One Less Car Bicycling And The Politics Of Automobility Sporting:

One Less Car Zachary Mooradian Furness, Zack Furness, 2010-03-12 The power of the bicycle to impact mobility technology urban space and everyday life

The Politics of Cycling Infrastructure Cox, Peter, Koglin, Till, 2021-07-14 This volume casts a critical gaze on current practices and on the wider relationship of bicycling to other forms of urban mobility especially within the context of sustainable and livable cities The book's international contributors provide an interdisciplinary critical analysis of policy and practice

Fahrradutopien Julia Bee, Ulrike Bergermann, Linda Keck, Sarah Sander, Herbert Schwaab, Markus Stauff, Franz Wagner, 2022-06-27 Das Fahrrad ist ein Medium sozialer Veränderung Seine vielfältigen utopischen Potenziale ergeben sich nicht zuletzt aus seinen ebenso vielfältigen und häufig bersehen medialen Qualitäten Es vermittelt es verbindet es bersetzt es modifiziert Wahrnehmung und Organisation von Raum und Zeit von Körpern und von Sozialität Umgekehrt kann auch das medienwissenschaftliche Denken fahrradmedial verändert werden Das Fahrrad ist nicht nur Medium des sozialen und kologischen Wandels Radfahren eröffnet Perspektiven verändert Räume Es entstehen neue Relationen und teilt Handlungsmacht neu auf Fahrradutopien denkt vom Fahrrad aus und ergreift dabei bestehende Ansätze zur Mobilitätsforschung um medienkulturwissenschaftliche Perspektiven Die Beiträge verbinden Medienwissenschaften und Forschungen zu Fahrradaktivismus mit der Liebe zum Radfahren Fokussiert werden Fahrradfilme und vlogs Verkehr und Infrastrukturen Virtuelle Realität und Fahrrad Fahrradkollektive und Fahrradfeminismus

Cycling Pathways Henk-Jan Dekker, 2025-10-01 In an effort to fight climate change many cities try to boost their cycling levels They often look towards the Dutch for guidance However historians have only begun to uncover how and why the Netherlands became the premier cycling country of the world Why were Dutch cyclists so successful in their fight for a place on the road Cycling Pathways The Politics and Governance of Dutch Cycling Infrastructure 1920-2020 explores the long political struggle that culminated in today's high cycling levels Delving into the archives it uncovers the important role of social movements and shows in detail how these interacted with national provincial and urban engineers and policymakers to govern the distribution of road space and construction of cycling infrastructure It discusses a wide range of topics ranging from activists to engineering committees from urban commuters to recreational cyclists and from the early 1900s to today in order to uncover the long and all but forgotten history of Dutch cycling governance

Zwei Reifen, eine Welt Jody Rosen, 2023-06-05 Ein Wunder von einem Buch über eine phänomenale Erfindung das Fahrrad Eine einzigartige Liebeserklärung an das Fahrrad Der Fahrradkurier und Journalist Jody Rosen erzählt mitreißend klug und charmant von Geschichte und Gegenwart eines genialen Fortbewegungsmittels das die Welt verändert hat Eigentlich müsste ein Fortbewegungsmittel aus dem 19. Jahrhundert in unserer Welt mit ihren Smartphones Ubers und selbstfahrenden Autos hoffnungslos veraltet sein Doch das Gegenteil ist der Fall Wir leben auf einem Fahrrad Planeten Das Fahrrad ist heute das meistgenutzte Transportmittel weltweit Jody Rosen erzählt kenntnisreich und mitreißend von aristokratischen Jungspunden auf Drahteseln von Frauen denen

das Fahrradfahren per Gesetz verboten wurde weil sie ihren M nnern davonfuhren von Fahrrad f riedh fen bis hin zu den BLM Protesten Eine unvergessliche Lekt re und ein einzigartiges Geschenk **Playing as if the World Mattered** Gabriel Kuhn,2015-06-01 The world of sports is often associated with commercialism corruption and reckless competition Liberals have objected to sport being used for political propaganda and leftists have decried its role in distracting the masses from the class struggle Yet since the beginning of organized sports athletes fans and officials have tried to administer and play it in ways that strengthen rather than hinder progressive social change From the workers sports movement in the early twentieth century to the civil rights struggle transforming sports in the 1960s to the current global network of grassroots sports clubs there has been a growing desire to include sports in the struggle for liberation and social justice It is a struggle that has produced larger than life figures like Muhammad Ali and iconic images such as the Black Power salute by Tommie Smith and John Carlos at the 1968 Mexico Olympics It is also a struggle that has seen sport fans in increasing number reclaiming the games they love from undemocratic associations greedy owners and corporate interests With the help of over a hundred full color illustrations from posters and leaflets to paintings and photographs **Playing as if the World Mattered** makes this history tangible Extensive lists of resources including publications films and websites will allow the reader to explore areas of interest further Being the first illustrated history of its kind **Playing as if the World Mattered** introduces an understanding of sports beyond chauvinistic jingoism corporate media chat rooms and multi billion dollar business deals **Routledge Companion to Cycling** Glen Norcliffe,Una Brogan,Peter Cox,Boyang Gao,Tony Hadland,Sheila Hanlon,Tim Jones,Nicholas Oddy,Luis Vivanco,2022-12-14 Routledge **Companion to Cycling** presents a comprehensive overview of an artefact that throughout the modern era has been a bellwether indicator of the major social economic and environmental trends that have permeated society The volume synthesizes a rapidly growing body of research on the bicycle its past and present uses its technological evolution its use in diverse geographical settings its aesthetics and its deployment in art and literature From its origins in early modern carriage technology in Germany it has generated what is now a vast multi disciplinary literature encompassing a wide range of issues in countries throughout the world **Driving toward Modernity** Jun Zhang,2019-10-15 In **Driving toward Modernity** Jun Zhang ethnographically explores the entanglement between the rise of the automotive regime and emergence of the middle class in South China Focusing on the Pearl River Delta one of the nation s wealthiest regions Zhang shows how private cars have shaped everyday middle class sociality solidarity and subjectivity and how the automotive regime has helped make the new middle classes of the PRC By carefully analyzing how physical and social mobility intertwines **Driving toward Modernity** paints a nuanced picture of modern Chinese life comprising the continuity and rupture as well as the structure and agency of China s great transformation **The Routledge Handbook of Anthropology and the City** Setha Low,2018-10-03 The **Routledge Handbook of Anthropology and the City** provides a comprehensive study of current and future urban issues on a global and local scale Premised on an engaged approach to

urban anthropology the volume adopts a thematic approach that covers a wide range of modern urban issues with a particular focus on those of high public interest Topics covered include security displacement social justice privatisation sustainability and preservation Offering valuable insight into how anthropologists investigate make sense of and then address a variety of urban issues each chapter covers key theoretical and methodological concerns alongside rich ethnographic case study material The volume is an essential reference for students and researchers in urban anthropology as well as of interest for those in related disciplines such as urban studies sociology and geography

The Cycling City Evan Friss, 2015-11-04

Cycling has experienced a renaissance in the United States as cities around the country promote the bicycle as an alternative means of transportation In the process debates about the nature of bicycles where they belong how they should be ridden how cities should or should not accommodate them have played out in the media on city streets and in city halls Very few people recognize however that these questions are more than a century old The Cycling City is a sharp history of the bicycle's rise and fall in the late nineteenth century In the 1890s American cities were home to more cyclists more cycling infrastructure more bicycle friendly legislation and a richer cycling culture than anywhere else in the world Evan Friss unearths the hidden history of the cycling city demonstrating that diverse groups of cyclists managed to remap cities with new roads paths and laws challenge social conventions and even dream up a new urban ideal inspired by the bicycle When cities were chaotic and filthy bicycle advocates imagined an improved landscape in which pollution was negligible transportation was silent and rapid leisure spaces were democratic and the divisions between city and country were blurred Friss argues that when the utopian vision of a cycling city faded by the turn of the century its death paved the way for today's car centric cities and ended the prospect of a true American cycling city ever being built

Cycling Activism Peter Cox, 2023-07-28

The first full length study of cycling activism through the lens of social movement theory this book demonstrates that despite tremendous differences bike activism can be understood as a continuous and connected activity spanning a century and a half and across continents With examples from street protest to institutional lobbying it emphasises cycling's current central importance to zero carbon transport futures while showing that cycling activism is also not always about the bike or the cyclist as successive generations of activists have used cycling to articulate different visions of freedom and autonomy Moving from a consideration of social movement theory as a means to understand cycling activism the author presents a series of case studies of collective action organisations networks and campaigns in order to illustrate and elaborate a theoretical model through which diverse campaigns and approaches to change can be understood As such Cycling Activism will appeal to those with interests in mobilisation for social change mobility and transport studies and social movement theory as well as cycling studies

Why Would Anyone Do That? Stephen C. Poulson, 2016-04-19

Triathlons such as the famously arduous Ironman Triathlon and extreme mountain biking hair raising events held over exceedingly dangerous terrain are prime examples of the new lifestyle sports that have grown in recent years from oddball pursuits

practiced by a handful of characters into multi million dollar industries In *Why Would Anyone Do That* sociologist Stephen C Poulson offers a fascinating exploration of these new and physically demanding sports shedding light on why some people find them so compelling Drawing on interviews with lifestyle sport competitors on his own experience as a participant on advertising for lifestyle sport equipment and on editorial content of adventure sport magazines Poulson addresses a wide range of issues He notes that these sports are often described as authentic challenges which help keep athletes sane given the demands they confront in their day to day lives But is it really beneficial to work so hard at play Is the discipline required to do these sports really an expression of freedom or do these sports actually impose extraordinary degrees of conformity upon these athletes *Why Would Anyone Do That* grapples with these questions and more generally with whether lifestyle sport should always be considered good for people Poulson also looks at what happens when a sport becomes a commodity even a sport that may have begun as a reaction against corporate and professional sport arguing that commodification inevitably plays a role in determining who plays and also how and why the sport is played It can even help provide the meaning that athletes assign to their participation in the sport Finally the book explores the intersections of race class and gender with respect to participation in lifestyle and endurance sports noting in particular that there is a near complete absence of people of color in most of these contests In addition Poulson examines how concepts of masculinity in triathlons have changed as women's roles in this sport increase

The Emergence of Bicycling and Automobility in Britain Craig Horner, 2021-01-28 In the late 19th century bicycling and motoring offered new ways for a hardy minority to travel Escaping from the tyranny of the train timetables these entrepreneurs were able to promote private mobility when the road technology and infrastructure were unequal to the task With a moribund network out of town poor roadside accommodation and few services how could road traction persist and ultimately thrive Drawing on a wealth of primary sources including magazines newspapers and advice books on stable management this book explores the emergence and development of bicycling and automobility in Britain with a focus on the racing driver cum entrepreneur SF Edge 1868 1940 and his network Craig Horner considers the motivations prejudices and cultures of those who promoted and consumed road traction providing new insights into social class leisure sport and tourism in Britain In addition he places early British bicycling and automobility in an international context providing fruitful comparisons with the movements in France Germany and the United States *The Emergence of Bicycling and Automobility in Britain* is an excellent resource for scholars and students interested in mobility studies social and cultural history and the history of technology

The NFL Thomas Oates, Zack Furness, 2015-02-19 The NFL is the first collection of critical essays to focus attention on the NFL as a cultural force The contributors and editors explore how the NFL is packaged for commercial consumption the league's influence on American identity and its relationship to state and cultural militarism to provide a fuller understanding of football's role in shaping contemporary sport media and everyday life back cover

Ball Don't Lie Santiago Colás, 2016-04-05 Pro basketball player Rasheed Wallace

often exclaimed the pragmatic truth Ball don't lie during a game It is a protest against a referee's bad calls But the slogan which originated in pickup games brings the reality of a racialized urban playground into mainstream American popular culture In *Ball Don't Lie* Yago Col's traces the various forms of power at work in the intersections between basketball and language from the game's invention to the present day He critiques existing popular myths concerning the history of basketball contextualizes them and presents an alternative history of the sport inspired by innovations Col's emphasizes the creative prerogative of players and the ways in which their innovations shape and are shaped by broader cultural and social phenomena *Ball Don't Lie* shows that basketball cannot be reduced to a single fixed or timeless essence but instead is a continually evolving exhibition of physical culture that flexibly adapts to and sparks changes in American society

A Dialectical Journey through Fashion and Philosophy Eun Jung Kang, 2020-01-01 This book takes an in-depth look at the integration of fashion and philosophy It challenges the deeply rooted prejudice or misconception that fashion is a field limited to body-oriented and appearance-related themes and practices It also reveals that fashion is intermeshed with distinctively modern issues that belong to the realm of the mind as well as the body In doing so it refashions philosophy and philosophizes fashion which ultimately amount to the same thing The book argues that while the philosophization of fashion can give a clearer understanding of some esoteric areas of philosophy and fashion's close connection to modern societies and politics it also shows that philosophy can assist in redeeming fashion from the objective bodily world positioning it as an indispensable part of the humanities This is because fashion manifests critical aspects of human culture in our time and is an expression of the zeitgeist which is interwoven with the unfolding of history This book will be highly relevant to students and researchers in fashion studies who are looking for the theoretical underpinnings and insights for their own work It will also be of keen interest to scholars in the field of philosophy who are seeking to apply philosophical concepts to both everyday life and our empirical world

Two Wheels Good Jody Rosen, 2022-08-04 SHORTLISTED FOR THE SUNDAY TIMES SPORTS BOOK AWARDS 2023 Full of delightful anecdotes and interviews and fascinating historical tales Mail on Sunday A panoramic portrait of the wonderful vehicle whose passenger is also its engine A toy a tool a liberator or complete nuisance the bicycle has been many things to many people over the decades yet it endures as the most popular form of transport in the world How has such a simple machine achieved so much Combining history travelogue and memoir Jody Rosen reshapes our understanding of this ubiquitous vehicle from its invention in 1817 to its present-day renaissance as a green machine Readers meet unforgettable characters women's suffragists who steered bikes to the barricades in the 1890s a Bhutanese king who races mountain bikes in the Himalayas astronauts who ride a floating bicycle in zero gravity By examining the bicycle's past and peering into its future *Two Wheels Good* forms a joyful ode to an engineering marvel of global importance Funny precise surprising Adam Gopnik Love for two-wheeled transport runs through every sentence Economist Wry rich deeply researched Patrick Radden Keefe

Body Factory Kaitlin Pericak, 2025-01-10 This book provides an ethnography of

an athletic training center in the athletics department of an NCAA Division I University in the United States The author argues that the organizational orientation towards profit leads staff to use social structures to promote control and surveillance over individual care or empowerment Routledge International Handbook of Green Criminology Nigel South, Avi Brisman, 2020-04-14 The Routledge International Handbook of Green Criminology was the first comprehensive and international anthology dedicated to green criminology It presented green criminology to an international audience described the state of the field offered a description of a range of environmental issues of regional and global importance and argued for continued criminological attention to environmental crimes and harms setting an agenda for further study In the six years since its publication the field has continued to grow and thrive This revised and expanded second edition of the Handbook reflects new methodological orientations new locations of study such as Asia Canada and South America and new responses to environmental harms While a number of the original chapters have been revised the second edition offers a range of fresh chapters covering new and emerging areas of study such as conservation criminology eco feminism environmental victimology fracking migration and eco rights and e waste This handbook continues to define and capture the field of green criminology and is essential reading for students and researchers engaged in green crime and environmental harm *The Routledge Companion to Mobile Media* Gerard Goggin, Larissa Hjorth, 2025-09-02 This second edition of the groundbreaking Routledge Companion to Mobile Media brings together newly commissioned essays and cutting edge research alongside updated essays from the original volume to create a definitive guide to mobile communication studies The collection which brings together original articles by a global roster of contributors from a variety of disciplines sets out to contextualise the increasingly convergent areas surrounding social geosocial and mobile media discourses Essays provide comprehensive and interdisciplinary models and approaches for analysing mobile media and draw upon a wide range of global case studies from China Africa Southeast Asia the Middle East and Latin America to Europe the UK and the US This new edition also covers the many changes in the field over the last decade from dating apps AI mobile phones travel games and digital transactions through drones blockchain microbilities virtual reality touch and haptic technology to the role of mobile media in health climate change mobiles and electrification digital migrant cultures arts creativity and politics and beyond This second edition remains an essential resource for upper level students researchers and scholars interested in mobile media research

One Less Car Bicycling And The Politics Of Automobility Sporting Introduction

In the digital age, access to information has become easier than ever before. The ability to download One Less Car Bicycling And The Politics Of Automobility Sporting has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download One Less Car Bicycling And The Politics Of Automobility Sporting has opened up a world of possibilities. Downloading One Less Car Bicycling And The Politics Of Automobility Sporting provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading One Less Car Bicycling And The Politics Of Automobility Sporting has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download One Less Car Bicycling And The Politics Of Automobility Sporting. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading One Less Car Bicycling And The Politics Of Automobility Sporting. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading One Less Car Bicycling And The Politics Of Automobility Sporting, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download One Less Car Bicycling And The Politics Of Automobility Sporting has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About One Less Car Bicycling And The Politics Of Automobility Sporting Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. One Less Car Bicycling And The Politics Of Automobility Sporting is one of the best book in our library for free trial. We provide copy of One Less Car Bicycling And The Politics Of Automobility Sporting in digital format, so the resources that you find are reliable. There are also many Ebooks of related with One Less Car Bicycling And The Politics Of Automobility Sporting. Where to download One Less Car Bicycling And The Politics Of Automobility Sporting online for free? Are you looking for One Less Car Bicycling And The Politics Of Automobility Sporting PDF? This is definitely going to save you time and cash in something you should think about.
