Handbook of Research on Sustainable Tourism and Hotel Operations in Global Hypercompetition Sezerel, Hakan, Christiansen, Bryan, 2022-10-07 To compete effectively today and remain sustainable over the long term business organizations must create flexible means of generating competitive advantage given the hypercompetitive nature of the global marketplace in all industries including tourism The COVID 19 pandemic has exacerbated the situation thus requiring the tourism industry to reassess itself and realign operations with global and local realities The Handbook of Research on Sustainable Tourism and Hotel Operations in Global Hypercompetition examines various aspects of the hospitality recreation and tourism industries It contributes empirical research theoretical development and current best practices to the field Covering topics such as sustainable medical tourism technology acceptance model and cultural tourism this major reference work is an essential resource for community leaders business executives and managers government officials librarians students and faculty of higher education researchers and academicians

Tourism, Territory and Sustainable Development João Romão, 2018-05-09 Welfare rise spatial mobility and global information and communication channels in particular social media have prompted the emergence of a specific booming and rapidly growing mobility industry all over the world namely tourism The tourist sector including recreation and leisure activities has turned into a complex contemporaneous socio economic and geographic phenomenon with a multiplicity of travel motives e g entertainment culture relaxed life style wellness nature etc and with a wide variety of impacts e g urban and regional economic effects crowding phenomena environmental decay etc Time has now come to offer a synthesis of the analytical apparatus in tourism research with particular attention for system wide socio economic and environmental dimensions of this important global industry Tourism has in the past been a largely neglected field in regional science research And therefore it is laudable that João Romão has taken the decision to compose a systematically designed and well crafted monograph on the socio economic environmental and spatial dimensions of modern tourism It offers a wealth of analytical insights and quantitative research tools for advanced tourism studies It also fills an important gap in the current regional science literature Peter Nijkamp Tinbergen Institute Amsterdam

Environmental Online Communication Arno Scharl, 2013-03-09 This book brings together high quality articles exploring the design implementation management funding promotion and evaluation of networked information systems that advocate sustainability and the protection of natural ecosystems Case studies of deployed and planned information systems complement theoretical work on the methodological technological and organizational foundations of environmental online communication

Sustainable Tourism:

Breakthroughs in Research and Practice Management Association, Information Resources, 2018-12-07 Many countries rely on cultural sites and destinations to support their economies. However, they are faced with the ongoing challenge of sustaining tourist attractions and maintaining the equilibrium between the local community and tourist populations. *Sustainable Tourism Breakthroughs in Research and Practice* features current research that takes an in-depth look at cooperative strategies and governance for conserving and promoting tourism within both developed and developing economies. Highlighting a range of topics such as tourism development, environmental protection, and responsible hospitality, this publication is an ideal reference source for entrepreneurs, business managers, economists, business professionals, policymakers, academicians, researchers, and graduate-level students interested in the latest research on sustainable tourism. *Airline Products, Travel Marketing, and Tourism Economics* Kamlesh Rawal, 2025-02-20 Explore the intricate dynamics of the travel industry with our comprehensive guide *Airline Products, Travel Marketing, and Tourism Economics*. This book offers a holistic view of the challenges and opportunities shaping the global travel landscape, covering a wide range of topics from marketing strategies to economic principles and airline product innovations. Dive into the fascinating world of travel marketing, where we discuss digital strategies, branding techniques, customer engagement, and the transformative role of technology. Unravel the economic impact of tourism, demand forecasting, pricing strategies, sustainability initiatives, and the interconnectedness of tourism with local economies and communities. Our book also offers insights into the ever-evolving airline products and services, including revenue management strategies, ancillary services, loyalty programs, sustainability in aviation, and future trends. Real-world case studies and practical applications provide actionable insights for industry professionals, academics, students, and travel enthusiasts. With a blend of theoretical knowledge, industry expertise, and practical guidance, *Airline Products, Travel Marketing, and Tourism Economics* is an essential resource for understanding the multifaceted aspects of the travel business, fostering innovation, and navigating the complexities of a dynamic and competitive global market. **Positioning and Branding Tourism Destinations for Global Competitiveness** Hashim, Rahmat, Mohd Hanafiah, Mohd Hafiz, Jamaluddin, Mohd Raziff, 2019-01-18 Market positioning and branding has evolved from a peripheral process in the marketing effort to a critical process in any strategic planning initiative. Effective positioning will result in a strong brand that develops an emotional and productive two-way relationship. *Positioning and Branding Tourism Destinations for Global Competitiveness* focuses on utilizing destination branding and content marketing for sustainable growth and competitive advantage within the tourism and hospitality industry, including tools and techniques for travel branding and best practices for better tourism management strategies. Featuring coverage on a broad range of topics such as hospitality brand loyalty and knowledge transfer, this book is ideally designed for industry professionals, including those within the hotel, leisure, transportation, theme park, and food service sectors, policymakers, practitioners, researchers, and students. *Handbook of Research on Sustainability Challenges in the Wine Industry* Marco-Lajara, Bartolomé, Gilinsky, Armand, Martínez-Falcó,

International Environmental

Economics Günther G. Schulze, Heinrich W. Ursprung, 2001 Environmental economics has traditionally been conducted in a closed economy mode Most textbooks on the subject still reflect this restriction international aspects of environmental problems are often not covered at all or dealt with as an afterthought In a world in which many environmental pollutants spill over national borders and national economies have become increasingly integrated this state of affairs is clearly unsatisfactory rational environmental policies undertaken in a globalizing world need to take the international economic and environmental relationships into consideration This perception has given rise to much literature employing an open economy approach to analysing environmental problems and policies After a decade of intensive research the time has come to take stock of the state of the art knowledge It is the objective of this volume to provide a review which will be of interest to scholars and graduate students of economics and political science who wish to familiarize themselves with the main issues and actors in the field of international environmental economics This collection of non technical issue oriented and comprehensive surveys is written by leading specialists in international and environmental economics *Tourism*

Destination Development Markus Pillmayer, Marion Karl, Marcus Hansen, 2024-07-22 Although destination management is regarded as the supreme discipline in tourism management little attention is paid to destination development especially from a geographical perspective This book analyses destination development and proposes key strategies for a positive destination development in the future in regard to sustainability accessibility and economic prosperity International scholars from a range of disciplines explore current issues in destination development and propose solutions that can help policy makers prepare for future challenges This book includes case studies from all around the globe to illustrate the diversity of destination development This book thus offers students colleagues from the scientific community as well as practitioners and political decision makers numerous suggestions considerations and decision making aids with regard to destination development **Climate Change and Tourism** World Tourism Organization, United Nations Environment Programme, 2008

This publication contains the key proceedings and technical report of the Second International Conference on Climate Change and Tourism held in Davos Switzerland 1 3 October 2007 The Davos Declaration and the summary of the conference debates demonstrate a clear commitment of the tourism sector to address climate change issues and provide concrete recommendations for actions The extensive technical report included in this publication was commissioned to an international team of experts by the World Tourism Organization UNWTO the United Nations Environment Programme UNEP and the World Meteorological Organization WMO It provides a synthesis of the state of knowledge about current and future likely impacts of climate change on tourism destinations around the world possible implications for tourist demand current levels and trends in GHG emissions from the tourism sector and an overview of policy and management responses adopted by the key stakeholder groups international organizations public administrations the tourism industry with respect to adaptation to and mitigation of climate change This publication is principally aimed at the tourism industry and

government organizations at the different levels who will have the primary responsibility of developing mitigation and adaptation strategies to respond to the challenges that global climate change will bring to the tourism sector It also constitutes an important tool for international agencies nongovernmental organizations NGOs and financial institutions

Sustainable Tourism on a Finite Planet Megan Epler Wood, 2017-02-28 This book helps all those involved in international tourism develop the new skills tools and investments required to protect irreplaceable global resources from the impacts of escalating tourism demand over the next 50 years It documents how technology and the growing global middle class are driving a travel revolution which requires a new paradigm in managing tourism destinations Travel and tourism supply chains and business models for hotels tour operators cruise lines airlines and airports are analysed and environmental management techniques are proposed for each sector A pragmatic set of solutions are offered to support the transition to lower impact tourism development worldwide It recommends that decision makers assess the current and future value of natural social and cultural capital to guide investment in destinations and protect vital resources Case studies illustrate why budgets to protect local destinations are consistently underestimated and offer guidance on new metrics Innovative approaches are proposed to support the transition to green infrastructure protect incomparable landscapes and engage local people in the monitoring of vital indicators to protect local resources It provides students professionals and policy makers with far reaching recommendations for new educational programs professional expertise financing and legal frameworks to lower tourism's rapidly escalating carbon impacts and protect the health and well being of local populations ecosystems cultures and monuments worldwide
