The Love of Thousands Christine Valters Paintner, 2023-08-18 Is it possible that angels saints and even our departed ancestors support and inspire us throughout our lives How can we connect with them in a real way Christine Valters Paintner popular spiritual writer and abbess of the online Abbey of the Arts says these sacred beings are paving the

way for our journey toward God's love even as we pass through a world rife with struggle, discord, and violence. In *The Love of Thousands*, she helps us open up our spiritual imagination to encounter our heavenly helpers, allowing us to become everyday mystics. Paintner describes saints, angels, and our ancestors as sacred beings who surround us like concentric circles, watching over us with compassion and offering us spiritual guidance throughout our lives. In *The Love of Thousands*, she guides us to see the ways these beings support us, from the care of our guardian angels to the wisdom of the mystics to the witness of our loved ones who have crossed the threshold to the light of God's presence. Paintner's gentle guidance reveals that we can be inspired and sustained when we are open and attentive in exploring our connections to these holy companions walking alongside us. Transformed by the encounter, we can grow into the kinds of ancestors, part of the Communion of Saints, who offer spiritual support and wisdom to others in turn. Throughout *The Love of Thousands*, we are led to explore and better understand the teachings from scripture and tradition about the four archangels, the protection offered by our guardian angels, and what it might look like to wrestle with angels as Jacob did in the Old Testament, the witness of the saints and mystics, with an exploration of how we are all called to be mystics, the tradition of relics, and the practice of pilgrimage, the presence of our ancestors, inviting us first to claim the blessings of our family heritage and then to embrace grief and explore healing the wounds of our lineage. Each chapter includes a reflection practice, meditation, and creative exercise that will help cultivate an ongoing relationship with angels, saints, and our ancestors. Paintner also suggests various ways to engage with this book to reflect more deeply on the spiritual content, such as reading it over the course of a year or with others as a form of spiritual pilgrimage.

European/Supra-European: Cultural Encounters in Nietzsche's Philosophy Marco Brusotti, Michael McNeal, Corinna Schubert, Herman Siemens, 2020-07-06 Nietzsche says good Europeans must not only cultivate a supra-national view but also a supra-European perspective to transcend their European biases and see beyond the horizon of Western culture. The volume takes up such conceptual frontier crossings and syntheses, emphasizing Nietzsche's genealogy of European culture and his reflections upon the constitution of Europe in the broadest sense. Its essays examine peoples and nations, values and arts, knowledge and religion. Nietzsche's apprehensions about the crises of nihilism and decadence and their implications for Europe's and humankind's future are investigated in this context. Concerning the crossing of notional frontiers, contributors examine Nietzsche's hoped-for dismantling of Europe's state borders, the overcoming of national prejudices and rivalries, and the propagation of a revitalizing supra-European perspective on the continent, its culture's and future. They also illuminate lines of syntheses, notably the syncretism of the ancient Greeks and its possible example for the European culture to be. Finally, certain of Europe's current problems are considered via the critical apparatus furnished by Nietzsche's philosophy and the diagnostic tools it provides.
