Comfort Zone Investing Ted Allrich, 2007-02-06 Investing doesn't have to be stressful. Read this book to help you make money and relax. You'll find what you need to know about the stock market: what moves it, what makes a great stock, and insider tips on how to invest. It's all in language you can understand with easy-to-follow directions so you can start building wealth today and sleep well tonight. Inside you'll find the secrets of investing professionals as well as the essentials of building a Core Portfolio that works for you in good times and bad. It's not about overnight success. It's about slowly and surely increasing your financial well-being with tested ideas that have proven themselves worthy of your money. In a few hours you'll learn more than most investors do in a lifetime. Ted Allrich spent more than thirty years on Wall Street, including ten as an investment adviser, and his knowledge will help you succeed. If you want to understand the stock market, invest without stress, and make sound investments, this book is for you.

One Up On Wall Street Peter Lynch, John Rothchild, 2000-04-03 THE NATIONAL BESTSELLING BOOK THAT EVERY INVESTOR SHOULD OWN. Peter Lynch is America's number one money manager. His mantra: Average investors can become experts in their own field and can pick winning stocks as effectively as Wall Street professionals by doing just a little research. Now in a new introduction written specifically for this edition of *One Up on Wall Street*, Lynch gives his take on the incredible rise of Internet stocks as well as a list of twenty winning companies of high tech '90s. That many of these winners are low tech supports his thesis that amateur investors can continue to reap exceptional rewards from mundane, easy-to-understand companies they encounter in their daily lives. Investment opportunities abound for the layperson, Lynch says. By simply observing business developments and taking notice of your immediate world from the mall to the workplace, you can discover potentially successful companies before professional analysts do. This jump on the experts is what produces tenbaggers: the stocks that appreciate tenfold or more and turn an average stock portfolio into a star performer. The former star manager of Fidelity's multibillion-dollar Magellan Fund, Lynch reveals how he achieved his spectacular record. Writing with John Rothchild, Lynch offers easy-to-follow directions for sorting out the long shots from the no shots by reviewing a company's financial statements and by identifying which numbers really count. He explains how to stalk tenbaggers and lays out the guidelines for investing in cyclical turnaround and fast-growing companies. Lynch promises that if you ignore the ups and downs of the market and the endless speculation about interest rates, in the long term, anywhere from five to fifteen years, your portfolio will reward you. This advice has proved to be timeless and has made *One Up on Wall Street* a number one bestseller. And now this classic is as valuable in the new millennium as ever.

Invest Like a Guru Charlie Tian, 2017-04-24 Adopt the investment strategy that built Warren Buffett's fortune. *Invest Like a Guru* provides an invaluable resource for high-quality, focused value investing with expert insight and practical tools for implementation.
