis von Religion durch die Propaganda ihres Mythos vom perfekten Leben tiefgreifend verändert Der Autor schildert die Strategie und Taktik der kulturpolitischen Eroberung des religiösen Feldes in Deutschland mit vielen bis heute kaum bekannten Vorgängen Er erklärt die Konversion der EKD Kirchenwelt zum Markt und zum Geld die Sucht der Kirchenelite nach gesellschaftlicher Relevanz den Verlust ihres religiösen Bewusstseins die Banalisierung des Glaubens an Gott und die Gründe für das Komplizentum mit der politischen Klasse Er beschreibt die Selbstzerstörung der EKD Kirchen wie auch den Weg zum Wiederaufbau einer religiösen Kultur und Gegenkultur in der

bundesdeutschen Gesellschaft *American Religious Democracy* Bruce Ledewitz, 2007-03-30 The most significant public religious issue confronting America today is the relationship between Church and State Secular opinion holds that the rise of religion in the public square is a threat to our democracy that must be resisted American Religious Democracy argues that this position although understandable is misguided American political life after the 2004 Presidential election is best understood as a religious democracy though not of a fundamentalist variety This book explains the decline of secular democracy describes some of the legal political and religious implications of this new religious democracy and finally invites secular voters to participate in religious democracy The 2004 election clearly showed that a substantial number of voters in America now vote the way they do for what they consider to be religious reasons and that as a result of their voting government policy is changing to reflect their religious commitments The result has been the creation of a religious democracy However taking part in a religious democracy for Americans especially requires a new understanding of what religion means in a public and political sense Ledewitz takes a reasoned yet lively approach to the subject promoting a new understanding of what religious democracy is and how secularists can and should participate Looking at the Constitution the current nature of politics and religion and public attitudes toward capitalism the environment technology women's rights and international relations the author is able to construct a clearer picture of the religious and political landscape in America today

Darwin and the Bible Richard H. Robbins, Mark Nathan Cohen, 2015-10-05 For courses in evolution creationism or as a supplemental item in biology and or biological anthropology courses Darwin and the Bible helps readers to understand the nature history and passions behind the debate over scientific and religious versions of creation and human origins Darwin and the Bible The Cultural Confrontation is about the history and nature of the disputes over human origins that arose with the publication of Charles Darwin's book *Origin of Species* in 1859 The readings in the text provide the historical theological social and political backgrounds of the debate Rather than trying to demonstrate the truth of Darwinian evolution this book seeks to help the reader understand why the debate over Darwin and the Bible remains as contentious as ever The book seeks to examine why Darwin's theory of evolution appears threatening to some people and likewise to help understand why some scientists often react with such emotion to challenges to their views The contributors include biological scientists social scientists social historians and proponents of the importance of God faith and religion in people's lives

Getting Religion Kenneth L. Woodward, 2016-09-13 In this thoughtful book Ken Woodward offers us a memorable portrait of the past seven decades of American life and culture From Reinhold Niebuhr to Billy Graham from Abraham Heschel to the Dalai Lama from George W Bush to Hillary Clinton Woodward captures the personalities and charts the philosophical trends that have shaped the way we live now Jon Meacham author of *Destiny and Power* Impeccably researched thought challenging and leavened by wit *Getting Religion* the highly anticipated new book from Kenneth L Woodward is ideal perfect for readers looking to understand how religion came to be a contentious element in 21st century public life Here the award winning author blends

memoir especially of the postwar era with copious reporting and shrewd historical analysis to tell the story of how American religion culture and politics influenced each other in the second half of the 20th century There are few people writing today who could tell this important story with such authority and insight A scholar as well as one of the nation s most respected journalists Woodward served as Newsweek s religion editor for nearly forty years reporting from five continents and contributing over 700 articles including nearly 100 cover stories on a wide range of social issues ideas and movements Beginning with a bold reassessment of the Fifties Woodward s narrative weaves through Civil Rights era and the movements that followed in its wake the anti Vietnam movement Liberation theology in Latin America the rise of Evangelicalism and decline of mainline Protestantism women s liberation and Bible the turn to Asian spirituality the transformation of the family and emergence of religious cults and the embrace of righteous politics by both the Republican and Democratic Parties Along the way Woodward provides riveting portraits of many of the era s major figures preachers like Billy Graham and Jerry Falwell politicians Mario Cuomo and Hillary Clinton movement leaders Daniel Berrigan Abraham Joshua Heschel and Richard John Neuhaus influential thinkers ranging from Erik Erikson to Elizabeth Kubler Ross feminist theologians Rosemary Reuther and Elizabeth Schussler Fiorenza and est impresario Werner Erhardt plus the author s long time friend the Dalai Lama For readers interested in how religion economics family life and politics influence each other Woodward introduces fresh a fresh vocabulary of terms such as embedded religion movement religion and entrepreneurial religion to illuminate the interweaving of the secular and sacred in American public life This is one of those rare books that changes the way Americans think about belief behavior and belonging

British Foreign Policy and the Anglican Church Timothy Blewett, Adrian Hyde-Price, 2021-08-27 Whilst the views of leaders within the Church of England are frequently canvassed during periods of national crisis little attention has been devoted to finding out whether there are Church perspectives on contemporary foreign policy issues The Church of England has not been regarded as an actor with a strong input into international affairs preferring to speak out on domestic and individual issues Yet world politics present fundamental ethical dilemmas which call for careful deliberation and the Church has a role to play both in shaping the debate and arguing for particular policy directions To what extent is national policy shaped by underlying Christian values Do the campaigning efforts of faith groups really exert influence and guide the development of state policy This book seeks to elucidate whether there are particular Christian perspectives on the role that Great Britain should play in the world today It investigates the role that the Church of England has played in contemporary foreign policy issues including the use of force intervention counter terrorism and arms sales and overseas trade aid and debt forgiveness The book brings together senior individuals from within the Church academia and non governmental organisations to investigate these various ethical dilemmas

Commitment, Character, and Citizenship Hanan A. Alexander, Ayman K. Agbaria, 2012 As liberal democracies include increasingly diverse and multifaceted populations the longstanding debate about the role of the state in religious education

and the place of religion in public life seems imperative now more than ever The maintenance of religious schools and the planning of religious education curricula raise a profound challenge Too much state supervision can be conceived as interference in religious freedom and as a confinement of the right to cultural liberty Too little supervision can be seen as neglecting the development of the liberal values required to live and work in a democratic society and as abandoning those who within their communities wish to attain a more rigorous education for citizenship and democracy This book draws together leading educationalists philosophers theologians and social scientists to explore issues problems and tensions concerning religious education in a variety of international settings The contributors explore the possibilities and limitations of religious education in preparing citizens in multicultural and multi religious democratic societies

What Liberals Believe William Martin,2012-09-01 In a political and media environment dominated by conservative interests liberals need every opportunity to be heard without distortion and in their own words What Liberals Believe fulfills this need by bringing together the largest collection of progressive quotations ever published Compiled by William Martin from speeches publications books blogs and other sources it offers wisdom and humor from the keenest progressive minds both past and present including Anna Quindlen Frank Rich Michael Moore Oscar Wilde Bill Clinton Howard Dean Rosa Parks Barbara Ehrenreich and John F Kennedy This one of a kind book includes timely insightful quotations covering hundreds of critical issues and even presents a chapter entitled Callous and Clueless Quotes from the Right to remind readers just how nasty and thuggish right wing discourse has become A perfect resource for writers bloggers researchers activists speechwriters teachers and students What Liberals Believe will appeal to anyone who has grown weary of the extremism of the shameless right With a new updated section reflecting the 2012 presidential season this book contains everything you need to contextualize incumbent Barack Obama with what other liberals past and present believe What Liberals Believe is an excellent resource to have on hand during the upcoming election

The SAGE Handbook of Rhetorical Studies Andrea A. Lunsford,Kirt H. Wilson,Rosa A. Eberly,2009 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field

The Pretenses of Loyalty John Perry,2011-07-06 John Perry examines the roots of our thinking on religion and politics placing the early modern founders of liberalism in conversation with today s theologians and political philosophers

American Civilization David Mauk,Alf Tomas Tønnessen,John Oakland,2021-08-24 The eighth edition of the hugely successful American Civilization offers students the perfect background and introductory information on contemporary American life examining the central dimensions of American society from geography and the environment to government and politics religion education sports media and the arts Fully and comprehensively updated throughout with

regard to events processes attitudes and major figures in society culture and politics in the United States this new edition brings the book up to date through coverage of recent events including the 2020 US election and 2021 presidential inauguration revised chapters on geography women and minorities and the media that incorporate more information on such themes as environmental legislation the LGBTQ community social media and people all key themes in the study of American culture and society the introduction of topical studies that connect small case studies to apposite illustrations to highlight key subjects within the field and the inclusion of more discussion questions that require analysis and the use of evidence to substantiate argumentation to enable students to develop their own essay responses to typical questions that they may be asked Supported by exercises and suggestions for further reading at the end of each chapter a substantial chronology that covers key events in the history of the United States and a fully integrated companion website www.routledge.com/cw/mauk the textbook remains an essential introduction to American civilization culture and society for American Studies students

Politics and Communication in America Robert E. Denton, Jr., Jim A. Kuypers, 2007-11-12 Communication provides the basis of social cohesion issue discussion and legislative enactment core features of political activity and governing in the United States Denton and Kuypers experts in the field of political communication synthesize materials and sources from political science communication history journalism and sociology to demonstrate how communication intersects with these fields to formulate political beliefs attitudes and values Conventional categories of political activity campaigns activity in Congress the courts the mass media and the presidency structure the discussions Theoretical and applied concepts drawn from firsthand sources and classic historical works plus extensive use of contemporary examples enrich understanding Written in an engaging accessible style that is geared to an undergraduate audience the text ignites readers awareness that the essence of politics is talk or human interaction Such interaction is formal and informal verbal and nonverbal public and private but always persuasive in nature causing audiences to interpret to evaluate and to act *Islam and Democratization in Asia* , **Faith in the Public Realm** Adam Dinham, Robert Furbey, Vivien Lowndes, 2009-01-28 Faith and religion is a hot topic at the moment and this text explores key issues for faith and religious groups Understanding the role of faith in the policy world is of increasing importance and chapters are arranged around themes which helps students understand the concepts *The Christian Cross in American Public Life* John R. Vile, 2024-01-23 The cross is one of Christianity's most distinctive symbols increasingly cutting across Catholic Protestant and other denominational divides Although the US acknowledges no official religion a variety of both Christian and non Christian denominations have flourished Crosses dot the landscape sometimes towering over it and at other times simply marking a grave or the site of a traffic accident or providing a place for contemplation Courts continue to decide whether it is better to remove long standing crosses on public property to protect the separation of church and state or whether removing such symbols might be misinterpreted as expressing hostility towards religion Whether marking identity triumph love grief or sacrifice the cross remains important in American

life and continues to be the subject of works of art music literature and political religious and social rhetoric all of which this volume addresses in an accessible A to Z format The Practice of American Public Policymaking Selden Biggs, Lelia B. Helms, 2014-12-18 Designed for upper level and professional courses this text is a state of the art introduction to the public policymaking process that gives equal attention to issues of policy implementation and public governance It uses an innovative systems approach integrating the activities actors tools and techniques of policymaking to provide a comprehensive framework for policy design and analysis The book is practice oriented with a focus on the ways that policymakers at all levels employ the standard technologies of governance authority agency program rule contract and budget to design policy outputs and achieve policy outcomes Through extensive use of graphics the text makes concepts easy to grasp for a generation of students accustomed to the visual presentation of ideas Case studies illustrate the tools and techniques discussed and key terms questions for discussion and suggested readings round out each chapter **How the Republicans Stole Religion** Bill Press, 2010-02-17 For decades Press argues conservatives have defined religion so narrowly that Democrats and liberals have been pushed outside the fold According to their narrow gospel God put George W Bush in the White House to deal with gays guns and abortion and those who don t agree are on the sure road to hell How the Republicans Stole Religion is Press s fervent call for the left to reclaim religion and return it to its basic principles of social justice charity and tolerance How the Republicans Stole Christmas Bill Press, 2005-10-11 In the wake of an election seen by many as a triumphant victory for moral values political commentator and one time seminarian Bill Press launches a counteroffensive against the so called religious right For decades Press argues conservative preachers such as Jerry Falwell Pat Robertson and James Dobson joined by most Catholic bishops have defined religion so narrowly that Democrats and liberals have been pushed outside the fold According to their narrow gospel God put George Bush in the White House to deal with gays guns and abortion and those who don t agree are on the sure road to hell Bill Press says it s time to take religion back Who gave this gang the inside track on religion anyway The way I read the Gospels Jesus was as liberal as Paul Wellstone He sure as hell wouldn t have been a registered Republican One other thing s for sure if Jesus ever came back to earth there s one gang he wouldn t hang out with and that s this phony bunch of pious puffed up preachers who wear religion on their sleeves How the Republicans Stole Christmas is also Press s fervent call to Democrats and liberals to reclaim religion and return it to its basic principles of social justice charity and tolerance Press argues that the Right didn t just steal religion the Left let them have it offering no resistance as conservatives dictated what s right and what s wrong But on today s social issues according to Press religious conservatives have gotten it all wrong They have turned Jesus from a loving Messiah who championed the poor and dispossessed into a cold blooded advocate for the rich and powerful Press does not confine his criticisms to so called Christian leaders he uncovers the same wrong headed tendencies in other faiths and among nonbelievers who even today cling to the Old Testament as an appropriate code of behavior
