Metamorphosen des Weltchristentums Christine Lienemann-Perrin, 2023-09-06 Im Verlauf des 20. Jahrhunderts hat das Christentum tiefgreifende Veränderungen erfahren. Aus einer Religion mit strukturellen, geistlichen und missionarischen Zentren in Europa und Nordamerika ist eine Weltreligion mit neuen Formen christlichen Lebens sowie regionalen Zentren im globalen Süden und in Asien entstanden. In den verschiedenen Teilen der Welt haben unterschiedliche Faktoren diesen Wandel verstärkt: Bevölkerungsdruck und Wachstum, Säkularisierung und Desäkularisierung, Dekolonisation, Migrationsbewegungen. Mit einem neuen polyzentrischen Ansatz zeichnet Christine Lienemann-Perrin die Konturen des Weltchristentums nach. Das leitende Erkenntnisinteresse gilt den Metamorphosen der heutigen Weltchristenheit und den Konsequenzen, die sich daraus für den christlichen Glauben und die theologische Reflexion im kumenischen Kontext ergeben.

Reading the Bible across Contexts Esa J. Autero, 2016-06-10 In *Reading the Bible Across Contexts* Esa Autero offers a fresh perspective on Luke's poverty texts. In addition to an historical reading, he conducted an empirical investigation of two Latin American Bible reading groups, one poor and the other affluent, to shed light on Luke's poverty texts. The interaction between historical reading and present-day readings demonstrates the impact of socio-economic status on biblical hermeneutics and sheds new light on Luke's views on wealth and poverty. At the same time, Esa Autero critically examines liberation theologians' claim that the poor are privileged biblical interpreters.

Abuse in World Religions Johanna Stiebert, 2025-07-31 This book draws attention to the texts, mechanisms, strategies, and initiatives that address and combat sexual and spiritual abuse in five world religions. It goes beyond identifying, describing, or characterising spiritual abuse in multiple religious traditions and rape culture settings; instead, it describes what is being done in diverse religious communities and settings to confront, address, resist, and heal from spiritual abuse. Just as none of the world religions are free from spiritual abuse, all have developed ways to detoxify, prevent, eliminate, and bring healing and justice in the face of its existence. Solution-focused activities range from analysis of sacred texts to discussion forums, creation of self-representational visual and creative expressions, digital and other forms of activism, and protest, specialist training courses, support groups, and survivor-led initiatives. The book will appeal to academics of religious studies with interest in rape culture and spiritual abuse, as well as upper-level undergraduates and postgraduates, and also religious leaders or leaders of faith-based organisations seeking to understand and to confront spiritual abuse and rape culture in their own communities.

Faith, Class, and Labor Jin Young Choi, Joerg Rieger, 2020-12-16 Despite the fact that 99 percent of us work for a living and although work shapes us, the core class and labor are topics that are underrepresented in the work of scholars of religion, theology, and the Bible. With this volume, an international group of scholars and activists from nine different countries is bringing issues of religion, class, and labor back into conversation. Historians and theologians investigate how new images of God and the world emerge and what difference they can make. Biblical critics develop new takes on ancient texts that lead to the reversal of readings that

had been seemingly stable settled and taken for granted Activists and organizers identify neglected sources of power and energy returning in new force and point to transformations happening Asking how labor and religion mutually shape each other and how the agency of working people operates in their lives the contributors also employ intersectional approaches that engage race gender sexuality and colonialism This volume presents transdisciplinary transtextual transactional transnational and transgressive work in progress much needed in our time

Daily home Bible readings A comprehensive resource with everything you need for a full year of lessons **At the Intersection of Hermeneutics and Homiletics** Yung Suk Kim, 2025-04-18 While hermeneutics involves comprehensive study of the biblical text whether through historical or literary or reader focused approaches homiletics is concerned with a selected theme message and on the composition and delivery of sermonic discourse aimed at a particular audience But the border between hermeneutics and homiletics is blurry because both disciplines require readers to engage the biblical text from their own contexts This collection deals with the intersection of hermeneutics and homiletics by exploring two revelatory texts one from the Hebrew Bible and the other from the New Testament the book of Ruth and Matthew 15 21 28 a Canaanite woman s encounter with Jesus Both reflect agonizing issues that readers must tackle im migration family community identity agency race ethnicity gender class culture economy and religion A diverse group of scholars brings their transgressive perspectives to the above texts Unfolding new areas of interest inquiry and insight they will transgress authoritative readings of biblical texts fashion hermeneutic horizons in dialogue with the text and forge homiletic trajectories toward contemporary audiences Without limiting interpretation to a box this volume looks to register bold voices to perennial issues in our day Homiletic transformation occurs through the relentless resistant reading of the text and through reimagining our world **Acts of Reading** Thomas Page Anderson, Ryan Netzley, 2010 Acts of Reading examines how John Foxe s Actes and Monuments shaped reading and interpretive practice in the early modern period and addresses the impact of recent electronic editions of Foxe s text on current reading practice and scholarship The collection draws on history of the book scholarship to make a plea for the centrality of Foxe to any discussion of Renaissance literary history These essays also productively attend to the relationship between the materiality of books and the conceptual assumptions that govern our engagement with them The anthology s focus on digital editions of Foxe s Book of Martyrs allows it to explore the often conflicted relationship between modern technologies of book production and reception and the early modern texts transmitted via these technologies More broadly Acts of Reading explores how books and our encounters with them through different media turn us into who we are Thomas Anderson is an Assistant Professor of English at Mississippi State University Ryzn Netzley is an Assistant Professor of English at Southern Illinois University *The International Who's Who of Women* 2002 Elizabeth Sleeman, 2001 Over 5 500 detailed biographies of the most eminent talented and distinguished women in the world today **Library Times International** ,1987 *Choice* ,2007 [Forthcoming Books](#) Rose Arny, 2002-02 **Bible Review** ,1998 **World Christian Trends Ad30-ad2200 (hb)** ,2001 **Take Back the Word** Robert Goss, Mona West, 2000 Perhaps the most revolutionary contribution of this volume is in its presentation of new and resistant practices of reading the Bible that challenge some of the prevailing authorized patterns of reading that allow the Bible to clobber oppressed people If lesbians gay men bisexuals transgender and seeking people are to take back this word for themselves
