Liberty's Grid Amir Alexander, 2024-05-29 The surprising history behind a ubiquitous facet of the United States the gridded landscape Seen from an airplane much of the United States appears to be a gridded land of startling uniformity Perpendicular streets and rectangular fields all precisely measured and perfectly aligned turn both urban and rural America into a checkerboard landscape that stretches from horizon to horizon In evidence throughout the country but especially the West the pattern is a hallmark of American life One might consider it an administrative convenience an easy way to divide land and lay down streets but it is not The colossal grid carved into the North American continent argues historian and writer Amir Alexander is a plan redolent with philosophical and political meaning In 1784 Thomas Jefferson presented Congress with an audacious scheme to reshape the territory of the young United States All western lands he proposed would be inscribed with a single rectilinear grid transforming the natural landscape into a mathematical one Following Isaac Newton and John Locke he viewed mathematical space as a blank slate on which anything is possible and where new Americans acting freely could find liberty And if the real America with its diverse landscapes and rich human history did not match his vision then it must be made to match it From the halls of Congress to the open prairies and from the fight against George III to the Trail of Tears Liberty's Grid tells the story of the battle between grid makers and their opponents When Congress endorsed Jefferson's plan it set off a struggle over American space that has not subsided Transcendentalists urban reformers and conservationists saw the grid not as a place of possibility but as an artificial imposition that crushed the human spirit Today the ideas Jefferson associated with the grid still echo through political rhetoric about the country's founding and competing visions for the nation are visible from Manhattan avenues and Kansas pastures to Yosemite's cliffs and suburbia's cul de sacs An engrossing read Liberty's Grid offers a powerful look at the ideological conflict written on the landscape

Kahlil Joseph and the Audiovisual Atlantic Joe Jackson, 2024-07-11 It's wonderful to read a book that ranges across music cinema music video art and literature with such ease One of the beautiful things about this book is that it is really attentive to relationships and this is particularly clear when talking about Kahlil Joseph's creative mentors and comrades including Arthur Jafa and Terrence Malick Tsitsi Ella Jaji Helen S Bevington Associate Professor of Modern Poetry Associate Professor

of African American Studies Duke University USA Kahlil Joseph has collaborated with musicians FKA twigs Flying Lotus Sampha and Shabazz Palaces among many others He has directed numerous films music videos and advertisements across Africa America and Europe The award winning filmmaker's disruptive style which frequently merges visual representations of transcontinental experiences with the countercultural energies of Afrodiasporic music challenges the Eurocentric biases underpinning Western media At the same time his works generate various contradictions and tensions because they are themselves products situated within an economic framework of neoliberal capitalism at once offering alternative ways of being while simultaneously participating in and thereby sustaining the social structures that they otherwise seek to subvert and dismantle This is the first book length study of Kahlil Joseph's work Distinguishing the artist's personal and professional personas it traces Joseph's career trajectory and artistic output emphasizing how the director's construction of a multifaceted filmmaking persona operates in tandem with his artworks to challenge fixed unidimensional or stable notions of identity Through biographical study and deep examinations of the director's respective transmedia artworks this book draws from various discussions shaped by Paul Gilroy's ground breaking text *The Black Atlantic* 1993 By applying *The Black Atlantic's* disruptive audiocentric ideas to contemporary digital media forms generated by Kahlil Joseph and his peers alike this book challenges the latent Eurocentricity on which dominant theorizations of modernity as well as the overlapping fields of Film Media and Screen Studies are grounded In turn it offers an alternative framework for negotiating the paradoxes contradictions and transnational flows of our media saturated present namely the Audiovisual Atlantic This book has been selected as runner up for Best First Monograph 2025 by BAFTSS British Association of Film Television and Screen Studies

Nicole Kidman Pam Cook, 2019-07-25 Pam Cook's study of the star persona of Nicole Kidman traces Kidman's career trajectory through an examination of her sometimes controversial film choices and places her in the context of a globalised media and celebrity culture

Empowering Aesthetics Denisa Tomková, 2025-04-17 The artistic strategies explored in this book are essential tools in fostering emancipatory consciousness in marginalized communities *Empowering Aesthetics* weaves together case studies from the post socialist Central European region the Czech Republic Hungary Poland and Slovakia to show how art can provide critical support to gender sexual and racialized groups The empowering aesthetics

employed by the artists in this book are not only urgent and critical but also vitally personal each chapter building a clear understanding of what social equality looks like in these specific political and geographic contexts These practices are a response to the rise of nationalism homophobia transphobia and xenophobia in the region Engaging with contemporary philosophy and feminist queer and decolonial art theory Sara Ahmed Judith Butler Angela Dimitrakaki Boris Groys Jack Halberstam Grant Kester Ewa Majewska Paul B Preciado Legacy Russell Madina Tlostanova etc this book highlights a shift in the understanding of the artwork and aesthetic experience that is enduring rather than immediate drawing attention to a given community The projects discussed in this book are created with the artist and the wider community or family in mind and are created in intersubjective connection with others This volume highlights that empowering aesthetics perform an important function in challenging these narratives while contributing to building an inclusive collective memory that emancipates systematically marginalized individuals and communities

Creating Freedom Raoul Martinez,2016-09-29 We are far less free than we like to think In *Creating Freedom* Raoul Martinez exposes the mechanisms of control that pervade our lives and the myths on which they depend Exploring the lottery of our birth the coercive influence of concentrated wealth and the consent manufacturing realities of undemocratic power he shows that our faith in free media free markets free elections and free will is dangerously misplaced Written with empathy and imagination this scholarly fierce and profoundly hopeful manifesto makes a dazzling case for creating freedom on our own terms

The Outsider, Art and Humour Paul Clements,2020-05-07 This cross disciplinary book situated on the periphery of culture employs humour to better comprehend the arts the outsider and exclusion illuminating the ever changing social landscape the vagaries of taste and limits of political correctness Each chapter deals with specific themes and approaches from the construct of outsider and complexity of humour to Outsider Art and spaces using various theoretical and analytical methods Paul Clements draws on humour especially from visual arts and culture and to a lesser extent literature film music and performance as a tool of ridicule amongst other discourses employed by the powerful but also as a weapon to satirize them These ambiguous representations vary depending on context often assimilated then reinterpreted in a game of authenticity that is poignant in a world of facsimile and fake news The humour styles of a range of artists are highlighted to reveal the fluidity and diversity of meaning which challenges expectations and at its best offers resistance and crucially a voice for the marginal This book will be of particular interest to scholars in art history cultural studies fine art humour studies and visual culture

The Automobile

and American Life, 2d ed. John Heitmann, 2018-08-14 Now revised and updated this book tells the story of how the automobile transformed American life and how automotive design and technology have changed over time It details cars inception as a mechanical curiosity and later a plaything for the wealthy racing and the promotion of the industry Henry Ford and the advent of mass production market competition during the 1920s the development of roads and accompanying highway culture the effects of the Great Depression and World War II the automotive Golden Age of the 1950s oil crises and the turbulent 1970s the decline and then resurgence of the Big Three and how American car culture has been represented in film music and literature Updated notes and a select bibliography serve as valuable resources to those interested in automotive history
