Online Book Genocide Torture Terrorism International Humanitarian:

Einführung in das Völkerrecht Stephan Hobe, 2020-05-15 Das bewährte Standardwerk beschreibt leicht verständlich und umfassend die Neuentwicklungen des Völkerrechts im Zeitalter der Globalisierung. Es thematisiert zahlreiche aktuelle Problemfelder wie etwa den virtuellen Raum, die Frage nach dem Zugang zu Rohstoffen und den Umgang mit kolonial erbeuteten Kulturgütern. Zudem hat ein eigenständiges Unterkapitel zum Entwicklungsvölkerrecht Eingang in das Werk gefunden. Neben der durchgehenden Aktualisierung wurden unter anderem die Kapitel über das Recht der internationalen Wirtschaftsordnung, die Menschenrechte, das Völkerstrafrecht oder auch das Umweltvölkerrecht besonders bearbeitet. Großer Wert wurde auf Benutzerfreundlichkeit durch zahlreiche übersichtlichen Querverweise und Literaturhinweise gelegt. Der Berprfung des erworbenen Wissens dienen online zur Verfügung stehende Wiederholungen und Verständnisfragen, die auf die relevanten Stellen des Lehrbuchs verweisen. Auch eine umfangreiche Liste mit vertiefender Literatur zu den einzelnen Kapiteln ist online einsehbar. Ein hervorragendes Lehrbuch, welches sich primär an eine im Studium befindliche Leserschaft richtet. Aufgrund seines durchdachten didaktischen Stils kann es auch Nicht-Juristen, die sich mit dem Völkerrecht befassen, haben empfohlen werden. HuV Humanit res Völkerrecht

The Courts of Genocide Nicholas Jones, 2009-09-10 The Courts of Genocide focuses on the judicial response to the genocide in Rwanda in order to address the search for justice following mass atrocities. The central concern of the book is how the politics of justice can get in the way of its administration. Considering both the ICTR (International Criminal Tribunal for Rwanda) and all of the politics surrounding its work and the Rwandan approach to the Gacaca courts and the national judiciary and the politics that surround it, The Courts of Genocide addresses the relationship between these three courts which whilst oriented by similar concerns stand in stark opposition to each other. In this respect the book addresses a series of questions including: What aspects of the Rwandan genocide itself played a role in directing the judicial response that has been adopted? On what basis did the government of Rwanda decide to address the genocide in a legalistic manner? Around what goals has each judicial response been organized? What are the specific procedures and processes of this response? And finally, what challenges does its multifaceted character create for those involved in its operation, well as for Rwandan society? Addressing conceptual issues of restorative and retributive justice, liberal legalism and cosmopolitan law, The Courts of Genocide constitutes a substantially grounded reflection upon the problem of doing justice after genocide.

Counterterrorism Ronald Crelinsten, 2013-04-17 Terrorism has emerged as one of the most problematic issues facing national governments and the international community in the 21st century. But how is it possible to counter terrorism in a world in which governance is still dominated by the nation state? Are we seeing new forms of terrorist activity in the wake of 9/11? Are pre-9/11 approaches still valid? How can we combat and control diverse threats of multiple origin? Who should be responsible for countering terrorism and in what circumstances? In this incisive new book

Ronald Crelinsten seeks to provide answers to these pressing questions challenging readers to think beyond disciplinary and jurisdictional boundaries He presents an up to date and comprehensive introduction to the difficulties and obstacles related to countering terrorism in democratic societies The counterterrorism framework that he develops in this book reflects the complex world in which we live The different approaches to counterterrorism provide the organizing theme of the book and help the reader to understand and to appreciate the full range of options available The book includes a host of contemporary examples and further readings compares and contrasts pre and post 9 11 approaches critically evaluates the post 9 11 war on terror moves beyond a purely state centric focus to include non state actors and institutions combines hard and soft power approaches considers prevention preparedness response and recovery Counterterrorism will be an indispensable guide for students researchers practitioners and general readers wanting to broaden their knowledge of the possibilities and limitations of counterterrorism today

A Practice of Ethics for Global Politics Jack L. Amoureux, 2015-10-05 What kind of ethics in world politics is possible if there is no foundation for moral knowledge or global reality is at least complex and contingent Furthermore how can an ethics grapple with difference a persistent and confounding feature for global politics This book responds to the call for a bold and creative approach to ethics that avoids assuming or aspiring to universality and instead prioritizes difference complexity and uncertainty by turning to reflexivity not as method or methodology but as a practice of ethics for politics This practice ethical reflexivity offers individuals organizations and communities tools to recognize interrogate and potentially change the stories they tell about politics about constraints notions of responsibility and visions of desirability The benefits and limits of ethical reflexivity are investigated by the author who engages writing on critique rhetoric affect and relationality and carefully considers dominant and alternative framings of difficult issues in International Relations IR the 1994 genocide in Rwanda and the US policies of enhanced interrogation and drone strikes This path breaking study provokes new possibilities for agency and action and contributes to a growing literature in IR on reflexivity by uniquely elaborating its promise as an ethics for politics and by drawing on thinkers less utilized in discussions of reflexivity such as Hannah Arendt Michel Foucault and Aristotle This book will appeal to scholars and upper level graduates in several sub fields of IR including international global ethics IR theory global governance international organizations non governmental organizations foreign policy analysis and US foreign policy

, 2006 Genealogies of Terrorism Verena Erlenbusch-Anderson, 2018-07-31 What is terrorism What ought we to do about it And why is it wrong We think we have clear answers to these questions But acts of violence like U S drone strikes that indiscriminately kill civilians and mass shootings that become terrorist attacks when suspects are identified as Muslim

suggest that definitions of terrorism are always contested In *Genealogies of Terrorism* Verena Erlenbusch Anderson rejects attempts to define what terrorism is in favor of a historico philosophical investigation into the conditions under which uses of this contested term become meaningful The result is a powerful critique of the power relations that shape how we understand and theorize political violence Tracing discourses and practices of terrorism from the French Revolution to late imperial Russia colonized Algeria and the post 9 11 United States Erlenbusch Anderson examines what we do when we name something terrorism She offers an important corrective to attempts to develop universal definitions that assure semantic consistency and provide normative certainty showing that terrorism means many different things and serves a wide range of political purposes In the tradition of Michel Foucault's genealogies Erlenbusch Anderson excavates the history of conceptual and practical uses of terrorism and maps the historically contingent political and material conditions that shape their emergence She analyzes the power relations that make different modes of understanding terrorism possible and reveals their complicity in justifying the exercise of sovereign power in the name of defending the nation class or humanity against the terrorist enemy Offering an engaged critique of terrorism and the mechanisms of social and political exclusion that it enables *Genealogies of Terrorism* is an empirically grounded and philosophically rigorous critical history with important political implications *Making Sense of World Conflicts* Cathy Midwinter, 2005 *Index to Legal Periodicals & Books*, 2005

Genocide, Torture, and Terrorism Thomas W. Simon, 2016-04-29 We are understandably reluctant to rank moral atrocities What is worse genocide or terrorism In this book Thomas W Simon argues that politicians use this to manipulate our sense of injustice by exaggerating terrorism and minimizing torture He advocates for an international criminal code that encourages humanitarian intervention *Yearbook of International Organizations 2014-2015 (Volume 4)* Union Of International Associations, Union of International Associations, 2014-09-17 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Providing both an international organizations and research bibliography Volume 4 cites over 46 000 publications and information resources supplied by international organizations and provides nearly 18 000 research citations under 40 subject headings This volume also includes a research bibliography on international organizations and transnational associations *The CQ Researcher Bound Volume 2004* Kenneth Jost, David Masci, Brian Hansen, Mary H Cooper, 2008-11-17 CQ Researcher is a collection of articles on current issues All articles include background information statistics a chronology of significant events related to the topic and pro con viewpoints **The Writers Directory 2008** Michelle Kazensky, 2007-06 Features bibliographical biographical and contact information for living authors worldwide who
