Ishtar Louise M. Pryke, 2017-07-14 Ishtar is the first book dedicated to providing an accessible analysis of the mythology and image of this complex goddess The polarity of her nature is reflected in her role as goddess of sexual love and war and has made her difficult to characterise in modern scholarship By exploring this complexity Ishtar offers insight into Mesopotamian culture and thought and elucidates a goddess who transcended the limits of gender divinity and nature It gives an accessible introduction to the Near Eastern pantheon while also opening a pathway for comparison with the later Near Eastern and Mediterranean deities who followed her *The Age of Agade* Benjamin Read Foster, 2016 The rise and fall of the Akkadian Empire The land and people of Akkad Akkadian centers and settlements Works and days Industries and

Thompson, Leila Zakhirova, 2021-07-04 Environmental factors in the Middle East and North Africa MENA have played a crucial role in the historical and social development of the region The book delves into a broad set of historical literature from the past 15 000 years that neglected to consider environmental factors to their full effect Beyond the broad historic analysis the chapters derive conclusions for today s debate on whether climate change leads to more social conflict and violence Introducing a theoretical framework focused on adaptive cycling this book probes and refines the role of climate in ancient and modern political economic systems in the MENA region It also underscores just how bad the 21st century environment may become thanks to global warming While the MENA region may not survive the latest onslaught of deteriorating climate there is also some interest in how a region that once led the world in introducing all sorts of innovations thousands of years ago has evolved into a contemporary setting characterized by traditional conservatism poverty and incessant strife Emphasizing regional dynamics the book s central question deals with the role of climate change in the rise and decline of the MENA region The book will be a key resource to students and readers interested in global warming including academics and policymakers *Mesopotamia* ,1974 *Daily Life in Ancient Mesopotamia* Karen Rhea Nemet-Nejat, 2002-12-01 A lively and engaging description of the everyday lives of ordinary people who lived in Ancient Mesopotamia **Civilization's Beginning in Ancient Mesopotamia -Children's Ancient History Books** Baby Professor, 2017-02-15 Show your kids a glimpse of the great Mesopotamia in the ancient times with this history book Attempting to make history as interesting as possible to younger generation this book contains creative illustrations of Mesopotamia s early civilizations Make your kids realize that there s so much treasure in history and that they should appreciate every single one Get this book right here *Mesopotamia* Gwendolyn Leick, 2003-06-24 Situated in an area roughly corresponding to present day Iraq Mesopotamia is one of the great ancient civilizations though it is still relatively unknown Yet over 7 000 years ago in Mesopotamia the very first cities were created This is the first book to reveal how life was lived in ten Mesopotamian cities from Eridu the Mesopotamian Eden to that potent symbol of decadence Babylon the first true metropolis multicultural multi ethnic the last centre of a dying civilization *Mesopotamia* Clemens Reichel, 2013

Sumer Charles River Charles River Editors,2018-03-26 Includes pictures Includes ancient accounts Includes online resources and a bibliography for further reading When American archaeologists discovered a collection of cuneiform tablets in Iraq in the late 19th century they were confronted with a language and a people who were at the time only scarcely known to even the most knowledgeable scholars of ancient Mesopotamia the Sumerians The exploits and achievements of other Mesopotamian peoples such as the Assyrians and Babylonians were already known to a large segment of the population through the Old Testament and the nascent field of Near Eastern studies had unraveled the enigma of the Akkadian language that was widely used throughout the region in ancient times but the discovery of the Sumerian tablets brought to light the existence of the Sumerian culture which was the oldest of all the Mesopotamian cultures Although the Sumerians continue to get second or even third billing compared to the Babylonians and Assyrians perhaps because they never built an empire as great as the Assyrians or established a city as enduring and great as Babylon they were the people who provided the template of civilization that all later Mesopotamians built upon The Sumerians are credited with being the first people to invent writing libraries cities and schools in Mesopotamia Ziskind 1972 34 and many would argue that they were the first people to create and do those things anywhere in world For a people so great it is unfortunate that their accomplishments and contributions not only to Mesopotamian civilization but to civilization in general largely go unnoticed by the majority of the public Perhaps the Sumerians were victims of their own success they gradually entered the historical record established a fine civilization and then slowly

submerged into the cultural patchwork of their surroundings They also never suffered a great and sudden collapse like other peoples of the ancient Near East such as the Hittites Assyrians and Neo Babylonians did A close examination of Sumerian culture and chronology reveals that the Sumerians set the cultural tone in Mesopotamia for several centuries in the realms of politics governments arts literature and religion Even today the world owes the Sumerians a tremendous amount When Western Europe was still in the Stone Age it was the Sumerians who invented writing and the wheel divided time into minutes and seconds tamed nature and built gigantic cities They embraced culture and the arts and their caravans crossed the desert opening up the first trade routes Their myths and legends inspired various origin stories and their memory lives on in the Old Testament They wrote the history of the birth of mankind The heritage of the Sumerian civilization and their successors is everywhere Sumer The History of the Cities and Culture that Established Ancient Mesopotamia s First Civilization chronicles the most important people places and events that took place across Sumer Along with pictures of important people places and events you will learn about Sumer like never before Ancient Mesopotamia Jane McIntosh, Mesopotamia Jane Shuter,2005-10-21 Explores the history of the Sumerians of Mesopotamia through archaeological discoveries **Ancient Mesopotamia** Don Nardo,2020-08 Navigator RL 3 5 IL 4 7 Back cover *Handbook to Life in Ancient Mesopotamia* Stephen Bertman,2023
