Fantasy Gunn has collected the most significant essays produced for the Easton series along with prefaces he wrote for reprints of his own novels Cited here are some of the most significant works of 19th and 20th century science fiction and fantasy such as *The Island of Dr Moreau* 1984 *Stranger in a Strange Land* *A Clockwork Orange* *Speaker for the Dead* *The Postman* *Do Androids Dream of Electric Sheep* *The Hitchhiker's Guide to the Universe* *The Dead Zone* *The Mists of Avalon* *Dragon's Eye* *Nine Princes in Amber* *Blue Mars* *The Last Unicorn* and *The Lord of the Rings* Drawing upon Gunn's lifetime of work in the field these introductions include analyses of the individual works and the fields in which they were written Gunn also briefly discusses each novel's significance in the science fiction canon Collected here for the first time these prefaces and introductions provide readers with insight into more than seventy novels making *Paratexts* a must read for science fiction and fantasy aficionados

The Novels of Charles Williams Thomas Howard, 2004-09-14 The fanciful novels of Charles Williams have long fascinated a rather elite reading public T S Eliot W H Auden and C S Lewis for example were among his great admirers But those books which include *The Place of the Lion* *Descent into Hell* and *All Hallows Eve* are also dense and perplexing and even the writer's fondest devotees have found the meanings of his fiction elusive Here at last is a clear and informed guide to the complexities and rich rewards of Charles Williams novels As Thomas Howard notes Williams tales might best be described as metaphysical thrillers in which Williams used occult machinery in much the same way that Conrad used exotic locales and Joyce used the subconscious to vivify human experience and awaken readers to its range and possibilities One tale might feature a chase for the Holy Grail across Hertfordshire fields while in another the picture may switch with no apology at all from a policeman at a crossroad to the Byzantine Emperor As Howard lucidly demonstrates the controlling factor behind Williams work is an essentially Christian worldview in which heaven and hell seem to lurk under every bush and the constant theme is order versus disintegration Concentrating on Williams novels Howard brilliantly illuminates the major concerns that informed all of Williams thinking Howard also considers Williams work in the context of modern fictional practice and assesses its place in the tradition of the English language novel

Poetics of Love in the Arabic Novel Wen-chin Ouyang, 2012-06-20 Considers the Arabic novel within the triangle of the nation state modernity and tradition Wen Chin Ouyang explores the development of the Arabic novel especially the ways in it engages with aesthetics ethics and politics in a cross cultural context and from a transnational perspective Taking love and desire as the central tropes the story of the Arabic novel is presented as a series of failed illegitimate love affairs all tainted by its suspicion of the legitimacy of the nation modernity and tradition and above all by its misgiving about its own propriety

The Rise of the Novel, Updated Edition Ian Watt, 2001-06 A classic description of the interworkings of social conditions changing attitudes and literary practices during the period when the novel emerged as the dominant literary form of the individualist era

Narrating Friendship and the British Novel, 1760-1830 Katrin Berndt, 2016-10-14 Friendship has always been a universal category of human relationships and an influential motif in literature but it is rarely discussed as a theme in its own

right In her study of how friendship gives direction and shape to new ideas and novel strategies of plot character formation and style in the British novel from the 1760s to the 1830s Katrin Berndt argues that friendship functions as a literary expression of philosophical values in a genre that explores the psychology and the interactions of the individual in modern society In the literary historical period in which the novel became established as a modern genre friend characters were omnipresent reflecting enlightenment philosophy s definition of friendship as a bond that civilized public and private interactions and was considered essential for the attainment of happiness Berndt s analyses of genre defining novels by Frances Brooke Mary Shelley Sarah Scott Helen Maria Williams Charlotte Lennox Walter Scott Jane Austen and Maria Edgeworth show that the significance of friendship and the increasing variety of novelistic forms and topics represent an overlooked dynamic in the novel s literary history Contributing to our understanding of the complex interplay of philosophical socio cultural and literary discourses that shaped British fiction in the later Hanoverian decades Berndt s book demonstrates that novels have conceived the modern individual not in opposition to but in interaction with society continuing Enlightenment debates about how to share the lives and the experiences of others

The Twentieth-Century Spanish American Novel Raymond Leslie Williams, 2009-07-21

A Choice Magazine Outstanding Academic Book Spanish American novels of the Boom period 1962 1967 attracted a world readership to Latin American literature but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century Indeed the desire to be modern is a constant preoccupation in twentieth century Spanish American literature and thus a very useful lens through which to view the century s novels In this pathfinding study Raymond L Williams offers the first complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century Using the desire to be modern as his organizing

principle he divides the century's novels into five periods and discusses the differing forms that the modern took in each era. For each period Williams begins with a broad overview of many novels, literary contexts, and some cultural debates, followed by new readings of both canonical and significant non-canonical novels. A special feature of this book is its emphasis on women writers and other previously ignored and/or marginalized authors, including experimental and gay writers. Williams also clarifies the legacy of the Boom, the Postboom, and the Postmodern as he introduces new writers and new novelistic trends of the 1990s.
