threatens the stability of the country By relating the compelling tales of real people across all areas of society he reveals the truth behind Middle class tax cuts and exactly whom they benefit How workers are being cheated out of their retirement plans while disgraced CEOs walk away with millions How some corporations avoid paying any federal income tax How a law meant to prevent cheating by the top 2 percent of Americans no longer affects most of them but has morphed into a stealth tax on single mothers making just 28 000 Why the working poor are seven times more likely to be audited by the IRS than everyone else How the IRS became so weak that even when it was handed complete banking records detailing massive cheating by 1 600 people it prosecuted only 4 percent of them Johnston has been breaking pieces of this story on the front page of The New York Times for seven years With *Perfectly Legal* he puts the whole shocking narrative together in a way that will stir up media attention and make readers angry about the state of our country *Atlas and dictionary bound together [containing The clear school atlas and The 'Graphic' clear type pronouncing dictionary of the English language]*.
